LIVING in a SANCTUARY

James Moncrief

Thursday, 18 November 2021

My thoughts based on how I imagine I'd like it to be.

Aim of a Sanctuary

To provide a place where people can live who are intent on Healing themselves of their involvement in the Spiritual Rebellion.

For people who understand what is involved in the Spiritual Healing (Feeling-Healing; or Soul-Healing, with the Divine Love) process. People who want to live true to themselves through their feelings by relinquishing the control of their mind. People who no longer want to be rebellious by living untrue to themselves, and who want to awaken first to the whole truth of their wrongness (evilness), and once living true to the truth of their participation in the Rebellion, being transformed out of it by God through their soul, therefore experiencing being 'Born Anew'. They achieving a Celestial level of truth, being fully 'redeemed' and no longer apart of the Rebellion or Default – are fully Healed and happily living true to themselves feeling fully loved and being fully loving.

A Spiritual and Healing Sanctuary is also for those people who understand the principles of 'Having to do their Spiritual Healing' however are not as yet wanting to embrace it. It is for people who are of the Old Way, that of the Rebellion and Default, and wanting to live the New Way, healed of it.

Everyone involved is to understand that the Sanctuary exists for spiritual reasons, that being for people to live together who are intent on growing or evolving their soul in Truth. And so everything everyone does is based around and focused on the support given to those people intent on doing their Healing, those people who are actively wanting to grow in Truth. (Understanding that through one's repressed childhood feelings, to grow in truth one first has to grow in the truth of understanding how rebellious one is: how one has been fucked up by their parents, how fucked up one is, and consequences of living against the Truth and Love, and how one might have fucked up one's children – the whole truth of one's negative state. And only once the Truth of how unloving and untrue one is, is fully embraced, accepted and lived, then one can move into the positive, uncovering through their feelings the truth of how true and loving one will be.)

So a Sanctuary exists for people to grow in Truth by doing their Spiritual Healing; then once Healed, to continue growing in Truth through love.

If people are not wanting to grow in Truth and do their Healing, then it will be just like any other mind-contrived ‘alternative’ community of the Old Way.

Life within a Sanctuary.

Truth

The Sanctuary primarily exists to afford people experiences so they can grow in Truth. It is a place to help people ‘Begin their Ascension of Truth to Paradise’.

Spiritual Healing

Everyone coming into the Sanctuary being of the Old Way, will understand and accept they are living within the Spiritual Rebellion and Planetary Default, and it will take time for them to do their Healing and become fully of the New Way – a Celestial level of Truth.

Being of the Rebellion means we’re rebelling against our true selves. Our parents stopped us from freely expressing all our feelings as we were growing up. All those unexpressed feelings remain within our soul waiting to be expressed. And because of stopping us from being true to ourselves, we took on their unloving ways, joining them in being untrue to ourselves. So we grow up maintaining our rebellion against the truth of how we really feel, which because of not being allowed to express all our bad feelings when our parents and the world made us feel bad, means really we all should feel very bad having been unlovingly treated this way. However as part of our rebellion, we keep stopping ourselves from feel these bad feelings, using our mind to do all the things we do so as to pretend or delude ourselves that we feel good and loved. Some people might feel more loved by their parents, having had a better and more freely expressive relationship with them, and so being more free to express all their good and bad feelings, however still there will be elements of them that they are covering up as their part of being rebellious.

Our Spiritual Healing (Feeling-Healing; or Feeling-Healing with the Divine Love – called Soul-Healing) is about wanting to become fully aware of and connected with all the repressed aspects of ourselves. All of us that is untrue. It is about wanting to bring out – express – all our repressed childhood feelings; identifying and pushing past the blocks; breaking down our mind control that is stopping us from fully embracing and accepting all such buried bad feelings, all so we can become true to how we really are – how we really felt when we were growing up.

And when you are completely true to all your bad feelings, fully aware, accepting and connected with them; when you have brought out all your hidden and repressed pain, then you will be free of the Rebellion and Default, then you’ll be of true and perfect Natural love, just as you would have been had you not been so heavily interfered with as a child.

So people of the Sanctuary are to understand that most people will be feeling bad a lot of the time, and such bad feelings are to be encouraged so they can be expressed and the truth of them longed for. So people are to be allowed to feel as bad as they do without interference, without anyone trying to stop them, and with themselves trying to stop themselves from feeling them.

Once one is of perfect Natural love, free of all their repressed bad feelings and fully aware of the truth of how their unloving rebellious state was, the Divine Love is then free to transform their soul into becoming divine, this being the inner soul-transformation Jesus reveals in the Padgett Messages. One can long for the Divine Love anytime, so right from the beginning of one's Healing, and even before one starts it, however it's full transforming effects won't become apparent until one has perfected one's Natural love state – finished one's Healing. It is this divine transformation of one's soul that moves us finally out of the Mansion World level of existence into that of a divine Celestial state of truth.

Experience

Experience is fundamental to growing in truth. The Sanctuary is to provide a maximum of experience. Living true to one's feelings is the only way to maximise experience. We've all been forced to live using our minds often at the expense of our feelings, so our world has become slowly more 'boring', more predictable, more controlled, less creative, less experience, less free for everyone to express themselves as determined and moved by their feelings. The more feelings you express, the more experience you will have; and the more experience you live, by longing for and wanting to grow in the truth of such experience, then the more of Truth you will become.

A Sanctuary is to allow people to express themselves as much as they can. First, to allow and even encourage people to express all their feelings, including and very importantly, all their bad ones. Freedom of speech is to be encouraged, not limited and controlled as we currently live.

And naturally as people are free to express themselves, all facets of creative endeavour will help add yet more experience. And the more experience the more feelings are felt, and the more feelings means potentially they will give rise to more truth.

It is also to understand that within each person's soul is the Plan or blueprint of their life. If we can live true to ourselves by living true to our feelings, then we will be naturally moved to do all we need to do so as to have all the perfect experiences we need that will give rise to all the Truth our soul (we) are to grow in. It will all happen naturally and without the need of making things happen by having to use your mind.

SOUL PLAN

Personal interaction, speaking and being with each other, doing things together, helps give rise to having fulfilling experiences, particularly once one is Healed. Whilst one is trapped within their negative and rebellious state, one is rebelling against oneself, so denying one's self-expression and having the fullness of one's experience. Living untrue to yourself means you are not expressing yourself properly and are thereby limiting your experiences. And more you limit your experiences, the less truth you can win from them through your feelings.

BLUEPRINT OF LIFE

Life is meant to be one long natural expression of yourself, with more of your personality being expressed into being as you grow in truth from your experiences. Our soul wants to 'bring us into Creation' and if we allow ourselves to freely express and feel all we do, all will happen naturally as God wants it to.

**BE FEELINGS
EXPRESSIVE!**

Government

It is to be understood that the TRUTH sets the rules. As people grow in truth, they will naturally work out for themselves personally how they want to live, which truths they are to live by, the truth coming up naturally within themselves. We are to all be self-governing, by living true to the truth in our soul.

God has put within all of our souls the right way we are to live and express ourselves, that way having been heavily distorted and blocked because of our growing up in an untrue and rebellious world. Governments of the world rule through untruth, having to use the mind to work out the rules. People living true to themselves will use their mind in conjunction with their feelings to work out how they personally want to live based on their truth, which will then affect how the whole Sanctuary lives. Feelings give rise to the Truth, all with the mind in support. The mind is the follower, and is not meant to be the leader. The Truth leads through feeling expression with the mind in full support. When one is living true, one

is living true to one's own will, which will also be true to God's Will.

FEELINGS GIVE RISE TO THE TRUTH

Naturally those people further along in their Healing, and those who have completed it, will be living higher truths than those people just starting out or not growing in truth at all. So it will be for people of higher advanced truth to 'oversee' those of lesser truth. Certain guidelines might need to be introduced from time to time, however with the overall understanding is that God knows best, the Truth will show the way, and to always keep trying to minimalise any mind based control.

The 'Elders' of a Sanctuary might therefore not necessarily be the older people, it is conceivable that many older people might not actually want to do their Healing, preferring to wait until they are in spirit, so are of a minimal level of truth. And some young people who are well advanced in their Healing, will be of a higher level of truth. Of course with age comes some level of wisdom, which would naturally happen if all of the community were living true, however someone of an advanced age and not doing their Healing might be very fixed and limited in their mind-controlling ways.

As to whether an actual 'Governing Board' will need to be established will no doubt be determined by the requirements of the people living together. Difficulties are to be expected because people will be on differing levels of truth, some people doing or having done their Healing, others yet to begin, so with people still bound up firmly in their rebellious ways (the Old Ways), and people wanting to come out it into the New Way.

The NEW WAY The NEW WAY

There are broad defined levels of Truth. The most obvious are seen in the Mansion World structure. Simply, the lowest level, equivalent to Mansion World 1, will consist of people not doing their Healing and being introduced to the notion of it. World 3 (inclusive of World 2) equivalent, will be those who are starting out having committed to doing the Healing. World 5 (inclusive of World 4) level of truth will be reflected by people moving deeper into the 'guts' of their Healing, deep into their pain and trauma. World 7 (inclusive of World 6) will be expressed by people feeling that the bulk of their deeply repressed emotions and feelings from childhood will have been brought out, as they move deeper into their awareness of all how wrong they are, and why; connecting and being true to their negative state, and fully seeing how they express their unlovingness in the world, all as they move to fully be their untrue and evil selves. We have to become fully true to it before we

become free of it. We are to BE our rebelliousness fully aware and connected with it, knowing the whole truth of ourselves being untrue, all as you are expressing yourself in your daily relationships. So in all you do and say, you are aware of all how wrong you are – you are true to being the rebellious you that you are. Then once one is living the full truth of one’s rebelliousness, one is living true, and so becomes fully Healed and free of the Rebellion, being of perfect Natural love; or, if having longed for and received the Divine Love into one’s soul, having the Love transform one into a level of Celestial Truth, thereby effectively leaving the Mansion Worlds, on their way to continue growing in love and truth to Paradise.

When you are living ‘your level of truth’ you will be able to relate to all other people on your level. Ideally, therefore, the Sanctuary is to become of Celestial Truth, meaning everyone has finished their Healing. And so all children are conceived into the Celestial level of Truth, being parented by their Celestial parents. The Sanctuary would then be completely self-governing based around Celestial levels of Truth.

However it’s to understand, this is

a long term goal, and in the meantime the Sanctuary will afford many varied life experiences

because of the closeness of everyone interacting on differing levels of Truth.

It is to be understood that EVERYONE who is apart of the Sanctuary community is a VITAL part of the whole. Should anyone therefore disrupt the whole, then such measures taken to apply punishment or discipline need to be worked out along the lines of truth – from everyone’s feelings, including the person causing the problem. The more it can all be ‘talked through’ the better for all concerned. The idea being, the Sanctuary community is one Big Family. However it also needs to be kept in mind, that everyone who is living in it and hasn’t completed their Healing will have grown up in a heavily mind controlled environment, with all their mind controlling beliefs and behaviours still rigidly in place. So the more everyone involved can openly talk about their actions, the sooner understanding will come to light, and knowing how to deal with any problems will come to light.

It is also to be kept in mind that the Sanctuary is not about living by adhering to any spiritual or religious rules or commandments, those ‘made by God’ or anyone else. The more such mind controlling ways can be removed, even to the point of anarchy, the better, as that will only cause yet more feelings to be felt, more experiences to be had, more of everyone expressing themselves, all giving rise to yet more truth, individually and collectively. The way of life is to constantly evolve, and if people live wanting to grow in Truth being their main focus, then it’s to be expected that things will constantly be changing. So to try and ‘fix something in place’, to ‘lock it down’, will only limit such natural truth-based evolution.

LAW OF COMPENSATION

It is also to be understood that possibly some time in the future from the writing of this, the Law of Compensation may be introduced to the world by the Divine Minister. This would mean that anyone transgressing the Laws of Will, which means, anyone who uses their will to overpower another’s will, will have to suffer at the hands of the Law by feeling all the pain their have caused in the other person who’s will they have infringed against. If such will infringement is severe, compensation, feeling all the pain caused in the other, will be lived as doing ‘hell time’, a time of great pain, like living in hell, to make amends for the pain caused. Should the Law of Compensation be functional on the Earth plane, then it will be the ‘Law’ keeping most people on the ‘right side of the fence’. People will want to be nicer and kinder, more supportive and loving of each other, even if still within a rebellious mind controlling way, all so as to avoid the severe effects of the Law.

LAWS OF TRUTH

The Law of Compensation is designed to help one do one's Healing, it together with the Law of Forgiveness, support the Laws of Truth. One's Spiritual Healing will satisfy all such Laws.

LAW OF FORGIVENESS

The 'earthing' of the Law of Compensation is required as a step in humanity's spiritual evolution on Earth, to bring it into alignment with the Mansion Worlds in which it's already functional. So 'bad' people will be able to do their Hell-Time on Earth rather than having to wait until they die and move into the First Mansion World, there to move into the Hell Planes and Sectors to satisfy the requirements of the Law.

It is important to note that should the Law of Compensation be readily applied to Earth, then it will affect everyone on the world, so all those people in the Sanctuaries and those not and who are still wanting to live advancing their rebellious condition. So this means, the Sanctuaries, those people of the New Way, will have nothing to fear from those people of the Old Way, such as them wanting to take over and destroy the good within a Sanctuary, because should they demonstrate any such aggressiveness by starting to impose their will over those in the Sanctuary, they will immediately start to feel very bad because of the Law of Compensation, and so bad they will stop all such unloving nastiness.

Without the Law of Compensation present and judging by how the world has been going, those of the Old Way would still persist in fighting, war and everything else destructive of themselves and nature, and so would end up destroying those of a Sanctuary who would be against such things. So to protect those people of a Sanctuary who are living to sincerely advance their souls in truth by doing their Healing, one might say the Law of Compensation is a necessity to ensure peace on Earth.

Money/trading (interacting with other Sanctuaries and those of the Old Way)

There is to be no money used within the Sanctuary, as there will be no need for it. Such things of the Old Evil and Rebellious Way as wanting to increase one's wealth, wanting to own personal land and things of value, will not be needed and rejected by the Sanctuary. No one will own land as the land is of the Earth, with everyone being free to live upon it as they choose. People striving to live true and heal themselves of their Old Ways will feel they no longer want such things, being happy to live communally, with everyone as equal as

everyone else. The Feudal and slave systems of life will no longer be needed. There will not even be any need for barter because everyone will share and have what they need. People will willingly help provide for each other, just as it is in the Mansion Worlds where there is no need for money and wealth accumulation. People work because they want to create for themselves and other people. People will do whatever they feel they want to do, and overall everyone contributes to the whole. More along what communism was trying to achieve, yet all based around maximising experience and feelings so people can keep growing in truth. It is conceivable barter or trade might be desirable with communities of the Old Way, and so as such Old Way systems would more than likely still be based on money, so some way of earning money for the Sanctuary might have to be employed.

MONEY FREE COMMUNITY

If you look at the Australian Aborigine as a basis from which to work from, and even possibly in some ways to strive to emulate, everything is done for the tribe (Sanctuary), and by living sustainably and from the Earth, there is no need for money. Everything is based around interaction with each other, the youngest to the oldest all being fully involved lovingly in each other's lives. Few personal possessions might be kept and used, but really having less 'things' is better with the time and focus being employed on being together, interacting, working with all feelings as the truth is constantly longed for.

Most of the mind amusement we currently live with, the need to be constantly entertained by the Internet, video games, movies, TV will no longer be needed. All the creative arts together with growing and hunting food, making clothes, maintaining one's living area and the Sanctuary as a whole, will more than likely occupy everyone's time. Even if people sat around all day long in groups, pairs or individually and doing only the bare minimal amount of work in order to survive, whilst they expressed all their sadness, misery, fear, anger, hurt and pain – all their bad feelings, and as they longed for the truth of such feelings, then that is living a full life, because doing one's Healing is the most important part of it.

We do everything possible to avoid our Feelings!

We embrace the controlling natures of our mind to fill our day with activities that avoid our inherent truth to rise through our feelings and then having to express them and seek the truth behind them. We submit to imprisonment within our minds and willingly allow our life to roll on in a retarded and aimless manner that we can continue in earnest even when we transition into the spirit mind Mansion Worlds. Everything we may do is to avoid meaningful communication with another person and to distract ourselves from allowing our feelings to bring forth the vibrant and incredible true personality that we are that has been suppressed throughout our early forming years, from conception through to six years of age. Eventually our soul will say enough is enough and we will be confronted with a crash to open ourselves to our feelings and heal our Rebellion.

Trying to ‘advance’ society or humanity through such means as technology, which we’ve all been currently conditioned to understand is a good thing and the future of humanity, is only to be done based on the truth that comes from one’s feelings as people do their Healing. There is no way anyone can possibly know how they or a community of people will live who are only intent on doing their Healing, let alone how they all might live together as Celestials on Earth once they have finished their Healing. It might even be that the Mother and Father have it in mind for humanity to advance technologically being of a Celestial truth, or it might be that people of such a true and perfect level of truth feel they want to live very simply and as close to Nature as possible, living with as little disturbance to the natural world as possible. Some people might want to live as the Aborigines of the world lived, what would be seen by all accounts to our so-called modern world, in a very primitive way, yet such people of Celestial truth who’ve healed themselves of their rebelliousness will only need to be wholly and lovingly involved personally with each other taking care of their basic survival needs as they continue to express all their good loving feelings, delighting in the interactions and relationships they have with each other, all as they continue to grow in truth toward Paradise.

Survival

With the Earth being so bountiful in foods and all the materials we need for our survival, it is conceivable a very simple way of living will be developed within the Sanctuary taking care of all one’s basic survival needs. As to how people want to live together, is to be evolved by those involved: do people want to live in shared accommodation, like a house as we of the western world are currently used to, people being together so as to generate more experiences and feelings from which truth can come. Or will people want to live in small families, or alone, coming together in the community to increase their experiences. It is conceivable some couples might feel they want and need to be alone a lot so as to work specifically helping each other with their Healing. People might want to live in mud huts, tee-pees, some other more natural and basic housing arrangement, even possibly in converted shipping containers. Of course climate and resource availability will be influential, however what I want to convey is that all how we’ve been ‘trained’ to live is part of being wrong, it’s all going against ourselves, it’s all not our natural way. And so what is one’s natural way of living, is to be revealed as one grows in truth, and possibly it will be different for people, with conceivably a Sanctuary exhibiting many different abodes and housing arrangements, or with the most effective being evolved in which everyone is happy with.

Will people still want to eat using metal knives, forks and spoons; for example. Or will people prefer to eat with their hands or other implements. Being currently of a ‘global community’ we can draw upon lots of different ways people live and integrate them into a Sanctuary. Should the Sun Nova bringing about the end of civilisation as we know it, with

those of the Sanctuaries moving into the Aftertimes through Angelic assistance, together with those of the Old Way who might survive, it is conceivable that once the remaining things of the Old Way break or wear out, alternatives of a more primitive and simplistic way might need to be employed. There might no longer be the industries available that allow metal knives, forks and spoons to be made and readily available as they are today, so implements fashioned out of wood and stone might become the norm.

A Sanctuary is to be established bearing in mind that the end of our current way of life might be imminent, ending with the Sun's Nova. So the more simple and self-sustaining the Sanctuary can be, living a more simple life, without people their being glued to their phones all day, will need to be prepared for. How does one make clothes; how much farming does the community want to do – dispense with crops and just grow vegetables, fruit and nuts; hunt and farm animals, use horses or oxen, or decide to live only within the means of all one can do with one's own hands. Does the community want to live along the lines of more primitive people; or like the Amish; or simply take the best of all that's currently available and see what evolves.

Conceivably, some people will want to be vegetarians, others wanting to eat meat, and the Sanctuary should accommodate all. Living organically and closer to nature as people do their Healing, means their relationship with nature, plants and animals, will change and evolve as they grow in truth. And like every aspect of life, room needs to be given for everyone to grow and evolve. Some people might want to farm animals, others hunt them, and nothing is to be dismissed because 'it's not spiritual to hurt and kill animals'. All such limiting beliefs are only things of people's minds, beliefs made up through their childhood and in the society they grew up in. A Sanctuary is really a place in which everything is to start afresh, remove all the old ways and beliefs, and see what people feel and what they want to do as they grow in truth through their Healing. So some people through their truth might feel they don't want to eat meat, others through their truth do, and it's to understand there is no right or wrong way, there is only what truth you are living. And to accept that as you grow in truth, you are going to change. You might start out with your beliefs of not wanting to hurt animals, and yet as you grow in truth, you start to feel you want to eat them; or, you might start off eating animals, and as you grow in truth you feel you no longer want to eat them. God knows what is the right and true way for us to live, and we can only find out how God wants us to live by growing in Truth. Once you are of a Celestial level of truth and so free of the Rebellion and Default, then how you live will be reflective of being perfect and in harmony with Natural love. So how you then relate to the nature within yourself and Nature itself, will be the true way. And should that mean you only eat nuts and fruits, your physical body will be of a higher vibration expressing the level of your spiritual Celestial vibration of truth, so everything will work for you, you will simply be true. So until

that Celestial level is attained, it's to understand that all how you are might possibly be wrong, and that it will have to go, change and evolve into being right. There might be things of the Old Way the Sanctuary keep, and there might things people no longer want or need, with everyone being free to express all they feel about everything, talking endlessly about it all, if that is what they feel, even going over the same things time and time again, all until everyone is happy with the truth they are living.

As to whether people can have pets is again another thing to be evolved within the Sanctuary. Cats and dogs can go feral, they can be eaten, and all animals are potential food. And pets can also provide a vast amount of experiences causing many good and bad feelings, all of which the truth can be longed for from. To have a barking dog that continuously annoys you and helps bring up thousands of repressed bad feelings can be very useful and helpful to your Healing, as annoyed and aggravated you might feel. To understand mostly pets are 'love substitutes', we needing them because we feel so devoid of true love, brings up the question of tolerating and allowing people's love-need addictions, all of which will need to be apart of what those of the Sanctuary are to work out and evolve. For example: should alcohol and drugs be allowed – again to be determined by all involved. Should marijuana be considered a drug, it having many health qualities, together with the usefulness of hemp fibre. Should smoking to get stoned be a good thing to relieve pain, to escape into fantasy land, to sharpen second sight and speaking with the unseen spirit, angel and nature spirit realms, to block out bad feelings.

Education

There is no need for formal education as we've all been subjected to. Abolish it! There is no need to have a school and force every child to learn to read and write and everything else that is currently crammed into children's minds. There are currently alternative schools like the Sudbury free school system that allows more creativity to be expressed. But the whole notion of children going off to school so their parents can go to work is to end. Children are to be allowed to be, and encouraged to be, in EVERY aspect of community life. There will no longer be the need to divide life into work and play, no need for holidays, a working week and restful weekend, it's all simply Sanctuary life. Children (and adults) are to naturally learn through their experiences. And part of that experience within the community and family can be learning how to read and write, and learning higher things should they be so inclined. A child might want to simply be free to live in nature as much as possible within the community, or it might want to naturally learn about things more to do with the mind. It's up to the child to show what it wants to do, to express itself as fully as it can, so the whole Sanctuary is devoted first to people doing their Healing, then to children. People, as they grow in truth and come to understand all the bad ways they were educated, will not want to subject their's or anyone else's child to such horror. Learning things with the mind

can be made to be enjoyable, made to appeal to the child, just as can learning things with their hands. The child is to be fully wanted and included in adult life, and not as we currently live by banishing our children for most of the day to some level of child-care. Children are a great source of experience, they will push many buttons and will inspire many feelings to be felt, with all of those feelings being fully expressed and the truth they are to show one, longed for.

Our FEELINGS are our SUPREME GUIDES:

Feelings!

Feelings are what guide us through our ascension of truth. So they are really our Supreme Guides. Many people look for a person, spirit, angel, even God, for supreme guidance, however it's all right there already built in – in our feelings. **We just have to submit to them, allowing them to take us where they will, expressing all the parts we want to express, letting the emotion drive that expression if it's there to be expressed, or just talking about all we feel and how feeling that feeling is making us feel – or, how we feel about having that feeling, all whilst longing for the truth of our feelings. Longing for the truth of our feelings is really: Longing for the truth of our self, because: we are our feelings. So life stirs up our feelings, we feel being alive; or, being alive means we are feeling, always feeling; and when we work out what and why we are feeling what we are, so then we know the truth of how we are. And over time the truth accumulates, and our mind expands our understanding of ourselves, all being driven from our feelings.** Kevin 26 Sep 2017

Spiritual prayer/worship.

Nothing along these spiritual or religious lines are to be formalised. There is to be no dogma about the information I or anyone else might present that the Sanctuary embraces. The Truth will always speak for itself and determine the way of things.

Of course should the people of a Sanctuary wish to hold communal prayer for the Divine Love and Truth, including expressions of worship to the Mother and Father, then they should follow their feelings, yet all the while trying to make sure such feelings are honest and not just being contrived by their minds. To believe you have to pray or attend formal worship, and so engage in it with your mind, is not to be encouraged. No having to go to church on Sundays, only doing what you feel you want to do. And conceivably, some people will enjoy group prayer for the Divine Love, other's possibly will want to do it privately feeling no need for such groups. It's all to be what people want to do, never that it 'has' to be done, never being forced to do it.

Also following the lines of what the spirits have said about how they attend counselling and psychology groups to help them with their Healing, all such things can be considered should people want to express themselves this way. Some people might need private or group Healing help, other's might be content to do it all themselves. There is no One Way to do your Healing, it is your way following the few basic principles of attending fully to your feelings wanting them to reveal the truth you are to live. However as to how people and the Sanctuary as a whole come together to help each other with their Healing, waits to be seen. As always, some level of structure might be required, including a modicum of control, however the less laying down of the law, the better. Freedom of speech is really freedom to express yourself using words, as well as the freedom to express yourself using actions.

Things like getting married, having funerals, celebrating births (and deaths), birthdays, are for people to do should they feel that is what they want to do. Bearing in mind all should be done in celebration with the Mother and Father and keeping it as personal as possible. Really there is no need for such things, just as there is no need for other mind contrived celebrations like father's and mother's day, Christmas, Easter and so on. And once again, there is nothing wrong with celebrating things every day, all so long as it's all done with true feelings and doesn't become just a ritualised belief that has to be enacted upon. And as always, such things when done properly will give rise to yet more experiences, more feelings; and the more the better, because as they are expressed then there is more truth being revealed. Ideally each moment in each day should be an expression of the celebration of life, however to feel so good will only come once people have completed their Healing.

Visualise yourself as you were when young and with an empty bowl, and then thankfully ask the Mother and Father for Their Love – Their Divine Love:

"Please, Mother and Father, I want some more."

Things like contraception and abortion are again to be worked out individually, how people personally feel about it, expressing all such feelings through such experiences, and then collectively, should it be required. There is nothing good or bad with it, it's not a sin having sex out of wedlock and all the other wacky religious things people believe. New people coming into the Sanctuaries might be full of such beliefs that will need to be brought out, expressed, and the truth of them sought as to why they have them and all they feel about them.

The freer people can be in their own lives and within themselves, the better. However to also be understood that true freedom of self-expression will only come once one had fully Healed one's rebellious state. So up until that time, there will be endless limitations and restrictions one is imposing on oneself and others, all of which will have to be brought to light, as all the feelings they cause are expressed and their truth longed for.

And again it's the same as going to the doctor, dentist, therapist, seeking help outside of yourself, it's all about honouring your feelings, do what you do as you continually express all you feel along the way. Ideally to live without needing a doctor or dentist is the aim, to be so fully expressive and free of the Rebellion that one is always in perfect health, however one needs to work one's way there, you can't just apply your mind and decide, right, I'm not going to the doctor anymore, I am going to be natural and heal myself by expressing all my bad feelings out of me. You can of course decide to do this, and try to do it, however if this is too heavily a mind controlling set of beliefs you're applying your will to, then at some point this control will have to be confronted, addressed, along with all the resulting feelings. People will become naturally more healthy in body and spirit as they progress in their Healing, and as the Sanctuary becomes truer overall, however there will be a great deal involved in each step along the way.

Relationships

Relationships are the most important way we have of maximising feeling experience. The relationship with yourself, an intimate partner, family, a friend, the Sanctuary as a whole – your relationship with God.

The more one can free one's controlling mind, the more one will be free to experience openly one's relationships. All our relationships are severely handicapped because of our

mind controlling ways and beliefs we've been parented with, being of a Rebellion by Default means we can't actually have truly loving relationships because we're not true ourselves. Perfect relationships will only come at the divine love Celestial or perfect Natural love level, all once one has finished their Healing. So up until then, a great part of one's Healing will be to uncover the truth of how unloving and untrue one is, so how bad one expresses oneself in one's relationships. So the Sanctuary is not going to be a happy and loving paradise, and any attempt to make it so by using one's mind should be confronted and dealt with through feelings.

Potentially the Sanctuary could be a very depressing place, if the majority of people are heavily intent on doing their Healing. So as long as the worst is expected, and not the best, then people can feel free to express their negative sides, being as negative as they feel they might be. We're all used to 'putting on a good happy and friendly face' when we're out in public, you can't openly say what you really feel most of the time because people won't tolerate having their feelings hurt if people are nasty and hateful. But in the Sanctuary, no doubt some of this will continue to exist, but really it's to try and do away with all falseness, all pretentiousness, trying to allow people to feel what they really do feel in the core of themselves, most of which will be a lot of pain and anger, all of which needs to be brought out. So having relationships wanting the other person to allow you to fully express all your bad feelings, and you wanting them to express theirs, can as you might imagine, put a lot of stress upon a relationship. But if you are trying to be as true to yourself in your negative state as you can be, feeling as bad as you do, then it would be better to start working on giving up any notions of meeting your soulmate (soul partner) and living happily ever after. You might meet your soulmate in the Sanctuary, the truth coming up within you that you are soulmates, yet that might also be for you to work together taking each other deep into your pain, a relationship with very little love because you're both trying to bring to light the truth of how unloving you are. So you might even hate each other through your Healing, with your true soulmate love for each other only becoming known, felt and expressed once you're both fully Healed.

It is conceivable people will come together more intimately for the purpose of doing their Healing together, and that sort of Healing Relationship will be very different to any mind-based false loving relationship they might have had being of the Old Way and the Rebellion. Healing Relationships will be about how unloving you are, with yourself and to the other person, the opposite of how you might wish a loving relationship to be. The Mother and Father might want you to experience a no-love relationship yet in a very deep and personal

way, even in a 'loving' way, as you both work together helping each other to bring out your pain and hidden torment. So you might expect lots of yelling and screaming at each other, coming to understand you don't love each other and are not well suited at all, yet you continue to feel bound to each other for the purposes of exploring all the negative stuff and helping each other break down and move through all mind controlling barriers, moving deep into connecting with all repressed feelings. The more you can give up your 'love fantasies', the better. To simply allow your feelings, good or bad, or both, to take you into the relationship, the better.

One of the aims of the Sanctuary, also a goal of humanity, is for people to finish their Healing becoming of perfect Natural love or of divine Celestial love, and then to have perfect Natural love children. Children of divine Celestial parents is the aim, because they being no longer of the Rebellion will be the beginning of a true humanity. They being true children of Heavenly Parents.

Talking

It can't be stressed enough just how important it is to keep talking, saying all you think and feel, all whilst wanting more than anything else to uncover the truth of yourself. Wanting the truth of our self is the main focus. Wanting to feel happy and love of course is always a strong desire, however such feelings naturally come as we grow in truth.

We have to keep expressing all we are, and talking is the main way, emoting our feelings as they come up, moving with them, saying all the bits they lead us to say, exploring them all, even the slightest feeling or odd thing you perceive within yourself, bringing it all out, not holding or keeping anything back, ending all denial of oneself.

And understanding that often with problems, the impasse and block to find resolution occurs because one has stopped speaking about all the aspects of the problem. So often talking resolves most problems, it can suddenly open something in you that you've not seen, it can inspire someone else to say or show you something that can allow you to move on. The whole Sanctuary needs to keep talking, with everyone expressing themselves as much as they can, all with the strong desire to keep revealing and so growing in truth. Each person is their own 'sanctuary', their own 'paradise', so for the whole Sanctuary to evolve and grow in truth toward Paradise, requires that everyone plays their part. No one is more important than another, provided all are always longing for the Truth – the truth of themselves and the

truth of the whole. It is a Sanctuary of Truth, the truth being expressed by everyone living their truth. And as the Truth is loved by all, so too is it the expression of everyone loving the truth within themselves. The Truth is the only way we can set ourselves free of the Rebellion and Default. And from Truth can come love. Love founded or based on Truth is true love; love founded on untruth and mind control is not true love, only a mind-love.

Let's Talk About It

As a part of talking, it's important for everyone to help each other to identify feelings, helping those who have difficulty with them, becoming more aware of them – and in particular their subtleties, and for everyone to be able to freely and precisely articulate them and all one is emotionally going through. And ensuring and encouraging and not stopping children from expressing all they feel whilst gently educating them about their feelings and the importance of expressing them, and how through their feelings they can find out all about themselves and life. And that really is meant to be what life is all about.

And to understand, if it's not obvious, that one can, and should, express all one's feelings all the time and anywhere. You can, for example, be planting veggies talking about how bad you feel, bringing out your pain, longing for the truth of your feelings. With those people with you all involved in your personal drama. Feeling expression doesn't need to be only a private affair in the confines of your house or with your therapist or healing group. Naturally people will feel better speaking about their deeper hurt and pain with certain people, and not everything needs to be for public display, however it's to understand that being honest with your feelings and being allowed and encouraged to express all your bad ones, can be a part of every aspect of Sanctuary life.

And that if someone needs to stop and focus on their bad feeling expression, then everything should stop, stop all work to focus on them. The person and their feelings is what is most important, everything else comes after that. So even if not much gets done because everyone needs time to express all their pain, then so be it. The real work is expressing all one's bad feelings out of oneself. One might not be 'productive' in a world sense, spending a lot of time sitting on the couch feeling bad and doing nothing else, and yet it's about healing the pain in one's soul, that is the only important thing, and all that pain needs to come out.

It is a Healing Sanctuary, a place where people live together wanting to uncover the truth of their pain and trauma through their feelings, all so they can set themselves free of it.

Summary of the important points: What a new person would have to accept, or at least be open to, were they considering becoming apart of a Sanctuary.

How you are, being of the Old Mind Way

- You're part of the Spiritual Rebellion
- You are rebellious (evil)
- Every part of you is existing against the Truth and Love
- All of you is Wrong, you are full of falseness and pretence
- You are full of incorrect beliefs about yourself and the world
- You are full of unloving, negative behaviour
- You are living denying what a bad state you're really in
- All your wrongness (rebelliousness) was put into you through your childhood
- Your parents themselves being of the Rebellion and Default treated you unlovingly
- You are full of pain because of how badly you were treated as a child
- All that causes you any bad feelings and problems comes from your childhood
- Much of that pain you might be closed off to within yourself
- You will have many repressed childhood feelings within you
- Because of your repressed feelings and how unlovingly you were treated, you are untrue
- All your repressed feelings need to come out
- You will need to do your Spiritual Healing to become true
- Your Healing will involve trying to be true to all your bad feelings
- You must want to express all your bad feelings and long for the truth of them
- Uncovering the truth of your bad feelings will allow you to become truth to yourself
- First you become true to all your bad feelings, wrong beliefs and unloving behaviour
- When you are fully aware and connected to your untrue state, you will be true.
- Being true will take you out of the Rebellion and Default
- You are a personality, and living true to your feelings allows full personality expression
- When you are fully Healed you'll be fully connected with your feelings
- When you are fully Healed, you'll be truly happy and loving
- When you are true, you'll be of perfect Natural love
- Then you will be of the New Feeling Way

I'm not faking being sick. I'm actually faking being well!

Living in a Healing Sanctuary

- You understand it's about people doing their Spiritual Healing together
- To do their Healing to end being of the Rebellion and Default
- Everyone is encouraged to express all they feel, and particularly all bad feelings
- To accept that yourself and everyone else will feel bad a lot of the time

- That bad feelings are good, they show you what pain is within you
- That denial of any feelings is to end
- Truth comes when wanted, from feelings
- Long for the Truth of yourself, the truth of your feelings; the truth of God
- Long for God's Divine Love
- It is a Sanctuary of Truth
- Everyone is growing and evolving in Truth
- The Truth is the Law
- Everyone is to become self-governing in accordance with their truth when Healed
- The Truth allows giving up all mind possession, addiction and compulsions
- The mind's control is to lessen, giving way to feelings and the truth from them
- All one does in the Sanctuary is for the purpose of having feelings to grow in Truth
- Feelings are the gateway to Truth, not the mind
- It is about relinquishing mind control in favour of the truth feelings will reveal
- The truths people will live will determine the way of the Sanctuary
- How people will want to live will be based on their truth
- Mind made laws will no longer be needed
- Growing in truth through feelings is being spiritual, and how to one day attain Paradise
- Love and worship of the Heavenly Mother and Father will come through Truth
- Love of yourself and others will come through Truth
- From Truth will come all Love

CREATION of SOUL and SPIRIT:

God is *The Paradise Trinity* — the eternal Deity union of the Personalities: the Universal Mother and Father; the Eternal Son of Truth; and the Infinite Daughter Spirit of Mind.

The soul of each human personality (sons and daughters of truth) is existential, driving our personality expression in the experiential. The soul of each human finds truth by embracing one's feelings and longing for the truth of them. We are to attain the Eternal Son of Truth. We are a creation of Truth.

Feeling Pathway

Mind Pathway

The soul of angels is experiential, evolving through their experience by continually progressing in mind development. Angels are to attain the Infinite Daughter (Spirit) of Mind. Angels are a creation of Mind. Our soul is duplex (we have a soulmate / soul partner) and is created by our Heavenly Parents. Through our Feeling Healing we perfect ourselves, enabling the union with our soulmate, as we progress in truth up through the Mansion Worlds, celestial heavens and all the way to Paradise.

Soulmate Pair

Angel

The soul of angels is also duplex, yet of the mind, and they progress in mind evolution to Paradise. Animals, plants and nature spirits are also creations of Mind.

Spirit Person

Nature Spirit

Neither we nor animals reincarnate. We never die; upon death, we move into the spirit Mansion Worlds on our journey to Paradise. When animals and plants die, be they the tiny microbe to the mighty elephants of the land and the whales of the ocean, their spirit energy returns to the Spirit Collective Energy. And from this energy are drawn other animals and the nature spirits, who then in turn move onto becoming angels through increasing mind experience.

A nature spirit is an angel in waiting.

Celestial Truth:

Truly all-loving;
 Living true to oneself;
 Mind supporting Feelings;
 Living with the Divine Love;
 Fully Healed of the Rebellion and Default.

**THE FEELING WAY**

Feeling – Ascendance

Unlimited progression

- Living true to your untruth;
- Honouring all your bad feelings;
- Expressing feelings to uncover their truth;
- Healing the Rebellion and Default within yourself;
- Feeling unloved; being unloving;
- Feeling as bad as you can feel;
- Feeling like you are no one special;
- Longing for the Divine Love.

**THE MIND WAY**

Mind – Transcendence

Limited progression

- Enlightenment, Nirvana, feeling all-loving;
- All false, mind-contrived. Anti-truth, anti-love;
- Still evolving the Rebellion and Default within yourself;
- Feeling and believing you are the Superior One;
- Living with your mind in control of your feelings;
- Living rejecting all your bad feelings;
- Living with your mind contriving you feel loved;
- Rejecting the Divine Love.

All religions, New Age, agnostic,
 atheists, no spiritual interest,
 Living the Rebellion and Default.

Hell:
 Exploiting the Rebellion and Default.

The Feelings are the doer; the Mind the teller. So we are to go with our feelings, which we can't be told to do with our mind. So the longing for the Divine Love, doing our Healing by expressing our feelings and longing for their truth, are all feelings and doing it with longing. Whereas the mind just wants to tell us what to do and how to be, no feelings in it, all how our parents have treated us.

Enters emotionally - is to leave emotionally!

SPIRITUAL HEALING:

Our Healing is about first finding the truth of our unloving and untrue state, coming to understand the full extent of that, how it relates to us and how we relate to it, and all how it makes us feel so demented living life in a stupor.

Healing is about seven Mansion Worlds worth of uncovering the truth of our rebellious state. It's all about becoming progressively more aware of how screwed up we are. So right the way through our Healing, we stay being screwed up all so we can see the truth of how demented we are in all the ways that we are untrue, all the way to the End of our Healing.

What we do heal through our Healing, is all that is stopping us see the truth of ourselves – our untrue and false state.

Mansion World 7: is then about still working with the deepest and residual bad feelings, whilst looking to sort out how you wrongly relate to yourself and others, nature and God because of being unloving; understanding how your relationships are unloving, how you don't connect properly, how unloving you really are and why and fully accepting the truth of it, coming completely to grips with your parents not loving you as you needed to be loved – sorting it all out, including your self and feeling expression difficulties. Then comes transition.

Mansion World 5: is then about going right into the depths of them, feeling how unloved you feel and seeing how unloving you are and how that makes you feel, bringing out the majority of your pain, your misery, fear, anger, guilt, hatred, boredom, terror, rejection, nothingness, feeling powerless, alone and abandoned, and so on. Each progression is full on, all the way.

Mansion World 3: is for waking up to the truth that you're not loving and starting to get in touch with your pain, starting to accept your bad feelings, starting to work with them instead of rejecting them.

THE MIND WAY ** MIND-LED LIFE **

We are to move from our mind way to a feeling way of life within our rebellious and untrue state. We are to live truth to our being untrue, knowing and being the truth of why we are untrue.

GREAT U-TURN

Living True to Ourselves

LIVING TRUE to OURSELVES

We are to live truth to ourselves through ALL our feelings. We are untrue.

We are to live truth to being untrue. We are to stop pretending we're true.

We're to admit we're full of shit; and be as full of shit as we are.

God made us be rebellious and untrue, so we are to live being rebellious and untrue, not trying to not be as God made us. And we are to live true to being fucked, until God transforms us and changes us into being true and loving, ending our rebelliousness.

With all of us having been incarnated into a truth-denying rebellious world, we are to live true to how untrue, false and unloving we are. We are to stop using our mind to pretend we are true and loving when we're not.

We are to fully embrace, through our feelings, the truth of how wrong, bad and evil we are. And through our Spiritual Healing we are to fully accept how rebellious we are, living and being it. And knowing how being rebellious (being of and in Rebellion) makes us feel.

We are not to use our mind to pretend we are true; that we are loving, caring and sympathetic, as we're not those things.

Being of Natural Love we experience love through our mind. And so being in an imperfect state, some (if not all) of our mind love will be false and untrue.

When we have been transformed into our true Divine Love state having done our Spiritual Healing, then all the love we experience will be through our heart and soul with true feelings and no longer with our mind. With all love being true and based on the Truth.

We are to find the Truth of Love

LONG to KNOW ABOUT what you are FEELING!
Long to understand the truth behind
what your feelings are pressing upon you.

Ask to know the truth about that which you feel.

It is knowing the truth of that
which you feel that sets you free!

Always be true to your feelings
because they are your truth
and truth is love and our way home!

Express your feelings to those who matter to you.
Suppressed feelings bring about pain and illness.

Talk it out to a friend!

*From our head to our toes,
what our feelings say goes!*

Feelings, good and bad, are to be expressed.

Talk it Out!

Heartfelt feelings are our truth.

Arvonal Revelation

- We are to live Feelings First.
- We've been made to use our mind to live against many of our feelings.
- Our mind control commences at conception and is developed through our childhood.
- All the bad feelings we didn't express as we were growing up are still repressed inside us.
- And all such hidden, buried and unwanted feelings have to come out.
- And whilst they remain repressed within us, they will continue to make us feel bad and unloved.
- We get sick, depressed, suffer, have bad things happen to us because of our repressed childhood feelings.
- Humanity was brought into this state of living against itself by higher rebellious spirits.
- These Evil Ones caused the Rebellion and Default.
- We are made to rebel by default – as we have no idea we're doing it through our parenting in wrongness.
- We are all parented unlovingly – against ourselves, against our will.
- Some parenting in the wrongness is done with more love, yet it's all still wrong.
- To heal this unloving state within ourselves we have to do our Healing.
- Our Healing is our Feeling-Healing or Soul-Healing with the Divine Love.
- We can long to God for Their Divine Love, and this will help us with our Healing.
- God is our Heavenly Mother and Father, the Feminine Aspects of God having been kept hidden from us by the Evil Spirits.
- All humanity's religions and spiritual systems are designed to keep the wrongness going, to keep us away from God.
- Only by living Feelings First Spirituality, The New Way, can you become right, and truly find God.
- Long for the Divine Love.
- Long for the Truth of your Feelings.
- Accepting all you feel is accepting all of yourself, it's your greatest act of self-love.
- And wanting to know the truth of your feelings, is your next greatest act of self-love.
- Love yourself through your feeling-acceptance, and the Truth will set you Free!

NEW FEELINGS WAY

The way to Paradise and All-Love is a Feelings Way. The Feeling Way is about honouring – accepting and expressing, and longing for the truth, of all feelings. By doing our Spiritual Healing (Feeling-Healing and Soul-Healing with the Divine Love) we can uncover the truth of why we're living in rebellion against the truth of ourselves. Why we live by denying so many of our feelings; especially our bad ones.

The Way of the Rebellion, The Mind Way, leads ultimately to mind-extinction involving annihilation of personality and soul. The Mind Way is about denying as many feelings as we can, selectively choosing the ones you want, all to maintain control over yourself. And yet by denying feelings and your expression of them, you are denying the truth they would help you see about yourself. So you are denying your own Spiritual Growth Of Truth. All of which can only lead to bad outcomes.

The Mind Way is a Dead End – and only pain. The Feeling Way is eternal growth of Truth, Love and Happiness. By truly embracing our feelings, longing for the truth they are to reveal, we evolve through:

Phase 1: Spiritual Healing through the Mansion Worlds and into the Celestial Heavens.

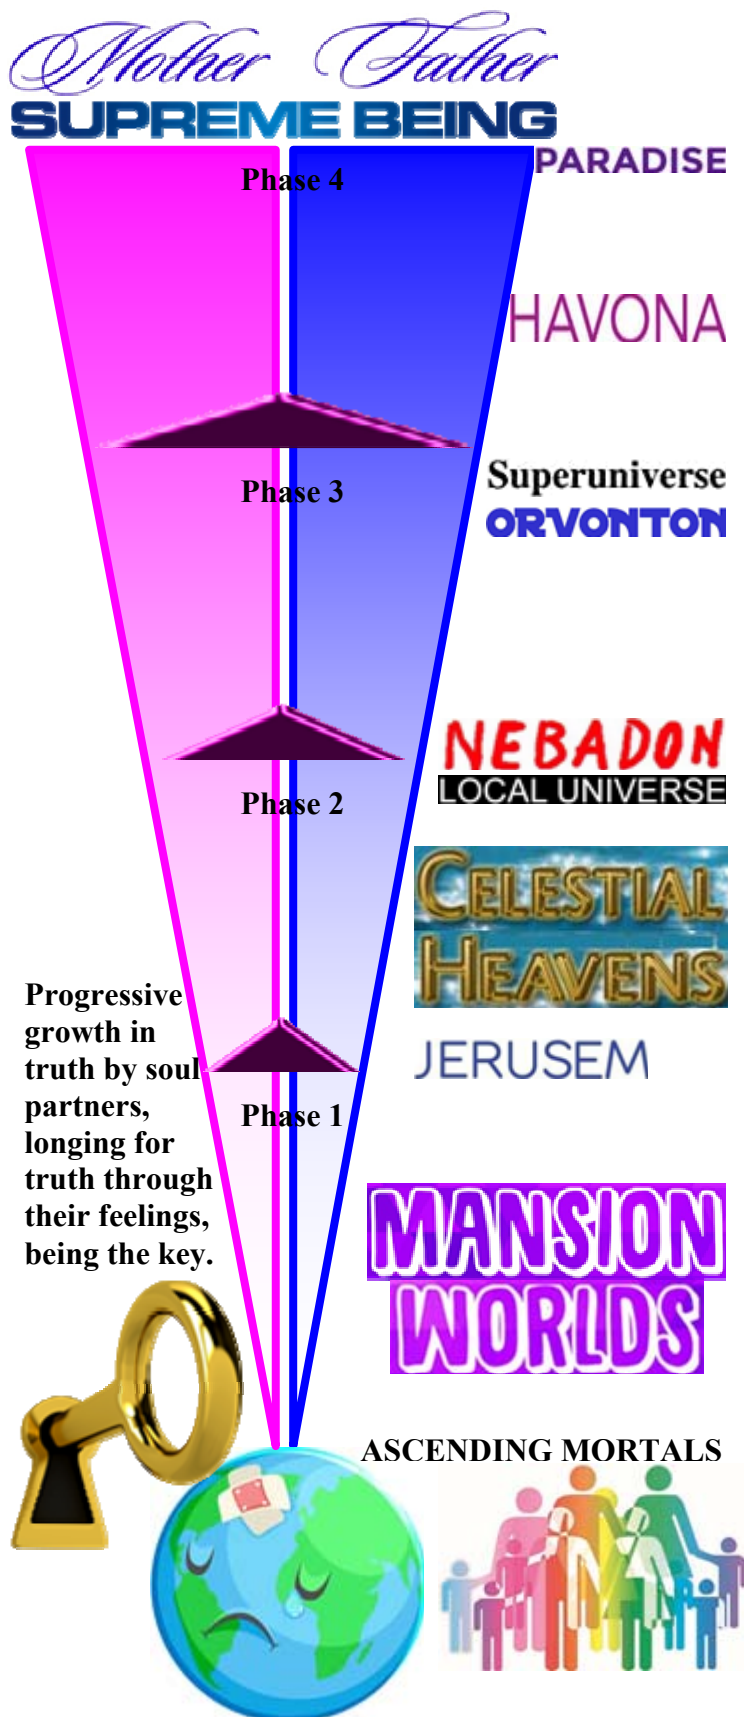

Phase 2: Evolving in Truth through our Local Universe, Neadon, and into the superuniverse: Orvonton.

Phase 3: Truth progression through the superuniverse of Orvonton.

Phase 4: Truth progression through Havona, and attaining Paradise.

ALL Soul and Truth Progression is done by Living True To Our Feelings.

The New Feelings Way.
