The DIVINE UNIVERSE:

129. *The Potential of the Divine Love*

20 November 2012

The primary reasons why the Divine Love exists is so that a viable way is provided by the Soul, God, to independently progress mortal individuality.

The mortal personality, can't by its own volition, take what is not present in the soul beyond what is already present in the soul, this being the initial formed condition of natural love.

The beautiful truth is realised when the potential in a soul relates with the potential in the Divine Love and from this culmination of potentials, slowly and assuredly change begins to form part of the soulful nature of the mortal personality.

If God had formed only the natural love system for potential, then a finite personality would be progressing and experiencing its human life and then spirit life in a closed system. This would eventuate in the mortal condition of purely self-imposed progression or stagnation and, the active potential to experience God's Soulful nature would be excluded from the actual potential in the natural love. The vision of this would be seen that all of humankind when living in the mortal spirit world would live in an isolated potential never realising a direct experience of the originator and creator of all mortal souls. By having the Divine Love and its potential present, fulfils the potential for a soul if one desires to participate in this potential so that a closed system is a temporary thing which involves the first stages of personality individualisation to which, when Divine Love is included, the natural system extends into the greater vision of the Divine Love system for universal living.

Thank you for receiving the rest of this teaching and we will write more soon.

132. *The Potential of Immutable and Immortal Nature*

24 November 2012

Human personality is a durable, mutable (changeable) and complex system of attributes. The fact that one can have an experience of the Divine Love and that this Divine Love does not form an original part of any system of attributes inbuilt in the personality speaks for itself. The fact that something happens in the soul and the spirit body and other attributes of the personality, causes us to realise our mutable relationship with the immutable (unchangeable) nature of the Divine Love. We never find this apex of experience dull and uninteresting. To us in our progression through the natural and Celestial Spheres, part of our study is always intrinsically linked to this original relationship where the Divine interrelates with our own system attributes of personality.

The Divine Love is the wonder of the universe. How this invisible substance causes so much change in our mortal nature is a miracle to behold and experience. This does reveal in our relationship with the Divine Love, how our finite personality can relate with the absolute personality and its nature of being and the source of the Divine Love, the Soul, God. This is why we all live – whether we are aware of the Divine Love or not – in the potential of The Divine Universe.

With love from your Celestial friend, *Eugene Morgan*

The Divine Love is a love available for the Human soul that, in its cause and effect, actually perfects the personality together with one's Feeling Healing process, as it progresses to a greater experience of living in the determination of living in God's Divine Universal harmony. Every personality has the gift of freedom of self-determination to enjoy and extend through life's experiences and it is this gift of freedom and human nature that may prevent one from participating in the freedom and gift of the Divine Love. The Divine Love, once being received is added to one's nature, having being formed on natural love.

We are endowed by our Parents with natural love, maybe we neglect this gift from time to time. As we progress in time, we can add the greatest gift there is to our being, that is by asking for and receiving Divine Love. Not only does the infusion of Divine Love, with one's Feeling Healing, repair our natural love attributes, we evolve into a joyous and loving person in all respects. With the infusion of Divine Love, with the two loves, we become the complete being.

29 November 2012

Spirit communication, as in the way these works have transpired, form part of your Divine Love experience. Spirit communication is a potential and extension from living with Divine Love, and in your (Nicholas) experience, the Divine Love has always come first from which any derived communication with a spirit is then an addition to your soul condition. There have been long periods of time in your Divine Love experience when you both (Zara and Nicholas) were immersed in social experiences with very little direct spirit input from us here. Living with Divine Love nonetheless has caused you to have awareness of our presence, and for most experiencing the Divine Love, a general awareness that spirits are also aware of the Divine Love, is accepted as part of a Divine Love experience and general soulful knowledge.

Your relationship with the Soul of God progressed in the Divine Love has formed your central relationship. Knowing this has made our communication over the years easier for we are not the main focus or target of knowledge, but rather the experience of the Love is to which we can contribute and impart our experiences and information. You have both been interested learning about spirits, the mortal spirit world in its image and workings, and how the mortal personality in its principle nature functions in its form that is consistent with universal themes that include diversity, yet are true in their workings for one and all.

We enjoy this as much as you do, and we all know that the Divine Love primes our soul that has allowed for such transparency to exist, so that from your physical environment and from our spirit environment, an expanding vision of Love and Spirit, seen. There are many themes that one can explore from a position of faith in Divine Love. Once one makes their principal value the Divine Love, then the attention to detail forms an incremental picture of love in relationship and this is what you both have done. The one thing that can concisely place the natural love into a visible context as to its nature and workings, is the Divine Love and the one thing that can place the Divine Love into its visible context for experience is one's natural love. The working out of these two natures and their formed principles is the correct vision and foundation for one to work from so that the correlating functions of specific Spirit workings are seen in relationship with each of the Loves. This is the same for the dynamic of spirits learning about the nature of natural love and the Divine Love in the mortal Spheres. Learning about the Divine Love teaches one all that is natural in their life so that the experience of the natural love is completely understood and this is essential for the natural love forms the beginning of finite individuality.

One can, as you have done, correlate by the use of soul-spirit mind perception and spirit body sensory vision, the functions of the Spheres in accord with the development of the mortal personality, and how the soul condition is the determining factor as to the nature of progression. On Earth, weather plays a big part in human life and environments act according to the planetary systems without any regard for human life. Here in the Spheres, it is the opposite. Everything about each Sphere is an environment which supports mortal personality and never does the environment act in a discord with mortal personality. One could conclude that living in a smooth environment may be dull and boring and without its challenges however, one only need to keep in mind that spirit living is the mortal personality living in the spirit body and the physical challenges required in Earth's environments no longer form part of personality experience in the Spheres. Experience requires different challenges and the one challenge that will involve all mortal personalities is the single Immortal choice to participate with the

Divine Love. To live with the Divine Love or not to live with the Divine Love is the Immortal question, the choice of all challenges and one's choice has vast long-term consequences.

The vision and potential vision that comes from the Divine Love is replete and substantial. Living and progressing in the Love ultimately answers all questions pertaining to mortal nature and the dynamic of the mortal personality. The continued referring between all that is natural in mortal creation and forming with all that is Divine in the principle cause effect in the Divine Love is the relationship where the workings of these Loves in their corresponding Sphere compels one to understand the mortal meaning of human and spirit life.

I have enjoyed this communication on The Immortal Choice. Your perceptions have worked well and harmoniously with my soul perceptions as I have relayed my impressions upon you and, prior to our writing together this morning, you had not conceived in your mind the truth of the Divine Love presented as the Immortal Choice for the title of this series of spirit communications. Saleeba introduced you to the Immortal Choice and we would like you to contemplate this experience.

Celestial teacher and brother of Jesus the Master,
James

WE are INCARNATED with Natural Love, but not with Divine Love:

We are conceived with natural love, however, we are not endowed with anything of the Divine. While we are without anything of the Divine, namely Divine Love, we can grow our natural love attributes and progress to that of being the perfect man whose lodging is found in the 6th Sphere. We do not have immortality without having received Divine Love.

Natural love radiance is very different from that which Divine Love brings.

The two loves complement each other, bringing about greater harmony.

When we become aware of the presence of Divine Love and subsequently ask for and then receive the Divine Love, our soul steadily starts to change to that which is Divine and we achieve immortality. This is the Immortal Choice that we can make whilst here in the physical or later in the spirit world. Once we add Divine Love to our being, we continue then with the two loves, that of the natural love and also that of Divine Love. As we continue and receive Divine Love, our soul condition progresses so that we may eventually enter the Celestial Heaven, 8th sphere, should we have engaged in the proves of Feeling Healing, and above, then progress further to enter the Eternal Spheres, then the Infinite and Universal Spheres, and then further on towards the Spheres of Paradise.

**DIVINE LOVE does not TRANSFORM one's SOUL
FEELING HEALING is what TRANSFORMS one's SOUL**

The Divine Love does transform our soul from Natural love into Divine Love. It's our Feeling Healing that 'transforms' or heals our erroneous expression of Natural love. We have to 'heal' and so perfect our Natural love, so it can then be transformed by the Divine Love.

Divine Love does not even begin the real work of transforming one's soul, for those who focus upon receiving Divine Love to the exclusion of embracing one's Feeling Healing, they are just expanding their mind's control over themselves. Should this be one's passion, then upon passing into the spirit Mansion Worlds they will find that they can continue along this path all from within the Divine Love followers segment within the first natural love Mansion World! Yes, only from within the first natural love Mansion World.

Most of humanity on Earth does not want to face the very truth their feelings are making them feel every day of their life. So if they want to keep living in the spirit Mansion Worlds as they did on Earth, in complete denial of their feelings and the truth they are to shown about their wrongness, they can.

However, for those who have embraced Divine Love and begin to engage in their Feeling Healing process to begin the transformation of their soul, they will be able to sense the Divine Love already within their soul 'driving them on'. One's understanding and adjusting will be changing rapidly to that of embracing all about the Healing and doing it – all being supported by the Divine Love that one may have received previously. All one may have done with the Divine Love may make their introduction into their real Healing, by using their feelings, much easier than it is for other spirits from the mind worlds who are at the same time having to wrestle with many of their old religious beliefs or mental programming, having to take on a whole new mind-set which one could see would take some of them years, whereas for someone who has been longing for and receiving Divine Love for some time it may be only a matter of weeks. This also applies to those living in the physical.

It is the Feeling Healing process that transforms one's soul towards perfection, towards the ability to fully express one's true personality as given to us by our Heavenly Parents, it is the Divine Love that then fits that transformed soul to be able to enter the Celestial Heavens.

141. *A Potential need for the Divine Love*

1 December 2012

Hello, I am with you and I have heard your thoughts and so I will write on the need for love and potential need for Divine Love.

In your Divine Love experience, you have been able to discern the difference between the need for human love and the need of your soul for The Soul's Divine Love. Your thoughts on this need were aired to me that I may write on *need* relating to a spirit's experience. When I draw from my experience and from those spirits that I associate with, we still have a need to acquire God's Divine Love. Simply because we are already with the Divine Love in no way diminishes our need to continue in our receipt of the Love. If I ceased to receive the Divine Love then I would still be happy in my condition from the Love that I have received. As you know, the Love received never leaves the soul. My need to continue my prayers for Divine Love – not consistently praying – but from time to time, provides a source of energy that primes the systems of my spirit body and assists in my ability to do things such as coming to your side to do this work. For me, the Love has fulfilled my potential and this potential is without end for I can in potential, continue to receive the Love.

Natural spirits have their need for love. They are without their physical body, yet living in their spirit body, does not diminish one's capacity to feel love, to love and to be loved. In fact, my experience has revealed to me that when I began accepting the Divine Love my need, my soulful need for the Love increased in its potential, though I am never driven by my need. My need for love is an accepted potential in my soul and a truth of harmony in my spirit life.

I never received the Divine Love whilst I lived on Earth. This I have revealed to you before though as a woman living my life on Earth, as with all men and women, much of the human experience relates with our human needs. In a human experience the finite soul is present and its potential to experience the Divine Love is present and this primary need is at the back of all human experience and need whether an individual is aware of themselves being soul or not. The need was conveyed by spirits in the work James Padgett did (1914 – 1923), as the true longing of the soul. The translation from the potential that forms part of the nature of each soul into human life is the need for love and ultimately a need to know truth. This is of common sense when one is aware that God is Soul and originator of all human souls, and so all that one is – a finite soul – needs and longs to know its origin and that explains the history of human evolution.

If one embraces the Divine Love and begins to be aware of their potential to learn about the nature of the Divine Love, then one will see the vision of my previous statement in its fullness of truth.

When a spirit involves the Divine Love in their soulful nature, one soon realises how much of this Love one needs. Whilst the natural love fulfils the soul to some extent, the soul with its potential for Immortal truth needs the Divine Love to fulfil this soul potential and ultimately, the related spirit-body systems and the personality. This is why the Divine Love forms part of one's individualisation that transpires in the personality.

Celestial spirits all agree that once one is aware of the Divine Love and this Divine Love known as active energy in one's soul, there comes a desire to receive more of this Love and dare I say, one feels compelled to gain more of this Love. We all know that part of the nature of the Divine Love is its

drawing power that takes effect in the soul, drawing one in toward the Source of the Love being the universal Soul, the Father. In our studies of the Love and from the studies that individuals such as Francesco the Celestial Monk have discovered, there is an energy unique to the Divine Love that has to its nature this gravity or field of energy, that when this energy fuses with the attribute of soul, the soul recognises that this is the truthful source of energy for it – even when the personality may be unaware of this – in the early stage of transformation. And so begins the awakening of the potential in the soul as it is drawn in toward the First Source, compelled by its need to know more of this Love and the Source providing it.

You, along with other people who have experienced the Love and have continued in their receipt of this Love, are aware of this compelling nature to continue your receipt and need for this Love.

People and spirits, as all spirits are people only living in a different environment, need love. We are all independent souls with spirit body and personality made in the image and potential to experience love.

When one has sufficiently experienced the Divine Love one develops the awareness that the whole mortal experience of individuality and potential, with the complete infrastructure that God has put in place for the advent of each finite personality and its life, is at the very forming principles of universal existence and mortal creation the varying natures of love. Any mention of the word progression, choice, harmony, Spirit Laws, any mention of any attribute in which God has caused into existence that relates in their potential with mortal personality is at the universal heart, principles of love. Truthfully it is all about love with the addition of Divine Love and there is nothing truer than the Divine Love as a potential to fulfil the need of a soul. The need is a human truth and a spirit truth. Need forms part of our ability to acquire or to seek for something that fulfils an innate longing and potential in the human soul. Needs do change and as one moves through their life's experiences we see that needs change so as to fit the requirements that develop so that experience meets the need of the individual personality.

Celestial spirits have different needs than perfected spirits in their natural condition of love. Strangely enough, individuals in their perfected state of natural love often speak of how they have no need of anything else. They are reasonable and resolute about this. Most individuals I have met in the Sixth natural Sphere admit that they have no need for anything to add to their experience or progression for they feel assumed in their position and believe that there is nothing beyond them that will add to their intellectual perfection. So determined are these individuals that their resolve excludes them from conceiving that anything like the Divine Love can actually progress them even any further and the sight of a Celestial individual before them can have an adverse effect because, when one has assumed such a position it is beneath them in their knowledge, that a humble gift of Divine Love has not been part of their perfection. Some individuals do succeed in making the Immortal choice and are living and embracing the Love.

Celestial spirits such as myself, love the fact that we still need the Divine Love. This is not a need derived out of an addiction or attachment, it is simply put, a true potential that forms part of our soul nature. If I stopped receiving the Divine Love my progression would slow and that is okay for no one is forced by any universal command to live in a progressive condition every single moment of a spirit's life. Part of our progression is to remain still and absorb from where we have progressed. I like the Divine Love for the Love replenishes my spirit-systems and that feeling of Spirit (the Father's instrument for the delivery of Divine Love) presence has its unique attraction.

MIND INDUCED SOULMATE RELATIONSHIPS – FALSE SOULMATE:

SOUL:

The Real You is your soul, you are one ‘half’ of that soul.

Each half of the original soul incarnates a spirit and physical body simultaneously, they being connected. The soul expresses each of its two personalities as a woman and man. True soulmates are always of the opposite sex.

Sexuality is an attribute of the two personalities the soul expresses; the soul itself does not know sexuality.

The soul connects to the two spirit bodies it has created by ‘golden cords’ of light; and the spirit body is in turn connected to the physical body by ‘silver cords’ of light.

The spirit body is your astral body. The etheric is really the body that is the template for the physical and one that doesn’t hold consciousness.

The soul remains invisible to the spirit and physical bodies, only being discernible by its luminosity through the spirit body.

95%+ of humanity currently are within the 1st sphere of development.

Being in rebellion by default, all our relationships are untrue and based on fantasies and erroneous beliefs of our mind. These relationships formed through the mind, are at best, temporary, and will ultimately end. They are false soulmate relationships.

Male soulmate

Unsuccessful

Eternal soulmate marriage between a man and a woman only takes place for those that fully heal themselves of the imposts of the Rebellion and Default. Through longing for the truth behind all our feelings (both good and bad), we can begin to live true to our feelings. And once healed, and reaching a Celestial Soul Condition, through our true feelings we find our soulmate, our true companion for all eternity.

I have observed that people who experience the Divine Love feel attracted to a presence of Spirit and one likes to feel this companionship in their life for they can remember how alone they felt when without this pleasant company.

My need is a harmonious balance and this potential keeps me active in my knowing that to fulfil my potential in my soul requires Divine Love to do so. Celestial spirits are visibly perfect in their living and each personality accepts a common need to acquire more of the Divine Love. The influence of this Love fulfils the requirement of soul potential and the primary needs to know and experience the Immortal truth.

143. *A Sweet Inflowing*

1 December 2012

There is no greater need than the potential for an experience of the Divine Love and to know the Immortal Truth as part of the Love's nature. Humans and natural spirits have been searching for it beyond thousands of years, and to know that this Immortal Truth begins with an Immortal Choice and simply to open the heart toward the Soul, God, and asking for an Inflowing of God's Divine Love, is a beautiful and honest thing to do.

Your loving friend,

144. *Perfect vision to behold*

2 December 2012

Good morning, I am here and enjoying this time together. I would like to cover a few things to reiterate themes that we have covered that relate to the experience and vision of the natural and the Divine Love.

The natural love is a system of harmony originated in the forming of the mortal soul and its potential for this natural harmony as a creation by the Soul, God.

The Divine Love that we speak of does not form part of this original natural harmony in the original image of the mortal soul. When one is aware of Divine Love and related workings of this Love, then the necessary vision extends from the natural harmony into the Immortal harmony and this continues a greater realisation of harmony as a definable principle that includes the individual personality with the Eternal Personality, the Soul, God.

The relationship between the natural mortal and Divine Immortal harmony are complete systems in their function that assists a mortal personality in its individualisation in a human and spirit life.

Competition forms part of human nature and is inclusive in an evolutionary experience and selection of progress in humankind. Competition does not form any part in a spirit's life when one is living in the Celestial Heaven. The only form of competition that exists throughout the natural Spheres is between the individual and God. The individual natural spirit may assert their personality as being more

substantial, important and significant in its position than being open to a relationship of love hewed out in the Divine Love of God. Celestial spirits understand the dynamic of the mortal personality placing itself in a position that does not require anything external to the self to define its mortality and position.

The natural and Divine Love are the two distinct principles of love that define all that it is to be mortal and Immortal and, these two Loves define why a mortal spirit world exists, so that the finite personality continues its experience and survival relating to the existence of the attribute of soul and its continuance in life.

An experience of Divine Love is an experience freely available and each mortal soul in its image is with potential, to experience this Love. The nature of God, to its fullest conclusion, is beyond our vocabulary. To see God, as Soul, is a good position to begin from and to know that this Soul is entirely approachable confirms that love and harmony, faith and Spirit are true values of universal potential.

Asking the Soul for Divine Love requires having made the Immortal Choice. Immortality forms part of the nature of the Divine Love, so, when an individual partakes of this Divine Love, the personality of that individual is confirmed as being Immortal because the personality follows the condition of the soul and it is the soul that first receives the Immortality of Divine Love. This Immortality then forms part of the individual in which the spirit body and the personality are changed and are now identified as being Immortal. Every Celestial spirit lives with this knowledge and we each know that Immortality is a truth for when we interact with natural spirits in all the natural Spheres, we can quite visibly see that the Immortality of the Divine Love has not formed part of these individual souls. Their personality in natural love acts quite differently than a personality that is of Celestial soul condition. The individual personality solely in its natural love is independent and without any presence of the Father's substance active anywhere within the individual. We can see that these natural spirits have as yet to make their Immortal Choice for the Divine Love. The visibility of the finite personality living without this presence of Immortality is obvious, however this natural soul condition forms part of the natural harmony that in its image and essence makes up part of the mortal spirit world.

These works that you are writing with our guidance are works of experience and vision derived from our collective experiences from living with and understanding the natures of these two Loves. Many people in their physical experience will come to know about the potential and the Immortality of the Divine Love. And, as you have experienced, and seen people, are underway having made their Immortal choice to include the Divine Love in their life. Some people may decide to immerse themselves in a study of universal harmony and how the Divine Love works and this is partly why these works need to be written. As you have experienced, not everyone participating in their Divine Love experience is interested in trying to reach a Celestial standard of soul condition. A faith experience in Divine Love in a human experience is a true vision that most will gravitate toward. People have been living without the awareness and knowledge of the Divine Love and one's potential of Immortal Choice a long time. Living with the awareness of the Divine Love provides its challenges and you have experienced this on a daily basis. The essence here is that by being aware of the Divine Love and that there are individuals in the spirit world who have made the Divine Love their life, you can now see and you are living among personality that dominates without the inclusion of God and soul compared with those of us who know ourselves to be soul and the personality is situated in an active harmony with the Soul of God.

Lastly, the immutable Spirit Laws apply in their function as a non-selective attribute. The vision of the Divine Love is realised when one sees how these immutable Spirit Laws act with universal nature, which is God's Soulful nature. The Divine Love, like the natural love, has its potential to fulfil the individual and whilst individuality is unique and diverse, the realities of these two Loves as a construct that defines all that it is to be mortal and Immortal, is for man and spirit, the most perfect vision to behold.

145. *Mortality and Immortality or Who am I?*

3 December 2012

Ever since people conceived the idea about the possibility of a continuance of a human life after death, a spirit world or place that exists that is other than this earthly coil, men and women have tried to identify their mortality and its finite human conclusion. The idea that Immortality might exist has resulted in many beliefs that have formed the cultures of people. People have always been concerned about what happens when a human life ends and still to this day, humankind cannot by its own experience provide conclusive evidence that is universally accepted as fact and human truth that the personality that one is, during a physical life, survives death.

When one is introduced to the existence and the potential of the Divine Love and the Immortal nature of this Love, it is then that the relationship between mortality and the *true immortality* is visibly known. This relationship founded on the principle nature of the Divine Love and what this Love provides to the attributes of individuality being the soul, the spirit body and the full expression of these attributes being the personality. The fact that one may contemplate a meaning of mortality and that the survival of the human personality is essentially as important a question as does God exist, or is there a God, and therefore, who am I, reveals to people how fragile and yet how robust human experience is. The answer is twofold: the human personality does survive the physical death of the body and continues its existence in the mortal spirit world. Yet, without the inclusion of the Immortal nature of the Divine Love in the soul, the continued existence of the personality in the natural spirit world is still in its natural mortality even though it is a spirit. Nothing has really changed other than environments in which the personality functions. The question, "Who am I" is answered in the truth that each human is first and foremost a soul with related attributes, the spirit body and personality. If the soul is unknown to the individual and the Divine Love is unknown to the individual, the question, "Who am I" will remain unanswered and this is why this question remains asked to this day. Celestial spirits have asked and answered these questions and we know who we are, where we have come from and who and what is God. Our relationship in the Divine Love with the Soul of God has provided all that is necessary so that our knowledge is known from our potential of once having asked such questions from our natural life.

I am pleased that you have received this brief but comprehensive message on the relationship of mortality and Immortality. I have thoroughly enjoyed writing this message out with you both.

Your Celestial friend,
Augustus

147. *I am aware of the Immortal nature of Divine Love*

3 December 2012

There is the predicament that one may find one's self in, when one is aware of the vision and reality of experiencing the Divine Love. What may come with this experience of Divine Love is the knowledge and information about what it is to be truly mortal. Humanity has lived without this general knowledge of soul relating with its attribute of spirit body and its potential for Divine Love as part of humanity and now this is changing. Being aware of the *Immortal* nature of the Divine Love places human awareness in a place of awareness that relatively few have lived before. The introduction of Divine Love and how this Love changes the soul condition brings to light complete ideas that have only been partially lived for man does not have the complete truth in the soul to begin with. Humankind has extended its questions and ideas and formed concepts about the human experience as an extension from largely the singular attribute of natural love. When the substance and Immortal truth of the Divine Love becomes part of a soul, and one desires to learn about the workings of this Love, then the workings about all that it is to be mortal, is progressed and completed by having the Immortal Love present and part of human mortality as the soul is growing up in its potential to be a citizen of the universe.

I am a spirit who is present and I have observed this work and its progress. Saleeba asked if I would like to write a little on my observation of Divine Love through the Ages. I am overwhelmed at this opportunity of service and I am an ancient spirit from the Nordic countries though my small village is long forgotten with no account of it having existed. I have been in the Celestial Heavens ever since the Master began teaching when he arrived here after his death. I was what one would call a mystic and healer and believed in nature as a source of life and that somewhere among the stars, that there existed a language of the universe. Well, I have found that language and it is the universal language of Love and Spirit conversed by Celestial spirits that has its voice in the local and greater realities of the harmony of the First Source.

I am grateful to write and to introduce myself at this time.

I am here by your side and you can sense my presence. Our experience writing this work has become familiar to you. You have both been able to follow our guidance and the Master's leadings and your mind has been thinking through past experiences that you have lived involving the Divine Love so that this may better assist us. The Master has conveyed (as he confirmed with you the other day) the essential truths for this work, *The Immortal Harmony*, *The Immortal Choice*. I have been given the privilege of extending this vision to now include *The Immortal Love*, which will be elaborated in more spirit communications.

You have seen how this work has flowed along and that only a few Celestial spirits have written with you. We thought it a good idea to introduce you both to two new spirits, Augustus and Francesco, and now a third individual, Egln. This adds voice and perspective to this work. Their input has been invaluable and I do hope that I can help with you to introduce Francesco's soulmate to the Love. Their input has been terrific and invaluable and I am glad to see that you and Zara have developed a good rapport with them. They are most grateful to be of service.

You are aware that there have been no natural spirits who have communicated with you. This was an outstanding feature in the experience of James Padgett's spirit writings (1914 – 1923). We felt it best in this work, *The Divine Universe*, to focus solely on the experience of the Divine Love, therefore those selected to write and work with you are fully aware of this direction. There are those experiencing the Divine Love now and many people will do so in the future therefore, it has been necessary from our part to provide an extensive progression to the experience of the Divine Love and related themes in their workings to universal Love and Spirit.

There have been those present with us in their natural condition of love who have inquired to the meaning of this work. Augustus and Francesco explained to these individuals the potential for Divine Love and that this potential is being conveyed in our spirit communications. We have tried and succeeded writing to you in the construct of natural and Divine Love, a language you are familiar with and as you have both discussed and used this construct at great lengths over the years.

You are aware that the first time that this construct of the Loves happened, was the event of the First Parents (Aman and Amon). Upon the subsequent withdrawal of the Divine Love humankind and mortal spirits lived in only one part of this construct, being our natural love. It wasn't until Jesus lived his life on Earth and the Father reactivated The Spirit that the fullness of this construct became active again, for the potential of all mortal souls. The next event of this construct, were the writings that Jesus did with other Celestial spirits conveyed to James Padgett. This consolidated the construct and introduced the Loves in the human experience to which you both read these spirit writings and experienced the Divine Love, which developed your understanding of these Loves. Now, there is this event, which extends the construct of the Loves and introduces more of the potential, which can be realised in the living.

The full reality of the construct of the natural and the Divine Love is realised in the fact that the mortal spirit world in all its Spheres, provides the environments for mortal souls to reside in and that one resides in the fullness of the construct which involves the Divine Love or in part of the construct, which involves only the natural love. Once one understands this and sees the vision of it and feels the living in it, then the entire mortal spirit world comes into perspective and how the mortal personality is situated in these Spheres relative to the soul condition in these Loves. One is with Divine Love or one is progressing in their first experience of the Divine Love or one is living without the Divine Love. Every attribute that makes up the mortal spirit world assists in the living of love, natural or Divine. And once one grasps this, then all the attributes form a complete picture in their workings as caused into effect by the Father, who has formed the construct and its truth as being: that the mortal personality exists because the attribute of soul exists and this existence is formed in the living and potential and harmony of one or in both these Loves.

We have felt a real necessity to continue the work of introducing constructive themes that form a platform and introduce a vision that can be identified by the individual who is embarking upon an experience of the Divine Love in a human life where to begin with, everything universal appears so big and vast and one is a tiny sand grain being introduced to the great sea of Love and Spirit.

Thank you for receiving my message this morning,
Your Celestial friend, *Saleeba*

152. *Divine Love, Pure and Applied*

5 December 2012

Our work here is Divine Love, Pure and Applied. We know the responsibility of our writing, as you do, and we all know how true the Divine Love is. The Love is truthfulness and so there is no trickery or manipulation, falsehood or deception from our behalf. The beautiful thing here in these words is that a few Celestial individuals are working at conveying experiences of Love and Spirit that aspect the personality and its related attributes. There is never a Celestial spirit who is trying to impose their self-nature as being more dominant and more significant than the Father's Love and Spirit. Everything we convey relating from our experience of Divine Love is transparent and evidence of all that we introduce is confirmed in one's experience of feeling and experiencing the Love for themselves. The innocent and sincere person who is endeavouring to know, embrace, feel, believe or have faith in God in the fact that when one prays for the Divine Love, that this Love will touch their soul, is, the honesty and integrity in which our support stems from here in the spirit world.

Your Celestial friend,
Augustus

The Divine Love completes the form of the human being.

Our soul is formed from the substance that is natural love. When we earnestly and lovingly ask for Divine Love, the Divine Love is added to our soul, thus we steadily and progressively become complete in our being.

161. *The Choice for Immortality*

9 December 2012

The choice for Immortality rests with the individual. Those of us living with the Divine Love have already made the Immortal choice. There is only one choice for Immortality of the soul, for there is only this singular Divine Love. If one looks anywhere else for a glimpse of Immortality they will fall short of the only way a soul be born again and this experience is exactly how the Divine Love begins transforming the nature of the natural mortal soul. Many have taught and revealed many different beliefs pertaining to a mortal union with God however, the teachings and revealings of the workings relating with the natural and the Divine Love provide the truthful way a union with God is fully realised. It is the presence of the Divine Love in the soul that makes this union progressively visible and lifts one's vision out of the shadow and into the Truth. There is no other structure set in place by God that provides a way for a mortal soul to experience Immortality. The way in which the First Source has provided the many attributes that form the mortal personality, and then by providing the Divine Love, is the singular way for the personality to gain its *Immortal* status.

It is understandable that in the diversity of human experience, people would like many ways to God, because this fits the colourful and diverse nature of human beliefs. When one studies the nature of personality, part of the freedom of the individual is to form in their independent nature, a particular view or belief that feels right at the time. The wonderful thing about human nature is that it doesn't really matter if a belief or faith be true or untrue, it is the capacity for one to have their freedom insofar as being able to believe in whatever one likes and this actually is more substantial than the existence of a truth and if that truth be an untruth.

With the introduction to the awareness that *an* Immortality exists, and that this Immortality does not require a person to believe it true or untrue for this Immortality to exist, is a substantial acceptance on behalf of an individual in one's understanding that in the existence of the Divine Love one mutable personality has come into contact with knowledge and awareness of an immovable truth.

It is a good thing when one is aware of an existence of a human afterlife. This helps greatly when that time comes, for the passing from one world into another world. And one can also factor into this acceptance that in the spirit world, the spirit world has real environments, cannot from these environments, provide the necessary Immortality that I speak of, for only God's Divine Love can provide a mortal soul's Immortality. And let me say just to be clear, that when a soul partakes of The Divine Love, be this for a drop of Divine Love or a river of Divine Love, as soon as the Divine Love becomes part of a mortal soul that soul is deemed as now being Immortal and this dovetails into the spirit body and the attributes of the mortal personality and so, therefore the mortal personality is now deemed as an Immortal personality. If one excludes the Divine Love and never makes their Immortal choice for the Divine Love, then that individual will live their human or spirit life to the exclusion of a very significant aspect of God's Soulful nature and will remain in only their mortal condition of personality on Earth and or in the spirit world.

From the outside looking in, the Divine Love and its related workings may seem like they will never give an inch. How one may come to know God and experience God as Soul is by experiencing a part of God's Soulful nature, being this Divine Love that I speak of. Once the personality has come to terms with the fact that one is embarking upon a soulful relationship that involves the mutable nature of a

person or spirit with the immutable nature of God's Substance and Attributes, then what was once perceived as not giving an inch, the Divine Love will take the individual *the Eternal Mile!*

God actually, through the workings of the Divine Love, grows each individual's attributes in a relative perfection of Immortal harmony. The start can always be a little bit rocky, but then people know that if there is an edge, it kind of makes the beginning one to remember and we all remember the day or night or the moment when we first experienced the Love and our soul being touched by the gentle nature and feather of Paradise, being the immovable and irresistible and Soulful nature in God's Divine Love.

In the Divine Love everlasting your Celestial friend,
Luke

166. *The Messenger of Divine Love*

11 December 2012

The messenger of Divine Love really is carried on the Spirit. The messenger and message of Divine Love involves Spirit.

It was by the delivery from Celestial spirits that James Padgett received the message and inspirations pertaining to the Divine Love, and it is by The Spirit that the Divine Love is brought into the mortal soul (1914 – 1923). It is then from this Divine Love that the spirit-energy in the mortal soul is activated as an attribute that bridges the soul and spirit body so that changes are experienced in the spirit body and the personality adapts to these changes taking place in the soul and spirit body.

When learning about the nature of the Divine Love in the vision and experience of potential this Love provides, the individual is introduced to the extended workings of immutable Spirit Laws that function independently yet in contact with the now progressing condition of the advancing soul. Being aware of the Divine Love introduces one to the existence of spirits that reside in a mortal spirit world and the implications involving the Divine Love with spirit attributes are vast experiences of vision, whilst these spirit attributes remain independent of the Divine Love and yet this independent blend of the Divine Love and attributes of spirit is inclusive and involving.

Experiencing the Divine Love involves The Soul and The Spirit of God. God the Soul and originator of all attributes of spirit and mortal soul, is at the centre of the experience of Divine Love. At first the self-centred mortal personality may or will see itself at the centre of a social universal life, yet with the inclusion of the Divine Love, this immaturity will mature so that then the mortal personality will accept its self in relationship with the centre of the universe, being the Soul, God.

Even though God the Soul is at the centre of universal everything, all mortal and Immortal personality retains its independence otherwise God could be seen as the self-serving God at the centre of all life created. This is not the case. God the Soul is not an Eternal Being that resides in a Self-Serving Nature at the centre of the universe. The origin of God abides in the nature of God and truly known by God and from this extension and origin, all forms of energy are released with harmony to form the existing universes, even if we do not understand the nature of this harmony.

If one truly desires to understand the nature of a Divine Love experience one will at some stage in their experience, need to embrace the provider of this Love. The Divine Love is the perfect substance and causality for one to realise a personal God and to personalise God in a living human or spirit experience. This is so because the Divine Love received into one's soul is *Living and Active*, and will activate the spirit energy and attributes in one's soul and spirit body. **Essentially, the more one learns about the nature of Divine Love, the more one will in essence, be learning about one's own soulful nature and the Soul Nature of the Loves' provider.**

How an individual who is in Celestial soul condition experiences God, and how an individual in a natural soul condition experiences God will be entirely different. Although a love of God may be shared by both the individual who has accepted into their soul the living energy of Divine Love will progressively know an animated God whose true loving nature is present and known and whose existence is identifiable to the individual. The problem with only the natural love insofar as trying to ascertain an identity of God, is that the personality of the individual no matter how humble or brilliant, will never be able to exceed its own finite attribute of natural love and so therefore, the personality will reach a boundary in its experience of trying to identify the nature of God as soul.

The solution to this problem is of course for one to begin receiving the Living Energy that originates from the Source and then this energy provides progression so that one is no longer subject to the pre-existing natural finite boundary.

It is a given that humankind is as diverse in its experience of life as natural spirits are in their life in the mortal spirit world. Yet, at the primary and principle functions, the diversity of personality in no way detracts from this functioning of attributes that continue to form in all that is at its fundamental essence, the nature of human nature and, simply because humanity is diverse does not mean that the structures that form mortal soul-spirit-personality are diverse in their originality. God, the originator, has caused into existence a perfect blueprint that forms the boundary in energetic form and determination from which the attributes of human existence derive their nature. The potential for diversity is essential in human experience and to participate in the Immortality of Divine Love is a reality that forms part of God's structure for mortal living.

The reality of an existing loving God that one can personalise and the reality of an existing spirit world and the question of the questions leading from the asking of what is the true human nature, and the question of one's mortality have been perplexing themes and concerns over the years and will continue to be so. Introducing the awareness of the potential for Immortality by means of experiencing the Divine Love may add to this perplexing mortal experience but at least a truth and its potential found and made known.

EACH SPHERE PROGRESSIVELY LEADS to the CENTRE:

Consider that the mortal spheres, both for the Natural Love Mansion World spheres and also the Divine Love spirit Mansion World spheres progressively are further away from Earth, with the 1st Mansion World blanketing Earth. Then next are the immortal Divine Love spirit spheres known as the Celestial Heavens, then the Eternal Spheres, Infinite and Universal Spheres.

Our own solar system is in the outer edge of a super-universe, being one of seven. In fact, the outer ring is a series of seven super-universes circulating around a massive inner sphere.

We may progress towards the absolute centre, to the Spheres of Paradise with further development as an immortal Divine Love spirit, having completed our Feeling Healing. These form an inner circle around the Super Grand Sphere that surrounds our Heavenly Parents' Soul.

Finally, the last remaining Sphere beyond the Super Grand Sphere is our Parents' Sphere. We can and all will, should we choose, make this journey in our own time and as we please.

All those questions asked of the Ages such as whom and what is god; where is god; does god exist; can I ever know the truth? All these questions are leading questions that are answered in the fullness of a Divine Love experience. If one doesn't believe this to be true, then it is more than likely that one will not be interested in the Divine Love even though one may have asked such leading questions. The experience of Divine Love provides the way for one to know for them selves, the reality of God's existence. And yet, a Divine Love experience is so simple of heart and sincere of soul, that this forms the beautiful truth of it. In fact, it is so simple to experience the Divine Love that many may not trust it to begin with because it is so simple to experience! How can something so entirely free and so simple to experience have been missed by the Ages of man, and how can something so simple reveal so much potential that has been unknown and un-revealed about individuality and mortality?

If one applies their logic to the simple nature of experiencing Divine Love, then one will understand that the provider of this Love has made it this way so that a beginning of Immortality may fulfil the potential in each finite mortal soul and a potential for one and all mortal souls created. In order for the provider of this Divine Love to enable personality to experience this Love, this Love in its nature has to be able to be identifiable and a beginning so simple, that human or mortal spirit intelligence does not govern one's choice for Immortality and to know the truth about living love.

There is no doubt that when one resides in the Celestial Heaven the reasons as to why one would ever choose to experience the Divine Love and to continue with this experience is fully revealed and explained, this by virtue and the fact that the provider of this Love is revealed. In a human experience the structures and conditions of a social and material life may assert their position preventing one from a continuous experience in Divine Love. The physical aspect of human nature absorbs people into a social life that requires most or nearly all of one's time. The Divine Love is present and always present even if one forgets, and **once this Love has permeated into a soul, this Love is never lost to that soul.** One can always return to the Love in the ebb and flow of human experience. It is to say the least, good to know that a reliable source of Love and Spirit is always present. When one finds that the material or the social, the physical or the mortal aspects of a human social life, no longer provide any more entertainment for the personality, perhaps, one can then begin to entertain the idea that a truth may provide more internal substance and providing some meaning to a human life and a meaning as to why one even exists at all in the first place, thus the meaning to it all!

The Celestial teacher,
Luke

Note: Following the writings of James Moncrief, one could consider that any reference to the Father, by other relevant writers, may be read as a reference to 'our Mother and Father'. Further, when considering soul healing, then reference to Divine Love could be referred to as 'Feeling Healing with Divine Love'.

The BEAUTIFUL MIRACLE:

5 October 2012

The DIVINE UNIVERSE

The way in which the Spirit conveys the Divine Love into the soul is a beautiful miracle. The attribute of mortal soul prior to incarnation has to it, a potential within it that is part of its formed nature. After the soul incarnates this potential remains part of the soul and even if the forming personality is unaware of such a soul potential, the potential still exists. The Divine Love is entirely suitable in its energy of harmony to be the energy that a mortal soul can utilise. The Spirit covers the spirit body when the individual sincerely asks the Soul of God for the Divine Love and this covering of the spirit body is where the dynamic of this beautiful miracle takes place. From the internal longing of the individual for the Divine Love this activates the Spirit Law that activates the Spirit that is then attracted to the spirit body upon which the Spirit material of the spirit body draws the Divine Love in to its soul and this union complete. The key here is to gain a perceptive insight into realising that the spirit body is not an inert body but that it is living and has activity, recognisable from its first forming from the Spirit Law that materialises a spirit body. The Spirit and the spirit body to give an analogy are like two attracting magnets and when the surface of the spirit body is touched by the Spirit, this causes the automatic response of the Divine Love to permeate into the attribute of soul and so begins the transformation of energy from the natural into the Immortal Divine Harmony. If the individual continues the receipt of Divine Love the energy that is Divine Love actively begins to change the soul and this is felt in the spirit body systems and can produce feelings of love and elation. The spirit-mind begins to change as all spirit body systems are affected by the changed condition now experienced in the soul as the soul becomes living and vital. In one's progression of this Divine transformation, the soul will mature enough from the amount of Divine energy it receives and at that moment the surface of the spirit body and the Spirit are continuously attracted to each other and one is living in the presence of the Father in perfect harmony and this clarifies the truth about what it means to be truly at-one with God.

SHINING TOWARD SPIRIT:
665. The Shining toward Truth

Vol III, p. 157, 14 Nov 2014 – 14 Mar 2015 Zara and Nicholas

www.lulu.com

It is I Matthew, a teacher of the Divine Love. I have communicated with you recently, now I desire to provide you with a visual description of the Love.

Imagine a continuous Energy shining light blue that is unbroken with a seamless surface that surround every mortal and Immortal spirit. Imagine if you were to become aware that this energetic field of light-blue Energy existed in its shining radiance just near where you are. Now that you are aware that this unbroken Divine Love is unified energetic field of living Love, by opening toward the Soul of God and aspiring for the Divine Love, the Acting Spirit gently brings a small portion of this shining blue Energy into your soul

The Divine Love that you have received remains part of this great Energy that the Divine Love is and even though this small portion of Divine Love, now within your soul, in its shining radiance and energetic cause, it is never separated from the continuous energetic field of Energy that the Divine Love is. Having partaken of this Energy it is with perception that one is aware that the Divine Love within one's soul is the same Divine Love that every person and spirit who has partaken of this Love, participates with. Even though in our individuality we partake of this Divine Energy, this Love is never broken away from the Source and Origin from which this Divine Love emanates.

The Divine Love is bestowed into our finite soul by the Acting Spirit, but this Spirit remains in contact with our spirit body and does not enter the finite soul to become part of our finite soul essence that we are. No mortal or Immortal spirit can manifest in their soul the Acting Spirit so that this Spirit – this Holy Spirit – becomes part of our existing finite spirit body. Only the Divine Love and its Energy becomes part of our finite soul, which causes the change to our spirit body. The Acting Spirit always remains its own attribute and never does a Celestial spirit claim ownership or take possession of the Acting Spirit within their soul. (The Holy Spirit / Acting Spirit is an instrument of the Source Soul, our Father.)

This is one of the wonderful Truths by which we who have been transformed by the Divine Love understand our personal relationship with the Father's ever-present Acting Spirit. The shining Energy of Divine Love is all around us and when we have partaken of this Love, part of our finite nature becomes independently shining in this true perfect Love.

I provide these words that may appeal to those who are visual and to express the universal appearance of the Divine Love and the personal touch when in contact with the Acting Spirit.

Matthew (Apostle)

Whilst we are receiving our Heavenly Parents' Divine Love, and that this Love is causing change within our soul and spirit attributes, the greatest Truth known to man and spirit is that this is the way our Mother and Father are actually loving us! When we progress, it is God's way of loving us into love and then we live what we are, love.

The DIVINE UNIVERSE:

170. The want for Truth

14 December 2012

The soul has an innate longing for a reunion with its Creator, whether this longing is known and experienced by the individual, or remains unknown.

This is to say, that each soul is energy, form, finite love and attribute of life, and also present to the nature of each soul, is the presence of an attribute of spirit and this attribute is essential to the soul, for when one receives the Divine Love, the Divine Love activates this dormant attribute. If the individual continues to receive the Divine Love, the soul comprising of all its attributes begins to change and grow and the attribute of spirit in the soul begins to fuse with the spirit-mind and personality so that the individual is confirmed in the living existence of their soul, and that the soul's new-birth has transpired, and by the use of the spirit-body senses, the personality can now identify that what was once unknown in all its aspects of nature now visible and one in their Immortality, knows that they are ... soul.

The nature of the mortal soul and its attributes is an awareness that lives with obscurity in human life. It takes quite a substantial amount of the Divine Love for one to identify their soul in the way in which I have just explained. So dynamic is the principle nature of the soul and its attribute of spirit, that the soul is at the fundamental determination of a human life and the forming and potential of the Immortality for each finite personality.

As you have seen, people can become emotionally attached and driven by *their want* for truth. This passion can be further added to by the intellect and the emotion of the longing. The emotional want can be a sign of a greater need, from a truer need and this being the soul's longing to know its creator and for a reunion to happen. **All that is required is for one to direct their will of intent toward the Soul God, and to ask for the Spirit to convey the Divine Love into their soul.** If one is sincere in their asking, the Spirit responds and the Divine Love is conveyed. One can then stop in their want for truth, and in their continued experience in Divine Love, this want will diminish for the soul awakens and the attribute of spirit in the soul, becomes more evident in the spirit body and one can turn their attention from the want of truth to the now learning how the Love works which reveals the knowledge of truth.

Our mortal needs and wants are very real to a person. If one truly desires to know the truth of all truths, then one is going to be required in their desire, to go directly to the source. No human being, or mortal or immortal spirit can ever take the place of the Soul, God. Therefore the Divine Love that I and all other Celestial spirits speak of and that natural individuals may desire, will never be forthcoming from another personality other than the Soul God. An arrival to this awareness helps one to develop a trusting relationship with the First Source and only source of the Divine Love. As the soul comes to life from the Love, and the want for truth dissolves into the awareness that one no longer 'needs to want' then, that peace comes that passeth all understanding. The search is over. The Divine Love found and experienced. I know how the human needs and wants work, for I have experienced this when I lived my life on Earth and this taught me much about the nature of human life and, as a person, I experienced the human emotion in my younger years, in a need and want for greater truth. This kept me true to forming my union with the Father and being able to understand men and women's soulful longings to know what the Truth and living the Truths is in a human life.

Peacefully, *Jesus of the Celestial Heaven*

**WE ARE ALL SOULS of our HEAVENLY PARENTS, our MOTHER and FATHER:
We are mortal souls who have the potential to experience the Divine Love.**

If a person or spirit experiences a drop of Divine Love, then the soul is deemed Immortal, which the spirit body and personality must follow to this perfected truth. The Divine Love is in its own nature, the highest, or if you like, the most perfected form of energy and Law that a mortal soul can receive and experience.

The radiance of the spirit body that is seen by other spirit people, is distinguishable as to the presence of natural love and the amount and also Divine Love and the amount. The energy of both loves is processed in the region of the heart region within the spirit body. One's soul is lodged in close proximity to the spirit mind.

Divine Love – if sincerely asked for – will not be withheld by the Eternal Love of our Heavenly Parents, no matter what condition one's soul may be in. Divine Love is experienced at any stage in a natural love condition of soul whether error exists or not. What is required is that the cognitive capabilities of the maturing personality must knowingly be asking for this love to be added to its being.

Conception / incarnation brings together the soul, which lodges within close proximity to the spirit mind, which is located in the same region as the physical brain. The personality is created at the same time as the spirit body. Nothing that is Divine is within the forming entity.

The spirit body's energy is managed in the region of the heart and solar plexus, we are endowed with natural love, being an energy, at conception. It is this energy that is visible to other spirits, not the soul that we all have.

A newly individualising soul is just a tiny invisible spark.

Viabile embryo forming.

171. *The Vision of Immortality*

14 December 2012

I am here to convey vision. You, Nicholas, and Zara have talked often about how it would be if the world had and lived in a general awareness of the Immortal potential and presence of the Divine Love. You have on your walks spoken of this often. Imagine if all of humanity knew that the Divine Love is present, with people worldwide experiencing the Love and the potential of experience as common human knowledge. Imagine the people of the world knowing the fact of the existence of the One and only true Soul, God the originator of all mortal souls and in this knowing, lived each day with this awareness and of God's Soulful Divine Love.

Yes, the world would be an entirely different human world. Such awareness would change humanity and the human experience forever. The history of humanity would for the first time, live in the awareness of a reliable truth, faith and harmony. Humanities belief about what it is to be human would change. Obscure and unknown knowledge would be a thing of the past and in the diversity of humankind a new humanity would emerge on this foundation of universal Love and Spirit that is not selective or competitive to any one particular race of people but true to the human race.

Each person would still commence their life in the necessary individualisation of their incarnating soul and forming of their spirit body in the principles of natural love for the purposes of forming a personality with its survival for a human life and transition into the spirit world. The natural soul system would still continue and now the Divine Love system would have visibility. Humankind would re-identify with its identity and this progressive choice would change the way evolution is perceived in the survival of the human species. Mortality would have Immortality as a viable context and many beliefs pertaining to the nature of man would be eradicated because people themselves would no longer require error to stand on. Humanity would see the universe being made up of substantial parts and because the Divine Love known, the existence of an afterlife, the mortal spirit world accepted and known. The finer workings of Love and Spirit may not be embraced by all, however, individuals would specialise bringing information that then becomes a part of the knowledge of all that it is to be human, just like we are doing now.

Can you imagine the leap in human awareness if all that I have said were known? For the first time humanity would have a fair and reasonable choice, and this being the Immortal Choice for the Divine Love. There would be those who continue in only their natural love along with the balance of those experiencing the Divine Love and judgement would never take place in a competitive sense on who is with the Love or not because everyone would know that humanity comprises of the natural love and potential for Divine Love and the harmony is a truth in both Loves.

The reality is that this is how life is in the Celestial spirit world. A large part of humanity is living in their awareness of Divine Love and all that I have just said. A vision of the future for the human world is being lived out in the present in a part of the mortal spirit world. There are those of you who are in your human experience enjoying the Divine Love and you are living the vision that I speak of and living this vision with us.

Question: Will the human world ever have the world awareness of the Immortal Choice?

We here in the Celestial Heaven speculate about this. Only the Eternal Soul, God knows this answer and so, with the passing of each day, we help to generate and create this vision to its fulfilment. If the human world knew about the Divine Love as a general awareness, this I do know, such awareness would change the mortal natural part of the spirit world forever!

With the Divine Love comes vision and the interrelationship between the natural and the Divine, the mortal and the Immortal, the human condition and the choice for Divine Love is a vision that is a universal freedom for one to work with in their experience, knowing that by experiencing the Divine Love the world one lives in has already changed.

Luke

177. *Observations of experiences*

16 December 2012

The main point of difference between a Divine Love experience on Earth and a Divine Love experience in the Celestial Heaven, is that here in the Celestial Heaven, the whole natural experience of personality is no longer the dominant environment and determination for experience. In a human life inclusive of Divine Love, I see that the natural self-determination of personality is still very much the determining experience. This tends to naturalise Immortal truths. An Immortal truth can never become anything other than what it is though it does seem that the natural experience misinterprets, over a length of time, what an Immortal truth is. There is nothing right or wrong in this for we all know that the personality forms in natural love to begin with and then at a point in time, in a person or spirit's life, one becomes aware of the Divine Love, the Immortal Choice made, and the Divine Love begins in a person's life. It does seem that whilst this continues to happen in the natural human world the Divine Love experienced continues to be *asserted over* by the natural inclinations of the personality and their belief and opinions which one may feel entitled to.

This can cause all kinds of diversity of experience as to identifying a Truth in a Divine Love experience and the Divine Love itself! In the Divine Love Spheres the individual is progressing from Sphere to Sphere and so the influences of their once lived natural life reveal their progress as the Divine Love reveals more of its nature in the personality. By the time the individual enters the Celestial Heaven from the last Divine Love Sphere, the personality is no longer subject solely to the once natural forming of a human life and material effects. The main thing I have observed is that at least some people are endeavouring in a Divine Love relationship with the First Source, in the often difficult human environment that is hewed out in the systems of natural love.

178. *What is Immortality?*

17 December 2012

The question, "what is Immortality" is a question quintessential to this work. The reality of an existing Immortality was first conveyed and introduced in the spirit writings on the Divine Love that James Padgett received. Immortality is such an important part in the constructs of mortal potential and attributes that comprise a mortal personality that when one fully grasps what *Immortality is*, then, the

reality of the mortal personality is seen as being situated well and truly in the attribute of soul and the spirit body in the experience of the Divine Love.

Without the Divine Love, Immortality exists as only a potential for the personality. With the Divine Love, this potential for Immortality is **confirmed** in the personality. The only way a mortal personality can obtain its Immortality is from the Divine Love. The Divine Love is the only thing formed in God's universe of Love and Spirit that can provide a finite mortal personality with something Immortal.

We know that the human personality survives the death of the physical body and transitions into the spirit world to continue a mortal life in the spirit body and new environment. The reality that the human personality has survived physical death and continues to live in the mortal spirit world is a continuation of the personalities mortality and having survived death and now living in the spirit world, in no way ensures or determines that the personality is now deemed as being Immortal.

The function of Immutable Spirit Laws that assist in the stages of a soul's life cannot provide Immortality to the soul. No other human mortal or Celestial spirit can ordain or anoint another mortal personality with Immortality. Not even The Spirit that brings and conveys the energy, Divine Love, into the attribute of mortal soul can provide Immortality to that soul, spirit body and mortal personality. Immortality does not have its existence as a potential or attribute in the soul upon the original forming, essence and image of each unique soul. This is why we have introduced the reality of the Immortal Choice, for each person and spirit will only ever partake of Immortality by his or her choice for the receipt of the Divine Love.

Immortality forms part of the nature of the Divine Love and as one may have read by now, the Divine Love has a lot of nature to it! Part of its nature as revealed in these works, is its Immortal Harmony that is demonstrated in the fact that every single functioning Spirit Law that relates with natural and Divine progression of a mortal personality, is a secondary Law in its function with and to the primary Law of Perfect Immortal Causality that exists as part of the function and energy that the Divine Love is.

If a person or spirit experiences a drop of Divine Love, then the soul is deemed Immortal, which the spirit body and personality must follow to this perfected truth. The Divine Love is in its own nature, the highest or if you like, **the most perfected form of energy and Law that a mortal soul can receive and experience.**

Due to human experiences that may require compensation, the potential for Immortality still exists even though error exists and forms part of the soul condition. This experience demonstrates quite clearly the mercy and wisdom of the Father and provider of the Divine Love, that when error forms part of a soul's condition, the Divine Love – if still sincerely asked for – will not be withheld by the Eternal Love of the Father. The reason for this is simply explained by the existence of the natural love as the initial soul system for personality to commence forming in, and, there is always the potential for the individual to commit and create error. If everyone were required to be in a condition of their perfect natural love prior to asking for their first drop of the Divine Love, then this would place a condition in the actual independent nature of personality in which the originator of human life established mortality to be.

The beautiful thing is that people and spirits residing in error in their natural soul condition, can commence the receipt of the Love and people and spirits who are in a perfect natural soul condition can

begin their receipt of the Love. The Divine Love is a greater working than the natural love and it is not conditioned by the mortality of the natural love. The Divine Love is experienced at any stage in a natural love condition of soul whether error exists or not. The vision of Immortality is a choice that rests with the individual, and continues as a progressive choice as one chooses to continue their progression in the Divine Love.

I do understand that in a human experience one may have received the Love or may have been introduced to the Love and thus their soul having received the Love, is now Immortal whilst the individual is completely unaware that Immortality even exists as part of the nature of the Love and the Truth it provides to the mortal personality. There have been many, and will continue to be many people who are introduced to the Love or experience the Love whilst remaining entirely unaware of any Immortality, progressive choices or any of the workings of the Love and related dynamics of Love and Spirit.

Lastly, I must say that reincarnation does not exist and it is an erroneous belief. A belief in reincarnation will never provide mortality with Divine Immortality. The only thing such a belief will provide is the luxury of the individual having the pleasure of that belief and the illusion that it provides as a reality of truth. As soon as the truth of Divine Love is known, and the way this Love provides the attribute of soul, spirit body, and personality all it needs for Immortality, then a belief that is false can be changed into a knowing of truth and also a mortal personality that has formed with spirit body and soul can never detach itself of its own accord to re-join the human race in a human life again. Further contemplation on the nature of Divine Love will provide more vision into such questions like what is Immortality?

NATURE and STAGES of FUSION:

Seventh stage of Fusion of individuality is the transition from the Eternal Spheres towards the Spheres of Paradise. The individual is now fully fledged in their union with God and can travel around the entire soul Sphere that God is and resides in.

Sixth stage of Fusion truly demonstrates how the personality is infused with extended attributes of mind-spirit function as the individual progresses from the Celestial Heaven and enters the Eternal Spheres.

Pre-Incarnational Sphere:

First stage of Fusion is the separating of the soul into two, each soul half being complete on their own.

Fifth stage of Fusion transpires when their natural love changes and one's soul progresses to the condition to be of Celestial soul quality, one enters the Celestial Heaven.

Fourth stage of Fusion involves the Divine Love. This can happen at any time during the natural life experience of the individual. Happens when the Immortal Divine Love enters the attribute of the soul for the first time, either when in the physical body state or spirit body state.

Second stage of Fusion is simply defined by the incarnation of the finite attribute of the soul to acquire a spirit body and living attribute of personality, which commences the finite soul's individualisation of mortal life experience.

Spirit body →
Soul →

Third stage of Fusion in a soul's life is its transition into the First mortal natural spirit Sphere. This stage is defined as the ending of the physical incarnation and the beginning of life in the spirit world.

The DIVINE UNIVERSE:

180. *All things great and small*

18 December 2012

The expectation that the Divine Love will change a human life or that some kind or type of immediate experience will happen that will transform one immediately or spontaneously into a condition of soul equivalent of a Celestial spirit in a first receipt of Divine Love is impossible. The individual personality needs time to adjust to the new experience of being aware of the Divine Love, and having received the Divine Love, the systems of the spirit body need time to integrate this new infusion of energy that is perfect Immortal love.

The changes in the soul are generally slow and this provides the time for one to learn about the nature of changed conditions in the soul and any progression that requires the Spirit Law of Compensation to be involved. Every person is unique and differs from every other person. This is a given and so each person's experience in the receipt of the Love will appear to be different as the Love works the same and toward the same result over differing individual's life experiences.

It is not for me to say, nor any other Celestial spirit, why only a particular thing will happen when one experiences the Divine Love. The Love works the same way bringing the same result in relationship with the same immutable Spirit Laws, yet people will believe that along the way something differs or a different thing is happening. Every person will have their reason as to why they choose their first experience of Divine Love, or why one passes it by. Part of the journey in one's awareness of the Love is to discover the reason why one is in receipt of the Love and feels inclined to continue with it. I know that many ask for the Divine Love in a human experience for they think that it will help their material life. The physical nature of a human life brings conditions as to why one will embrace the Love or not, or why one will continue with the Love or give it away, so to speak.

The only example that I can give that best describes a Celestial condition of soul in a human life is best summed up in one word: **acceptance**. The fullness of this word will describe that one accepts the Father without any mortal condition. The road to this fullness will reveal how in a Divine Love experience one is in relative terms, in a condition of acceptance of one's self with the Father. If you look at memories, beliefs, fears, loves, passions, causes and effects, and relationships in the whole myriad of a human life and then you include the perfect Immortal Love, this Love will mirror all that is not in the accord of acceptance within the individual which then reveals one's standing in their harmony with the Father.

In the Celestial Heaven, Celestial soul condition is personified as in the harmony of each individual who has accepted their finite and Immortal place in the universal workings of the Father's Love and Spirit. The road to this condition is the journey one has lived from firstly being unaware of the Divine Love, then, being aware of the Divine Love and a progressive experience of adjustment through the Divine Love Spheres as the personality slowly accepts the Eternal personality, the Soul God.

I understand the imposing nature of human life and, the contrasting differences between all that is natural and what is Divine. **These two Loves are never divided for the natural love is harmonious in the soul when the Divine Love becomes part of that soul.** The reason why change happens is from the result in spirit-energy and this greater Love (being the Divine Love) and the lesser spirit-energy and finite smaller love (being the natural love) being absorbed by the presence of the Divine Love. And

herein lies the truth. If the natural appears in a position of being greater than the Divine, then one will never find the acceptance that causes one to realise that the Divine in its working is far greater in its capacity to provide experience than solely the capacity of the natural to generate experience.

190. *A drop of Divine Love in the ocean of faith*

24 December 2012

For most it is a private matter between themselves and God's Soul nature and I always respect this. The union between a mortal soul with the Soul, God, is of the utmost importance and nothing shall ever stand in the way of such a union nor shall there ever be any interference of any kind to disrupt this union by a natural spirit and one who is without the Divine Love. If ever there be a natural spirit present, then this individual will desire to learn about the Love that the person is experiencing for such is the attraction of the Immortal Truth that exists in the Love. With regard to this Truth, I know where of I speak.

When The Divine Love and The Spirit are involved, there is nothing in all God's universe that can affect any outcome that may assert its dominance over the Love and the Spirit. I would like to make it known here that the Divine Love and the Spirit are without equal except for the Soul and Source of this Divine Love and The Spirit. And that people will know that when they seek for this Love and honestly pray to the Soul God for this Love, the Love, and only the Spirit and the Love they shall receive. They will not receive anything else from the entire mortal spirit world. To request things of the Father is to ask for things of a personal nature that requires a separate kind of asking.

Prayer for the Love need only be exactly that. The Love is the most perfect truth a mortal soul may receive so in effect, by asking for the Love one is asking for every and anything else one needs or wants. For in reality, there is no greater truth to be asked for therefore, by praying for the Love everything else must follow in this accord of Law and harmony.

Leading on from what I have just explained this provides and gives good reason as to why *faith* is so necessary. Learn and live your faith as it develops in the Love and from this extent, everything pertaining to an individual experience in among the ramifications of causality, the individual, fulfilled.

I am not teaching that one need be fundamental in one's faith or dogmatic in asking for the Love, though I am instructing those who experience the Divine Love to be faithful in their approach to the Father.

The human love, the natural love in men and women is a good love when allowed to act to its potential for goodness. I know with great certainty that everyone lives different lives and in these experiences, certain conditions form in one's life, which can restrict or give the illusion of restriction into one's ability to accept a freedom of choice. The choice for Divine Love is an *Immortal choice* that is always present. And I am not too concerned if one's aspirations for the Love are so small that only God alone can hear. The Soul God hears every small aspiration and accepts every little step in faith. I am not concerned because I am not the conveyer of this Love so I need not hear every mortal soulful prayer. The Soul God hears and listens to these aspirations and in this I am truly comforted.

Each will know why they desire the Love. If they don't know at their time of asking, with time and experience, one will know which will qualify to that person the very reality of their faith in response to their experience in the Love.

It has been necessary to introduce as much experience and vision as possible in this work by the Celestial spirits, so that the Divine Love is seen central to all extending themes so that the presence of Divine Love has more visibility to it. There is only one true way for a mortal soul to experience the Love and this is to ask in one's faith for the Love even if this faith is but a drop in the ocean of one's potential! And so I say, that this Love – the Immortal Love – is living here and now and may one not wait until tomorrow to make their Immortal choice.

Thank you for lending a hand,
Jesus of the Celestial Heaven

DIVINE LOVE:

<http://www.fcdt.org/divinelove.htm>

The words "Divine Love" have been used in many contexts to convey different meanings. But in the context of our Heavenly Father, Divine Love is the greatest gift in all the universe. It transcends all else that can assist humankind fulfil their dreams of happiness and have them resolved within themselves. God's Divine Love is the one thing in all of God's infinite universe that can bring about eternal life and everlasting happiness in the Celestial Kingdom.

What is Divine Love?

The Divine Love differs from the natural love of man with which he was endowed when created, which belongs to all humans, and which they all possess in a more or less perfect condition in this: that the Divine Love is that Love which belongs to or is a part of God, possessing His Nature and composed of His Substance, and which, when possessed by a human soul to a sufficient degree, makes him divine and of the nature of God.

What is the New Birth?

The New Birth is simply the effect of the flowing of this Divine Love of the Father into the soul of a man and the disappearing of everything that tends to sin and error. As the Divine Love takes possession of the soul, sin and error disappear. It, the soul, becomes of a quality like the Great Soul of the Father. And with the Soul of the Father being Divine and immortal in Its quality of Love, so, when the soul of man becomes possessed of this quality of Love, the soul being the man, this soul becomes divine also. Then, the image becomes the substance; the mortal becomes the immortal; and the soul of man, as to love and hope, becomes a part of the Father's Divinity.

How does one receive the Divine Love?

The only way is simply this: that men shall believe with all the sincerity of their minds and souls that this great Love of the Father is waiting to be bestowed upon each and all of them; and that when they come to the Father in faith and earnest aspirations, this Love will not be withheld from them. And, in addition to this belief, that they pray with all the earnestness and longings of their souls that the Father will open up their souls to the inflowing of this Love, and that then may come the Holy Spirit to them to bring this Love into their souls in such abundance that their souls may be transformed into the very Essence of the Father's Love. The soul who will thus believe and pray will never be disappointed, and the Way to the Kingdom will be his as certainly as that the sun shines by day upon the just and unjust alike.

Take the test.

Too often we are told to believe something based on what we are told. You don't have to "believe" anymore. Now you can have physical proof of the existence of God and His Love for you?

"test my teachings that the Father's Love was now available, and pray for it to the Father in earnest prayer, and see whether, if this was done in sincerity, the Father's Love, conveyed through the Holy Spirit, would burn and glow in the soul, by which sign they would realize His Love was present therein." – Jesus

Take it to heart – earnestly pray for God's Divine Love and feel the glowing of His Love in your soul. Jesus gave us the Prayer for Divine Love to help us in our prayers to the Father.

Note: Following the writings of James Moncrief, one could consider that any reference to the Father, by other relevant writers, may be read as a reference to 'our Mother and Father'. Further, when considering soul healing, then reference to Divine Love could be referred to as 'Feeling Healing with Divine Love'.

Feeling Healing – Healing yourself through your feelings.

- ✓ Your feelings are the real and true you.
- ✓ If you are denying any feelings you are denying yourself.
- ✓ If you are denying yourself you can't ever be truly happy.
- ✓ To heal all your pain and suffering, you can look to your feelings for why you are feeling bad.
- ✓ If you want to know the truth of yourself, then it's your feelings you will need to look to.
- ✓ Your feelings hold the hidden keys to unlocking the truth of who you really are.
- ✓ Uncover the truth of yourself through your feelings and you will know why you feel all you do.
- ✓ Everything in life, why all that happens to you does, and everything about yourself, can be explained to you through your feelings.
- ✓ Why your relationships might not be as good as you would like, why some might fail, you will understand through your feelings.
- ✓ How to live a good, true, happy and loving life will come to you as you start paying attention to all your feelings.
- ✓ However you will also have to pay attention to all your bad feelings, and this can be very harrowing.
- ✓ By honouring – accepting and then expressing all the bad feelings you feel, you will slowly bring to light all the reasons why you don't feel good.
- ✓ And as you liberate yourself from these hidden repressed bad feelings, so you will start to feel better and better about yourself.
- ✓ It's a process, and it can take time, years possibly, but all that's hard will eventually pass becoming good.
- ✓ Expressing all your feelings, and particularly your bad ones, whilst longing and really wanting to know the truth of why you're feeling them, is doing your Feeling Healing.
- ✓ You can Heal yourself through your feelings. And in fact, it's the only way to really heal yourself.
- ✓ And if you wish to do your Healing with God, you can also long for God's Divine Love.
- ✓ Feeling Healing – Using your feelings to heal yourself.

EMBRACING the WILL of our HEAVENLY MOTHER and FATHER:

Our Heavenly Parents are almighty, all powerful, infinite, and at all times loving.

The love of the Heavenly Parents for their children, woman and man, has been and is always infinite and ever present.

As one's faith in our Heavenly Parents evolves, man's love for his Heavenly Parents will have no limit.

As man grows in his love, so will man grow in his love for all of God's creations.

Approach the Source Soul, the Mother and Father, in reverence, without fear or trepidation, just as a child approaches his earthly parents knowing that open loving arms are extended to receive him at all times.

As one grows in his love of the Mother and Father, one becomes to know with certainty that God loves him or her in return, at all times, and that fear is an illusion created by man's mind.

By embracing the commandment provided in the 1st century, namely the first:

"This is my commandment, that ye love one another even as I have loved you."

Further, we are to embrace our feelings, identify what they are, accept and fully acknowledge that we're feeling them, express them fully, all whilst longing for the truth they are to show us.

Also as our soul development progresses, our self love grows which also enables us to step away from:

Any self harm that we may cause which also brings about consequences.

And to move along this path we simply develop our embracement of:

God's Divine Love; by praying for it, asking for it, and receiving it.

Longing for Truth and Divine Love we can embrace the will of the Father and achieve freedom from error and harmful ways, thus finding our way home!

Manifesto of Divine Love:

1. We love one another as Mary and Jesus, our spiritual parents, love us. And so we seek their Spirits of Truth.
2. Our all loving Heavenly Parents, our Mother and Father, we love and honour at all times.
3. We worship only our Mother and Father, God, and Creator of all things.
4. We treat our Creator's name with respect and love, and earnestly seek Their Divine Love, and at all times pray for It, ask for It, and receive It.
5. We set aside a regular day each week for Sabbath rest and worship of our Heavenly Parents, God, and seek Their Love so that we may grow closer to Their fountain head of Truth and Love.
6. We are to be as we feel, even if it's sinful, but in doing something that is not in alignment with God's Love and Truth will make us feel bad, that is provided we allow ourself to feel our bad feelings, and so we can then use our bad feelings to find out the truth of why we feel bad and why that thing we have done is bad. We embrace our Feeling Healing.
7. We strive to cause no harm to another, nor cause any harm to one's self. We do not do to others what we would not have them to do to us. We treat our fellow human beings and all living things, and the world in general with love, honesty, faithfulness and respect. Violence, at any times, is never justified. Golden Rule: that one must always honour another's will as one honours one's own.
8. At all times in our intimate relationships we strive to express and live true to all our feelings, all so we can use our feelings to uncover the truth they are trying to show. The truth of ourselves, of our relationships, and the truth of everything else, including God.
9. We do not covet or steal anything that does not belong to us. Honesty in all communications, actions, undertakings and activities in all facets of life is our rule of life.
10. In all that we do, we are to be truthful. We are non-judgemental, for none of us have the capacity or authority to judge another. We are always ready to forgive all wrongdoing.
11. We do not desire anything or anyone that does not belong to us. Comparing oneself to others and longing to have what they have leads to errors. We are to be content by focusing on the blessings our Heavenly Parents, who made us in Their soul's image, provides for us.

DIVINE LOVE – what does it do?

Divine Love, which is a substance, progressively:

Transforms one's soul from that which is of natural love to that which is Divine

As natural love is enhanced with the Parent's Love, we reject our tendency to error

Divine Love, our Parent's Love, restrains errors, untruths and emotional stress

As we reject the condition to error, we develop our love for our brothers and sisters

Divine Love helps one with the discovery of truth through one's soul-feeling healing

Our natural intelligence grows, perceptions rise with our soul intelligent feelings

As Law of Compensation is resolved, the Love reduces returning to being in error

Receipt of Divine Love, the Parent's Love, grows our faith, we become God reliant

As our faith grows our propensity to undertake one's Feeling Healing strengthens

With the Love, our Feeling Healing becomes Soul Healing, this we are to undertake

Without the Love we remain self reliant and dependent upon our own will power

Only with the Love will our soul condition grow rapidly, all around us also benefit

The Love is the only substance that changes the human soul to that which is Divine

Only by asking and receiving Love do we become fitted to enter Celestial Heavens

Only by asking for and receiving the Divine Love does our soul become immortal.

REVELATION 1
James Padgett 1914 – 1923

James Padgett bravely introduced the availability of the Mother and Father’s Divine Love and a great deal of additional guidance and information, all of which has been supplemented by Samuels, Judas, Reid and Arnold. All writers were under restrictions of personality and circumstances. Revelation 1 opened the door for humanity.

REVELATION 2
Marion and James Moncrief 2002
– ongoing

Marion and James Moncrief have recognised the need for one to engage in Feeling Healing and, by their actions, removed restrictions that James Padgett and others above endured, thus JM is able to critique the writings of the past 100 years resolving points of confusion as well as expand on what has been written. Revelation 2 is humanity’s turning point.

Due to the extra-ordinary nature of Revelations 1 and 2, humanity with the first Revelation would have continued on into its negative pathway of living, however, combining the first Revelation with Revelation two, now humanity can embrace this turning point and commence its evolutionary growth that has required two thousand years to put in place. This is the greatest event in the history of humanity and very few are aware of such, until we enable others to become aware.

REVELATIONS

Revelation 1: Our soul becomes encrusted with harmful ways of life, plus negative and erroneous beliefs, these mainly stem from our childhood upbringing and environment. Thus we live untrue to ourselves, we become 'evil'. Whilst we hold to these injuries we limit the amount of Love that we can receive into our soul. To open our soul to the Love we must firstly and progressively feel into our emotional injuries and allow them to be released. Until we emotionally experience past errors and injuries we hold onto them.

To free our soul of damage and toxic emotions we must open ourselves to experiencing them. This is a progressive, slow and uncomfortable cleansing process that we must all experience. Only by addressing the generational injuries will we, as humanity, evolve in love.

To fully divest one's self of our badness, we have to 'go into' our feelings. Call this process of clearing toxic emotions as 'Letting Go', 'Emotional Processing', 'Journey Process' or 'Feeling Healing'. Embracing Divine Love then Feeling Healing becomes Soul Healing.

As part of our Feeling-Healing we will have to work our way into all our feelings to see if indeed they are coming truly from our heart and soul, or if they are being heavily influenced by our mind. And this will then lead us into questioning and uncovering the truth, if there is any, to our beliefs and why we behave the way we do; and is such behaviour based on truth, or is it based once again on untruth, belief, and rules of our mind.

Revelation 2: We can long for, ask for and receive the Mother and Father's Divine Love. The greater our soul is free of error and injury, the more of the Divine Love can be received and assimilated into our natural love formed soul. The Love does not free us of injury, however, it strengthens our resolve to continue on our journey to be free of error and injury, to step away from evil aspects that have been encapsulated within our humanness and soul. It is this Love, the Divine Love, that brings about immortality of our soul and it is this Love that will eventually fit us to enter the Celestial Heavens and progress for ever more onwards to Paradise. These two revelations free us from error and enable us to grow in love ever more.

Immortality with the Love.

The Only Prayer That Man Need Offer to the Father:

(as given within the first century)
I am here, Jesus

The Prayer for Divine Love

2 Dec 1916

<http://www.youtube.com/watch?v=Pg6p3rivAZw>

P.438 Book of Truths through James Padgett / Jesus

Let your prayer be as follows:

Our Father, who art in heaven, we recognize that You are all Holy and loving and merciful, and that we are Your children, and not the subservient, sinful and depraved creatures that our teachers of old would have us believe. That we are the greatest of Your creation, and the most wonderful of all Your handiworks, and the objects of Your great soul's love and Tenderest care.

That Your will is that we become at one with You, and partake of Your great love which You have bestowed upon us through Your mercy and desire that we become, in truth, Your children, through love, and not through the sacrifice and death of any one of Your creatures.

We pray that You will open up our souls to the inflowing of Your love, and that then may come Your Holy Spirit to bring into our souls this, Your love in great abundance, until our souls shall be transformed into the very essence of Yourself; and that there may come to us faith--such faith as will cause us to realize that we are truly Your children and one with You in very substance and not in image only.

Let us have such faith as will cause us to know that You are our Father, and the bestower of every good and perfect gift, and that only we, ourselves, can prevent Your love changing us from the mortal to the immortal.

Let us never cease to realize that Your love is waiting for each and all of us, and that when we come to You, in faith and earnest aspiration, Your love will never be with-held from us.

Keep us in the shadow of Your love every hour and moment of our lives, and help us to overcome all temptations of the flesh, and the influence of the powers of the evil ones, which so constantly surround us and endeavour to turn our thoughts away from You to the pleasures and allurements of this world.

We thank You for Your love and the privilege of receiving it, and we believe that You are our Father --the loving Father who smiles upon us in our weakness, and is always ready to help us and take us to Your arms of love.

We pray this with all the earnestness and longings of our souls, and trusting in Your love, give You all the glory and honour and love that our finite souls can give.

Amen

MoC

Note: The 'false teachers' are our parents, as they are also the 'evil ones'.
Also, the evil ones, being those parts of one's mind, that are controlling you.

Prayers to our Mother and Father

From the Religion of Feelings by James Moncrief

Please Mother and Father help me accept my untrue state and bring up all my repressed feelings so I can see the full truth of why I feel so unloved and all that's wrong with me.

Please Mother and Father help me see the truth of myself through my feelings.

Please my beloved Heavenly Parents, fill my soul with Your Divine Love. I long for Your Divine Love; please answer my prayer and yearning to be at-one with You and do Your Will by living true to myself and all my feelings. Please fill my heart and soul with Your Divine Love – please make my soul like Yours – Divine.

Please Mother and Father, I want to uncover the whole truth of myself through my feelings. I want to be able to feel and accept just how bad I am, how bad I feel I am, how bad I've been in my life. I want to know the whole ugly truth of myself, see it and feel it and understand how I came to be it. Please reveal to me through my feelings all the truth of myself You want me to see. I want to be as You want me to be; I want to be true and perfect, Healed of all my rebelliousness and self- and feeling-denial; I want to be good, loving, true and happy, please help me become true to myself, true to my soul, true to You.

Please Mother and Father help me, I'm in such bad pain, I feel so alone, so miserable, so scared, what's going to become of me, I don't understand, what's the point of me, why have You made me; please help me see the truth of myself – all the truths of myself, nature, how to be in the world, of You both. I want to know, I want to know it all through my feelings, all that there is to see, the whole truth and nothing but the truth. Please help all my pain come to the surface of me so I can embrace and accept and express it out of me. I want to use my feelings to uncover the truth they are to show me; please help me to do that.

Please Mother and Father love me. I want You to love me. I want to feel fully loved by You. I don't want anything else, only to be with You. Please, that is all I am asking.

Please make me feel how unloving I am. Please show me the horrible truth that I am. I want to see and feel and understand the worst of me, please take me into my darkest scariest ugliest unwanted rejected places within myself. I don't want to feel all the dreadful pain that I know is there locked away inside me, yet I do also want it all to come up and out of me, and I want to use it to see the truth of my wrongness, the truth of how evil I am, the truth of my fucked up state. I no longer want to be false, pretending I am okay, using my mind to make me falsely believe I am good, happy, loved and loving, when I know I'm not. For how can I be when You've brought me into my unloving state, making me be of it. And as You want me to experience being this negative way, please show me the whole truth of it. I no longer want to deny any part of myself, or any of my bad feelings. I want them all to come up so I can express them, emoting their pain, feeling how bad You've made me feel all my life and all through my early life; I want to see why, and so reveal all the truth to myself. I want to be the living truth of myself, living true to my feelings and the truth they give rise to. Please help me to do my Healing, and please fill my soul with Your Divine Love.

The mind way is the 'dead' way; the feelings way is the 'alive' way.

FEELING HEALING + SOUL HEALING

To heal one's self is to simply look to see what feelings we are refusing to let ourself feel, and accept them instead of denying them. And to fully accept them, one needs to express them, speak about them, let them have their say, rather than pushing them aside, refusing to let them make you feel bad.

Doing this all with the intention of seeking the truth of why you are feeling them, of speaking about and expressing all such feelings; all feelings you have, but ALL WITH the INTENTION of UNCOVERING the TRUTH THEY WANT YOU TO SEE ABOUT YOURSELF. And it's the wanting to see the truth of them that is very important, because if you just look to accept them and speak and express them, but not seek their truth, then that's all you'll be doing, speaking and expressing them, but not healing their causes, so not fixing the things within you that are making you feel bad. And it's the truth part of it, seeking the truth of your feelings, and so, seeking the truth through your feelings, that's vitally important. It's the truth of yourself, life, nature and God, that is the spiritual aspect to it all.

You CAN'T find the truth of yourself, or anything else, through and with only your mind. You HAVE to engage and look to your feelings. And so if you choose to allow your feelings to 'Show You the Way', then the truth will come as you express them. So to do our Soul-Healing consists of these steps, all of which are ongoing until it's done:

- **Admit you are feeling bad.**
- **Accept your bad feelings, identify what they are.**
- **Honour fully your bad feelings by expressing them, speaking about them to someone who is willing to hear you talk about them, or tell them out loud to our Heavenly Parents. Long for the truth of them. Long for the truth of why you feel bad – what deep within you is causing your bad feelings?**
- **And remember, bad feelings are Good! Not bad. They are not to be despised. And as hard as it is to accept them, they are still you, and a very real part of you. And if you persist in denying them and not allowing yourself to fully live them, then you are only going to keep yourself in your errors making things harder for yourself.**
- **All sickness and suffering, all bad things that happen to you, all your problems, all your addictions – your whole feeling-denying and untrue life, is all caused by your denial of bad feelings.**
- **Every problem in the world is brought about because everyone has been brought up to deny feelings, and in particular, most of their bad ones.**

If one is intent on spiritually evolving and growing in truth, then it's vital, and this is the key, that one looks to use one's feelings as the means to gain and have access to the truth of oneself. You CAN'T find the truth of yourself or anything else through and with only your mind. You HAVE to engage and look to your feelings. And so if you choose to allow your feelings to 'Show You the Way', then the truth will come as you express them.

Doing your Soul-Healing with the Divine Love, is really doing your 'Feeling-Healing'. We are designed — created — to be self-revealing of truth, and so we are all to uncover the truth within ourselves and for ourselves, and all being done by living true to our feelings. **If you accept, express and seek the truth of your feelings, then truth will come to you, and you'll grow spiritually. It's as easy as that. Also it is as easy as it is to long for, ask for and receive Divine Love.**

THE HEALING OF YOUR BAD FEELINGS THROUGH THEIR ACCEPTANCE
AND FINDING THE TRUTH OF THEM, IS THE ACCEPTANCE OF YOUR
NEGATIVE, REBELLIOUS, EVIL, IMPERFECT MIND AND WILL CONDITION.

To do our feeling-healing we need to become:

Aware of – Acknowledge – and Admit, our bad feelings.

So we can:

Accept – them and allow ourselves to Be them.

And then if we feel to, take:

Action – Express, speak and emote them.

Talk about them.

All being done whilst longing to, really wanting to, see the TRUTH of our feelings.

So it sounds simple.

So I repeat:

We accept our bad feelings by expressing – speaking about them to someone willing to listen to us and take us seriously. And as we speak we long for the truth of them – why we are feeling them – to be made known to us. And when we uncover and see the truth we are FREE! – healed of the causes that have made us feel bad.

Accept, Express – see the Truth, and you're Free!

ACCEPTANCE OF ALL YOU FEEL, THINK AND ARE, IS THE KEY TO DOING
YOUR HEALING; THAT, AND WANTING TO SEE THE TRUTH OF ALL YOU
FEEL, THINK AND ARE.

Release one's pain through expressing one's feelings.

in conjunction with

Longing for the Truth when also longing for Divine Love.

Be free in your feelings

 Live true to yourself through your feelings

Live true to yourself by living true to your feelings.
 Long for the truth of your feelings.

Accept / Express / Bring out ALL of your good, and most importantly,
 BAD feelings.
 Want to understand why you're feeling them.
 Use your surface feelings to take you deeper into your repressed and
 hidden feelings.

The Feeling Way is the True Way.
 Your feelings are your spiritual guide.
 Your feelings will take you to God.

Your feelings will show you the truth of your relationships, including your relationship with God; and if anything is wrong, untrue and unloving, then why it is.

Our feelings are sacrosanct and we should respect them accordingly. And we should NEVER block them out, ignore, override, banish, deny or reject them, because if we do, we're only doing that to ourselves, as Our Feelings Are Our Self.

Our feelings are the gateway to our soul. Our feelings are the closest we can get to our soul. Knowing the truth of our feelings is knowing the truth of our soul, and knowing the truth of God.

Feelings First Spirituality is the True path for humanity.
 It embraces all people.

It completely unifies the world.

Everyone can relate to everyone else through their feelings.

And we can all live the truth that comes from our feelings, all sharing the same truths as we express and have the same feelings.

No one need be left out; no one is more special than anyone else – we are all united in Truth through our feelings.

So with and through our truth we live our lives, therefore without the need of any man-made mind-laws, rules and restrictions that limit self-expression as inspired by our feelings.

The New Way, Feelings First Spirituality is what is to replace all man-made, mind-contrived religions that so many people have enslaved themselves to. The New Way, Feelings First Spirituality will set us free of all that control, ending the Rebellion and Default within ourselves as we do our Feeling-Healing, and ending such control and spiritual stagnation in the world.

Bring on the End Times – get it over and done with! Let's all see that Jesus is not going to come again, that Prophecy has failed all the mind-controlled platforms. Allow such false systems of belief to die their long-awaited natural death, they've overstayed their welcome, it's now time they fade away. So let us show such antiquated, erroneous systems of belief the exit and bring on the fresh liberation of discovering the truth of how we are to live for ourselves, each of us personally in our lives, and all by looking to our own feelings for it. Self-revelation through our feelings is the way to go.

The Way of the Mind is ending, and is really the End Times – the End of our mind control, and **it's about time!** With the Way of our Feelings replacing it.

The End Times means the end and therefore a New Beginning. And that new beginning is a whole new Spiritual Age – an age based on self-revelation of truth through one's feelings, coupled with and supported by higher revelations from the Celestial spirits, angels and nature spirits.

The Feelings First Spirituality is the True Way to God because it helps you get to know God, helping you to reach out, connect and be personal with God, and do God's Will, all through your feelings. It is the only true way of getting to know the God of Feelings – our beloved Heavenly Mother and Father, the Great Soul of Divine Love.

Love comes through our feelings and not our mind, as we've all been wrongly led to believe.

Feelings First; then comes The Truth; then comes Love.

LOVE is the Religion of Feelings, being:

Paradise
 **HOME**

God is God, who is our Heavenly Mother and Father, being SoulMates. There is only one Soul that is God's Soul, that being the Soul of our Mother and Father. Our Heavenly Parents are the First Soulmates; The Two Who Are One who have brought us all into being.

Jesus and Mary are a son and daughter of God.

Jesus of Nazareth and Mary of Magdalene, being soulmates, were both free of sin. Jesus and Mary, combined in their love for us, are our teachers and guidance for us to find our way home to our Heavenly Parents. To start this journey we are to liberate our souls from being entombed within our suppressive minds, through feeling and longing for the truth of our feelings via our soul and peel away our injuries incurred since conception.

Give yourself time to consolidate your relationship with the Mother and Father through the partaking of Their Love. And whilst you are doing this, you can learn about your healing, all that's involved with it, as there are many willing spirits to share their healing experiences with you.

When you are ready it will start happening simply because you will want it to, it all being orchestrated by your soul. And when that time comes you will have developed a strong foundation in your relationship with the Mother and Father for you to work from. We are to feel our feelings, identify what they are, accept and fully acknowledge that we're feeling them, express them fully, all whilst longing for the truth they are to show us.

It is to make longing for God's Love the priority, and then do one's healing; should one want to include God and the Divine Love in one's feeling healing. This is doing your soul-healing as you are seeking to heal your soul of all evilness – of that which made you become evil, and release all the hurt and pain of not being fully and truly loved.

WE ARE Children of God

WE ALL ARE BEING GUIDED HOME:

We need the Spirits of Truth of the Avonal Pair to Heal ourselves; then once Healed, (and for support (overshadowing) as well through your Healing), we need the Creator Pair, Mary Magdalene and Jesus’ Spirits of Truth to see us through the Celestial spheres, while at all times embracing our Heavenly Mother and Father.

Until Mary and Jesus died and liberated their Spirits of Truth, no one from any of the worlds could leave Nebadon, because no one knew the way to do so. Nebadon is our local universe containing some 3.8 million inhabited physical worlds and their associated spirit worlds.

When we embrace the truths Mary and Jesus are revealing, and start to do our Feeling Healing, or with Divine Love, Soul Healing, we are then freeing ourselves up from our parental and self control.

Thus our journey to Paradise, to the home of our Heavenly Parents, is of our choosing as to when we progress, however, there is only one way:

HUM: Humanity is to ascend. We are self contained. Our soul is always in truth and perfect at all times. **By living true to ourself, true to our feelings, we are living true to God. It’s that simple.**

We are to recognise that being engaged and dominated by our mind is the wrong way for us to evolve and grow in truth. We are to discard the mind enslavement that has been imposed upon as by all of our parents. We are to express our feelings, both good and bad and free ourselves of the indoctrination that humanity has embraced worldwide.

Live true to your feelings, and you ARE living true, not only to your own soul, but also true to God’s soul. So doing your Healing by honouring all your feelings, IS living the will of God. And being fully Healed, IS living even more truly the Will of our Mother and Father.

AVO: We are to embrace the truths and guidance of the Avonal Pair through their Spirits of Truth. It is the Avonal Pair’s guidance that will lead us through our Feeling Healing, and with Divine Love, we will be able to ascend through the 7 spirit Mansion Worlds and enter the Celestial Heavens where we also interact with other world’s spirits.

J&M: We are also to embrace the truths and guidance of the Paradise Pair, Mary and Jesus, who will then lead us through the 3 Celestial Heavens that are aligned with Earth, and then further on through Nebadon where we will then depart beyond on towards Paradise.

M&F: Beyond the universal zone of Nebadon, we will be guided by our Heavenly Mother and Father onwards through the universes to Paradise where we will be welcomed by them, home for us all, as we are all Children of God.

WE ALL ARE BEING GUIDED HOME – NOW, HOW TO COMMENCE THE JOURNEY:

GOD

M&F

For 200,000 years, we have been misled into embracing our mind's distortion of wisdom and truth. All such traditional understandings only lead us in the wrong direction, from which we must turn back from. Our soul based feelings are always in truth. Our minds are to follow our soul based truths and feelings, not the other way round, as we have been brought up to embrace.

We are to connect with our deeper repressed feelings.
 We are to long for the truth of what we are feeling.
 We are to live true to our selves; by living true to our feelings.

Use your surface day-to-day feelings to connect with your deeper repressed feelings. Express your surface feelings and your deeper repressed feelings to uncover the truth of yourself.

J&M

We all have feelings which we communicate and share with each other. And we all have deeper buried and hidden repressed feelings. Feelings from our early childhood we felt, yet weren't allowed to express. These feelings are still within us, waiting to have their say. These feelings, because they are repressed, cause us all our problems.

And as we look to uncover, bring out and accept these deeper feelings, so we're taken into new ways of looking at ourselves, our feelings, and our life. We're setting ourselves free of the controlling patterns that govern our unloving behaviour.

In this way, we progressively begin to express the personality that our Heavenly Mother and Father gave us, not the one imposed upon us by our physical parents and carers. We are to be our true and real selves.

By living true to ourself, true to our feelings, we are living true to God. It's that simple.

AVO

HUM

As we, humanity, long for the truth of our feelings, we can also be assisted by the Spirits of Truth of the Avonal Pair who are our spiritual teachers for Earth over this coming 1,000 years, to assist us through the Great U-Turn, away from mind dominance to being soul based feeling lead. They will assist us through the seven levels of the spirit Mansion Worlds.

Then the Creator Pair, Jesus and Mary, will lead us through Nebadon and into the greater universe. Then our Heavenly Mother and Father lead us home to Paradise.

Collectively, should we embrace them all, as we are to, then our pathway home is a journey in the hands of the Spirits of Truth of the Avonal and Paradise Pairs overseen by our Heavenly Parents.

WE ARE Children of God

HOW TO GET TO PARADISE:

Long for the Divine Love
 Long for the Truth
 Long for the truth of your feelings
 Don't deny any feelings: accept, express and want to know the truth of them
 Know your feelings are the key; your feelings are the Way
 Want to end your falseness and being untrue
 Want to understand the truth of your early life
 Use your surface feelings to move deeper into yourself, bringing up your repressed feelings
 Want and long to know the whole truth of yourself
 Want to do it all with God, your Heavenly Mother and Father – long to Them for help.

The Key

Our longing drives our life. We long with feelings. We can wish for things using our mind, yet long for things with our heart. These things in the pyramid are what to long for. Longing for them, when the longing comes naturally. Longing because you feel you really want them. Long to be true with all your heart. Long to live true to your feelings. Long to understand the whole truth of yourself.

PARADISE TRINITY:

- 1. **Our MOTHER and FATHER (God) (MF) – Divine Love**
SOUL (God) – One SOUL that is expressing its two PERSONALITIES, our Heavenly Mother and Heavenly Father (Soulmates)
- 2. **ETERNAL SON (ES) – Divine Truth**
- 3. **INFINITE DAUGHTER (ID) – Divine Mind**

Then: The Second and Third Persons of the Paradise Trinity (ES and ID) are stepped down to the local universe trinity (Mary and Jesus, Divine Minister (DM), and her Holy Spirit.

The LOCAL UNIVERSE TRINITY:

Our MOTHER and FATHER – Love

- 1. **MARY M and JESUS – the Living Truth**
- 2. **DIVINE MINISTER – Mind (and her Holy Spirit)**
- 3. **HUMANITY – Natural love, sons and Daughters – Truth, and our Angels – Mind**

PLANETS that engage in REBELLION:

- 1. **AVONAL SOULMATE PAIR – the Feeling Healing process – incarnate**
- 2. **DAYNAL – TEACHER PAIRS – they do not incarnate**

So in summary:

LOVE
Mother and Father

TRUTH
Eternal Son (ES)
Mary & Jesus (MJ)
Humanity (H)

MIND
Infinite Daughter (ID)
Divine Minister and Holy Spirit (DM)
Angels, Nature Spirits, Nature (A)

Trinity Teachers

as soulmate pairs

Melchizedeks – who have taken over from the Caligastians and Daligastians being also all as soulmate pairs.

Mortal Souls – human beings who individualise on Earth, then progress through the spirit Mansion Worlds, then into the Celestial Heavens, and beyond.

Mortal Souls – also being ascending spirits, upon completing their Soul Healing, join with their soulmate, then join their soul group of 24 mortal spirits, being 12 soul pairs. It is only as a soulgroup that anyone can progress beyond Nebadon.

The Paradise Pairs are all ONLY concerned with the SPIRITUAL wellbeing and upliftment of the planets and local universe. Currently to do with Earth:

Mary and Jesus – spiritual wellbeing and upliftment of the whole of Nebadon region.

Avonal Pair – Daynal pairs (Trinity Teacher Daughters and Sons) – Spiritual wellbeing and upliftment of individual planets and their associated Mansion Worlds.

The Local universal Sons and Daughters are all about the running of the worlds under their jurisdiction, and ensuring the higher spiritual elements can be employed, or sent astray, as in our cases through the Rebellion and Default.

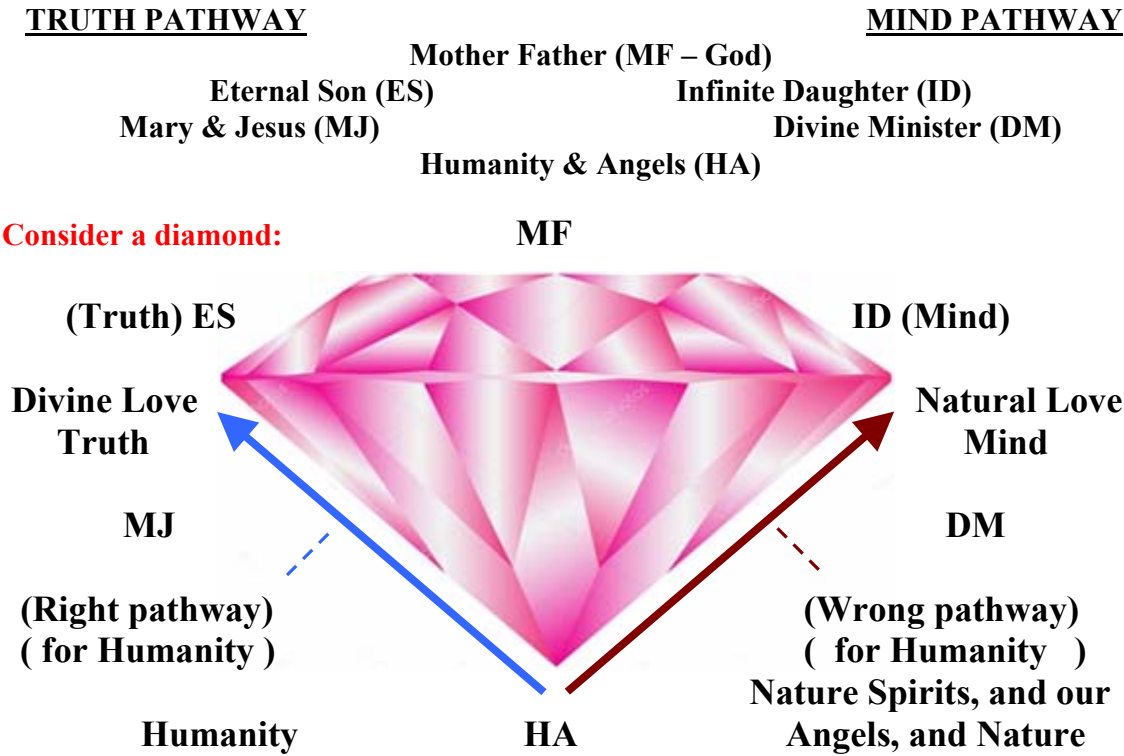

Lanonandeks – Melchizedeks (and others, such as Life Carriers and Eve and Adam).

As the Lanonandeks all rebelled – the Lucifers, Satans, Caligastias and Daligastias soulmate pairs – so the Melchizedeks have taken over their roles, as well as doing their own.

So the Melchizedeks are the governors, overseers, the administrators and advisors and so on for Earth; they are the ‘controllers’, and they will instigate all that needs to be done to do with the ending of the Rebellion and Default. And they will enlist the willing help of ascending mortal pairs, so the mortal Celestials spirits (soulmates when available, and others waiting to unite with their partner), and at times mortal spirits in the Divine Love Healing Mansion Worlds. And the angels help all of us.

Currently the whole of Creation exists for the ascension of mortal souls from their earth planets to Paradise. It’s all one vast Grand Ascension Scheme. With all the higher and lower spiritual Daughters and Sons, together with all the many different angels and other universal spirit personalities, and even including nature and our very own pets, assisting women and men with their Ascension Journey. It being: and Ascension of Truth. Everything we do is done to help us grow in truth. (Only everything we do in our negative state is to deny ourselves our truth from our feelings, which is why we have to do our Healing.) All women and men are ascending (or growing) in truth through their experiences. And as we grow in truth by looking to our feelings to show us that truth, so we’re ascending, moving inwards and upwards through all the worlds and spheres of the Grand Universe to one day arrive on Paradise and meet our Heavenly Parents. God is providing us, Their children, with this spiritual journey called our Ascension of Truth. And by living true to our feelings, so we are progressing on our true Spiritual Path – our Ascension Path.

Live true to your feelings, and you ARE living true, not only to your own soul, but also true to God’s soul. So doing your Healing by honouring all your feelings, IS living the will of God. And being fully Healed, IS living even more truly the Will of your Mother and Father.

Humanity is to pursue the pathway for Truth through one’s soul based feelings, this is the right pathway. However, humanity commences its journey founded on natural love, which we now know is to be perfected through one’s Feeling Healing process and then made divine through asking for and receiving our Heavenly Parents’ Divine Love.

For 200,000 years, **humanity** has pursued the pathway of the Mind, being that of the brain, this is the wrong pathway. The Mind is the pathway for Angels and that of all of Nature.

CREATION of SOUL and SPIRIT:

God is *The Paradise Trinity* — the eternal Deity union of the Personalities: the Universal Mother and Father; the Eternal Son of Truth; and the Infinite Daughter Spirit of Mind.

The soul of each human personality (sons and daughters of truth) is existential, driving our personality expression in the experiential. The soul of each human finds truth by embracing one’s feelings and longing for the truth of them. We are to attain the Eternal Son of Truth. We are a creation of Truth.

Feeling Pathway

Mind Pathway

Soulmate Pair

Angel

The soul of angels is experiential, evolving through their experience by continually progressing in mind development. Angels are to attain the Infinite Daughter (Spirit) of Mind. Angels are a creation of Mind. Our soul is duplex (we have a soulmate) and is created by our Heavenly Parents. Through our Feeling Healing we perfect ourselves enabling the union with our soulmate, as we progress in truth up through the Mansion Worlds, celestial heavens and all the way to Paradise.

Spirit Person

Nature Spirit

The soul of angels is also duplex, yet of the mind, and they progress in mind evolution to Paradise. Animals, plants and nature spirits are also creations of Mind.

Neither we nor animals reincarnate. We never die; upon death, we move into the spirit Mansion Worlds on our journey to Paradise. When animals and plants die, be they the tiny microbe to the mighty elephants of the land and the whales of the ocean, their spirit energy returns to the Spirit Collective

Energy. And from this energy are drawn other animals and the nature spirits, who then in turn move onto becoming angels through increasing mind experience.

A nature spirit is an angel in waiting.

WE EACH have a Nature Spirit pair, Spirit Guide pair and an Angelic Pair:

For those doing their Healing or are interested in doing it will from that time have their own personal angels, spirit guides and nature spirits with them, with whom they are to develop their own relationships should they want to. It is not about 'sharing' the same angels or guides or nature spirits, it is about you relating specifically to your 'own' ones because they are provided for YOU. It's all for you, to maximise the experiences we each need.

We are all to have our own pure relationships. And it's the same of course in life with your friends, however over there, in spirit, dealing with Nature Spirits, Spirit Guides, and Angels, it's more personal and private and 'JUST FOR YOU'. So we have our own separate, unique relationships.

For example, Nature Spirit Verna has been assigned to be specifically and only with James, and she ain't going to be assigned to anyone else, so she won't be sharing herself around.

This is SO IMPORTANT to understand so that in future there won't be all these people claiming to be speaking with Verna or Mary Magdalene or Jesus or Nanna Beth or anyone else who is part of it all in such capacity. Mary M and Jesus have spoken with James as they have, making it quite clear he is all they are speaking with.

We each have a band of a Nature Spirit pair, Spirit Guide pair, and an Angelic pair, each pair being in their 'soulmate' relationship. Even though we are ascending mortals having a soulmate, even our soulmate has his or her own group of six personalities assisting him or her. Our assigned Nature Spirits do not continue with us into spirit, our Spirit Guides may for a time assist upon entry to the spirit Mansion Worlds, however, our personal Angelic pair continues with us to Paradise, and then even possibly being with us throughout eternity.

Feelings first

OUR GUIDANCE to PARADISE, the home of our HEAVENLY PARENTS:

There are three distinct phases of our progression to the home of our Heavenly Parents which is Paradise that is within the circle of seven Super Universes, each containing many Local Universes.

Once we progress beyond our Local Universe of Nebadon, then we are assisted and guided by our Heavenly Parents, our true Mother and Father all the way home to Paradise.

Before then, once we have completed our soul healing, we are guided through the Celestial Heaven worlds which are those that interact with humanity on Earth, then further on into and then out through Nebadon, our Local Universe. The regents of Nebadon are Mary and Jesus.

However, before then, we are to embrace our healing. That is, we are to realise who we truly are. We are not the personalities that our parents imposed upon us. We are to put aside our childhood suppression and repression and free our true personality that our Heavenly Parents gave us, and to do this we are now able to embrace the guidance of the Avonal Pair who will lead us through our healing here on Earth and through the Spirit Mansion Worlds to be able to enter the Celestial Heavens.

The Padgett Messages, received 1914 to 1923 and published in the Book of Truths, has now been extended with further session of messages having been received between 2012 and 2013, and titled “The DIVINE UNIVERSE” via Zara Borthwick and Nicholas Arnold.

79. Prayer of the Heart

16 October 2012

I encourage the heart that prays to the Father for the Divine Love. I encourage the heart that loves the Love, and with sincere aspiration, feels for the Love. If there be any doubt, loss of faith or hardship of heart, I encourage the heart not to give up or give the Love away. The Father hears your prayers and the heart be rest assured in this. Never will a good heart be forsaken. As the Father does so do I, see and hear your heart, and prayers for the Love and the needs for wellbeing. Never give your heart up; trust in the One who knows your true heart, and there the Father loves you. One may never fully understand the intricate workings of time, past present and future, but the heart knows faith and Love and the Father Loves a good heart. Pray with faith, and in your heart my truth and the Father’s Divine Love meet you there.

I have given you this prayer of the heart so that men and women may draw from its words, strength, love and faith

Your beloved friend and companion,
Jesus of the Celestial Heaven

By living true to ourselves, true to our feelings, we are living true to God. It’s that simple.

Our Heavenly Mother and Father simply desire for us to ask for Their Love.

300. *Prayer of Love and Strength*

2 February 2013

I am going to write the Prayer of Love and Strength that may help those with their endeavour of heart in the receipt of the Divine Love:

I pray that I may find the love and strength in my heart to love you more wholeheartedly. I pray that I may feel this strength as a living truth in my heart and soul as my weakness, due to my condition in my physical and material struggle, may not become a hardship that casts a long shadow over my day-to-day living in my faith in Divine Love. I pray that I will not give in to any negativity that surrounds me, or to the way that at times I cannot seem to be able to help or forgive myself for loosing faith in The One I love.

I pray that I am receiving Love, your Divine Love that is in great abundance and that my heart partakes of a small portion of this abundant Love. I ask that your Spirit, The Spirit, convey the Love into my soul as I have already been receiving into my soul your Divine Love. I pray that your Divine Love gives greater love and strength to my heart that I may continue in my prayer to receive this Immortal Love.

God, I love you with all my heart even if there be a shadow across my heart, and a lack of humility in my faith and on my behalf for I recognise that you can love me more perfectly and wholeheartedly than I can accept for myself.

God, I recognise that you are Soul and that I am a finite soul and that your Love and Spirit are true gifts for my heart and soul and that I need this Love that you have provided. I pray that from your Love, more finite love and strength in my faith and heart will enable me to love you even more. I recognise that I am doing my best in all that life has given and taken away from me and that in my resolve, my heart knows that your true Divine Love always remains with me and my faith in you. At times I have left you and left your side and wandered all over the place, lost in the shadows of life and in the near-sightedness of my eye and then, I pray for your Love and your Love fills my heart and my love and strength return and I accept that you are loving me at all times when I am lost and found. I give you all my gratitude, love and strength that my heart can give and I desire not to change the world or the spirit world accepting that your Divine Love will change my soul and in harmony together, I will try for a peaceful world.

I have provided you with the inspiration to give these words of love and strength that such words may help one in their experience of God's Love and Spirit.

Jesus of the Celestial Heaven

303. *The Immortal Prayer*

6 February 2013

For those of you who are strong, I will continue to sustain this strength because many of you who experience the Father's Divine Love require a great resolve and strength of heart not to give up on the Truth and not to be saddened by the apparent lack of interest in the most beautiful love that you feel and know to be true. I will never prevent myself from being with you, who sincerely desire the Divine Love and, with any feeling of being afraid, alone or insecure, I with my Celestial teachers are present supporting you. There is no shadow in the Divine Love and for those who are aware of this Love in faith love and spirit we celebrate the harmony of God's universe of Love and Spirit.

I pray for the Divine Love, the Immortal Love

Universal Soul God,

My Father, I love and accept you with my heart. I sincerely pray for your Love that will come by The Spirit and embrace my spirit body conveying your Divine Love into my soul. I humbly ask that you love me as I love you, and that you continue to love me when in those times I cannot love myself.

I ask that you give me the strength to voice my faith and love to you, and that you may love me in my weakness and in my strength. I know that I am a soul beautiful to you as you are to me, and that your Divine Love will be the arrival of Truth that my soul has truly longed for.

I pray that your Divine Love will be the arrival from which will announce the departure of my doubt and that such faith, love, strength will come to me that I will never doubt you again. And I will never stop loving you, in the sunrise and the sunset of each day in my life.

I recognise that you are the Source of the Divine Love and the origin of my soul. I recognise that I may have been lost to you but in truth I was never lost to you and now, I am gathering up all my love out of my lost-ness in great abundance because I am aware that your Divine Love is present for my soul and I am free to receive your Love and feel Its' breath of spirit declare in my heart the Immortal Harmony.

I am receiving your Love, I have received your Love, true Universal God, your Immortal Love.
Amen

Jesus of the Celestial Heaven

Never can one man do more for another man than by making it known of the availability of the Feeling Healing process and Divine Love. **JD**

To liberate one's real self, one's will, being one's soul, is by embracing Feeling Healing so to clear emotional injuries and errors. With the Divine Love, then one is also Soul Healing. We are to feel our feelings, identify what they are, accept and fully acknowledge that we're feeling them, express them fully, all whilst longing for the truth they are to show us.

Our salvation IS by embracing Feeling Healing with the Divine Love.

God's Divine Love: Pray for it, ask for it, and receive it.

Please Mother and Father, may I receive Your LOVE.

“Every day is a day of devotion.”

Follow your heart, follow your love and do that in loving action, your inner love leads in your asking the Soul of God to receive a little of the Love to strengthen one's resolve to heal.

“I love you Father.” “Let the Divine Love proclaim its energy into my soul.”

“Mother – Father, I desire your Love and I am loving you.”

“Soul God, I love you and I love receiving and experiencing your Divine Love.”

“True Soul God, I am here, I am aware of your Love. Please hear my aspiration for your Love and as I approach you from my soul, I can feel your Love in the way that you are loving my soul.”

Try it; give the Feeling Healing and Love a go! If you want to shine, receive the Love.

One can simply receive the Love without following any religious or spiritual teaching taught by man!

Emotional errors and injuries cause encrustment around the soul, the soul is never damaged however, the encrustments retard love energy flow to and from the soul. Feeling Healing melts such injuries.

Three Great Truths:

- **God is Soul, being our Heavenly Mother and Father;**
- **that each individual soul is a duplex – both male and female;**
- **and Feeling Healing with Divine Love is the pathway to Paradise.**

God's Divine Love: Pray for it, ask for it, and receive it.

Oliver Twist asked:

Please, sir, I want some more!

Maybe we should simply ask:

*Please, Mother and Father, I want
some more!*
