17. Our Light Bodies – Our Spiritual Form!

HUMAN ENERGY FIELD (HEF)

Each level penetrates through the body and extends outward from the skin. Each successive level is of a 'higher frequency' or a 'higher octave'. Each extends out from the skin several inches farther than the one within it of lower frequency.

PASCAS ARK

Level 26 of the Auric field is the Core Star.

The Core Star is a further quantum leap deeper into who we are than the haric level and is related to our divine essence. Each star is the internal source of life within.

In this inner place, we are the centre of the universe.

Here is localised the divine individuality within each of us.

20. Evolutionary Future

- 4,000 BC (BCE) humanity evolved with a carbon based DNA of 2 strands enabling a consciousness limit of 1,000 based on the Map of Consciousness.

- 2,000 AD (CE) humanity is further evolving with a crystalline DNA of 12 strands enabling a consciousness limit maybe of 12,500 MoC.
