## PASCAS INTRODUCTION:

Documents assembled by Pascas are provided for your individual assessment and exploration. The contents are sourced from a variety of avenues and publications. Every endeavour is made to determine that the contents are of the highest level of truth and veracity. At all times we ask that you go within yourself, to ascertain for yourself, how the contents resonate with you.

Pascas provides these notes and observations to assist us all in the development and growth of our own pathways and consciousness. Pascas does not hold these contents as dogma. Pascas is about looking within oneself. Much of what we are observing is new to us readers and thus, we consider that you will take on board that which resonates with you, investigate further those items of interest, and discard that which does not feel appropriate to you.

Kinesiological muscle testing, as developed by Dr David R Hawkins and quantified by his Map of Consciousness (MOC) table, has been used to ascertain the possible level of truth of documents. Such tested calibration levels appear within the document. We ask that you consider testing same for yourself. The technique and process is outlined within Pascas documents, such as Pascas Health – Energy Level of Food. From each person’s perspective, results may vary somewhat. The calibration is offered as a guide only and just another tool to assist in considering the possibilities. As a contrast, consider using this technique to test the level of truth of your local daily newspaper.

Contents are not to be interpreted as an independent guide to self-healing. The information sourced herein is not from a doctor or doctors, and any information provided in this document should not be in lieu of consultation with your physician, doctor, or other health care professional. Pascas, nor anyone associated with this document, does not assume any responsibility whatsoever for the results of any application or use of any process, technique, compound or potion as described within this document.

The sources of contents are noted throughout the document. In doing so, we acknowledge the importance of these sources and encourage our readers to consider further these sources. Should we have infringed upon a copyright pertaining to content, graphics and or pictures, we apologise. In such cases, we will endeavour to make the appropriate notations within the documents that we have assembled as a service via our not for profit arm, to our interested community.

We offer all contents in love and with the fullness of grace, which is intended to flow to readers who join us upon this fascinating journey throughout this incredible changing era we are all experiencing.

Living Feelings First, *John.*

### NAME for GOD:

Population statistics from the 2000 census are believed to be the most accurate in history, indicating that we share our world with approximately 6.2 billion of our kind. Of that number, nearly 95%, or 5.9 billion people, believe in the existence of a higher power or Supreme Being of some description. More than half of those people refer to this power as “God”. These and similar statistics suggest that the question of our day may be less about whether or not we believe that God exist, and more about precisely what such a presence means in our lives.

While the principle of “God” ultimately implies both male and female, and is thus without gender, historic references suggest that it is the active male principle of God in Heaven that merges with the receptive female principle of “Mother Earth” to produce the duality of life that is married into our bodies. For this reason, it is understood that reference to “He” are references to the male principle of God.

The term, Father, Mother, God is a reflection on the male / female aspect of God. God has no gender, neither male nor female, nor is God physical or have a physical form.

The God of our prayers is referred to many ways, not being limited to, such as:

- ✓ Allah of Islam.
- ✓ The Lord of Judeo-Christian beliefs.
- ✓ The Supreme God of Hindu traditions.
- ✓ The Great Spirit of Native Americans.
  
- ✓ Other concepts being: Source – Grace – Creator – Yahweh – Shiva – etc., etc., etc., etc.

All being precisely the same God.

## DIMENSIONS of ONE'S EXISTENCE:

Our SOUL IS NOT ENSOULLED IN OUR SPIRIT BODY. Our soul exists existentially in a whole different level or plane or place or dimension of being – 'soul land'. It doesn't exist in Creation, it's not experiential like Creation is. The soul, all souls, help create their part of Creation by expressing their personalities into Creation, and then by having their personalities do things (further create) in Creation.

SOUL exists existentially

Our Physical Body and our Spirit Body are of Creation, being linked together by cords of light as are the two spirit bodies, male and female, to the one Soul.

One's unique personality is soul based. Our unique soul expresses its unique personality through the two spirit bodies and physical bodies expressing both the male and female aspects.

## PERSONALITY

**Our soul is the centre of our personality.  
We are children of our Heavenly Parents.  
Our soul manifests a male and  
female personality - it is a duplex!**

### **The NAME of GOD in the BODY of MAN:**

A brief introduction to the Hebrew alphabet:

The Hebrew language is one of consonants. It is written differently than it's spoken, with vowels typically left out of the text altogether. Historically, the vowels that make the words pronounceable were only implied through the way the words were used, making the translation of passages written in biblical Hebrew an art, as well as a science.

In later times, the vowels of the Hebrew language were introduced to its written form through the use of dots and symbols placed beneath certain letters in a word. These symbols, known as vowel points, are used today to ensure the correct pronunciation, and thus the meaning, of each letter and word. The primary Hebrew alphabet consists of 22 letters, each letter being assigned a unique sound and number. In this way, the language is given the power of both an obvious outer, and a hidden inner, meaning.

The God Code within the DNA:

On June 26, 2000, the world watched in awe as the announcement was made that two competing companies, one private and one federal, had pooled their resources to produce the first map of how the bases that form human DNA are arranged. In illustrating this map, seemingly endless streams of alphabetic letters were flashed upon our television screens and across the pages of popular magazines. The sequences, some of which were hundreds of letters long, represented the bases that had been identified at different places on the human DNA molecule. These combinations are known as genes. It is groups of genes that form the 23 pairs of living information (chromosomes) that make us unique as a species. Following is a portion of human chromosome to illustrate the appearance of this code:

GATCAATGAGGTGGACACCAGAGGGCGGGGACTTGTAATAACACTGGGCTGTAGGAGTGA  
 TGGGGTTCACCTCTAATTCTAAGATGGCTAGATAATGCATCTTTCAGGGTTGTGCTTCTA  
 TCTAGAAGGTAGAGCTGTGGTCGTTCAATAAAAAGTCCTCAAGAGGTTGGTTAATACGCAT  
 GTTTAATAGTACAGTATGGTGACTATAGTCAACAATAATTTATTGTACATTTTTAAATAG

*Two hundred and forty bases from a portion of human chromosome 1.*

The key to translating the code of DNA into a meaningful language is to apply the discovery that converts elements to letters. Based upon their matching values, hydrogen becomes the Hebrew letter Yod (Y), nitrogen becomes the letter Hey (H), oxygen becomes the letter Vav (V), and carbon becomes Gimel (G). These substitutions now reveal that the ancient form of God's name, YH, exists as the literal chemistry of our genetic code. Through this bridge between God's name and the elements of modern science, it now becomes possible to reveal the full mystery and find even greater meaning in the ancient code that lives as each cell of our bodies.

Legend states that when King Solomon built his holy temple in Jerusalem, an ancient ritual took place, preceding even the laying of the first stone. Preserved through the traditions of the Masons today, that ritual involved the orientation and laying of one stone, the cornerstone, to which all other stones of the massive complex would eventually be oriented. It is told that the king placed one sheet of parchment within this cornerstone upon which he himself had inscribed a single name. Symbolically, the name anchoring the cornerstone of Jerusalem's Holy Temple would also become the name upon which King Solomon would base the leadership of his people, the power of his nation, and become the basis for one third of the Earth's organised religions. That single name was the tetragrammaton YHVH, the timeless name of God.

An even closer examination of the actual letters that form the name of God and the body of man clarifies precisely what this ancient relationship says to us today. While original versions of the biblical texts fully acknowledge God's name as YHVH, they also refer to the shortened version as YH, as was previously noted. Scholars generally accept the two names YHVH and YH as interchangeable. When translated, the name YH may be read as "the Eternal."

Although the specifics may vary across time and culture, in modern English the meaning of the word eternal clearly implies an existence having no beginning or end and functioning beyond the limitations of time. It is precisely this "eternal" aspect that's common to both the name of God, YHVH, and the human body, YHVG, as indicated by the shaded letters. Through both the secret letter codes of antiquity, and the literal translation of DNA as an alphabet, shown is that something about our existence remains lasting and eternal. We share that never-ending quality with our Creator through a full 5 percent of the elements that define our genetic code.

YHVH = the name of God

YHVG = the name of Man

YH (God/Eternal) forms one-half of God's name and the name coded into our cells.

Through determining their simple mass, the elements of the DNA (hydrogen, nitrogen, oxygen, and carbon) within our bodies may now be replaced with four letters of the Hebrew alphabet: Yod, Hey, Vav, and Gimel, thus revealing that our DNA may be read literally as a translatable alphabet within each of our cells. The odds of these four letters randomly creating a meaningful message from the Hebrew alphabet are only 1 in 234,256, or the slim probability of .00042%.

In each cell of every life, is the name of God.

Within our bodies, the letters that allowed for the birth of the universe – and all that God accomplished through His name – are produced, replicated, and stored as the miracle of each human cell.

The essence of genetic research is based in the understanding that all life is formed as combinations of only four chemical compounds. These basic units of life – adenine, thymine, guanine, and cytosine (A, T, G, and C respectively) – called DNA bases, carry all of the information required to produce every form of life that is known to exist. From the smallest single-celled organisms to the estimated 100 trillion cells that make up a single human body, the code of each life form is made from different arrangements of these four bases.

The four DNA bases, showing the elements that they are made of, and the equivalent of each element in the Hebrew alphabet. As our genetic code is made of combinations of the DNA bases, sometimes hundreds of letters long, there are a tremendous number of ways the YHVG may be combined in our cells.

YH (God / Eternal) forms one-half of God's name and the name coded into our cells.  
 VG indicates how the Eternalness resides within the body.

## KINESIOLOGY TESTING INTRODUCTION:

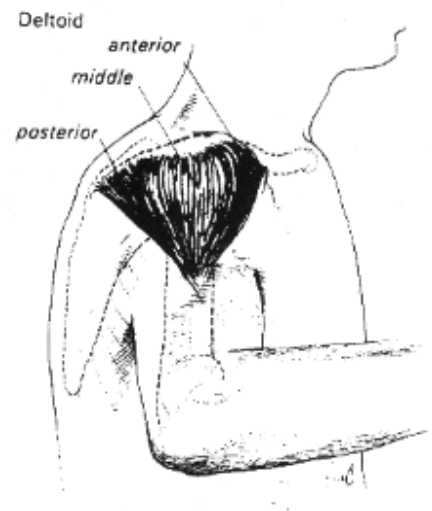

It takes two people to perform a kinesiological test. Choose a friend or a family member for testing. We'll call him or her your subject.

1. Have the subject stand erect, right arm relaxed at his side, left arm held out parallel to the floor, elbow straight. (You may use the other arm if you wish.)
2. Face your subject and place your left hand on his right shoulder to steady him. Then place your right hand on the subject's extended left arm just above the wrist.
3. Tell the subject you are going to try to push his arm down as he resists with all his strength.
4. Now push down on his arm fairly quickly, firmly and evenly. The idea is to push just hard enough to test the spring and bounce in the arm, not so hard that the muscle becomes fatigued. It is not a question of who is stronger, but of whether the muscle can "lock" the shoulder joint against the push.

Assuming there is no physical problem with the (deltoid) muscle and the subject is in a normal, relaxed state of mind, receiving no extraneous stimuli (for this reason it is important that the tester not smile or otherwise interact with the subject), the muscle will "test strong" – the arm will remain locked. If the test is repeated in the presence of a negative stimulus (for instance, artificial sweetener), "although you are pushing down no harder than before, the muscle will not be able to resist the pressure and the subject's arm will fall to his side."

By use of the kinesiological testing procedure described here, unlimited information about any subject, past or present, is universally available. But the realization that everything is knowable about anything or anyone, anywhere, at any point in time, creates at first a paradigm shock.

The interesting clinical technique of kinesiology has revealed the missing link and bridge between the mind and the body, and between the manifest and the un-manifest. That which is invisible can now easily be made visible. This clinical phenomenon transcends the autonomic nervous system or the acupuncture system as an explanation of the link between psyche and soma. It is obvious that the kinesiologic response originates from the non-locality of consciousness, and that its former limitation to the investigation of local phenomena was an expression of the limitation of perception of the clinicians or experimenters.

Although it is only because of non-duality that duality can be said to exist, kinesiology is the easiest and most practical phenomenon by which to take advantage of that reality. It has become obvious that one can

actually calibrate the different energy fields within consciousness and arrange them in a hierarchical scale, and when calibrated numerically, literally demonstrate the classical levels of consciousness as described since the beginning of time.

The most astonishing aspect of the phenomenon is its capacity to instantly register the difference between truth and falsehood (response time is 1/10,000 of a second). This quality is beyond time and space and bypasses the human psyche and the minds of the individuals involved. It is a universal quality of consciousness, just as protoplasm has the universal qualities of reactivity to stimuli and differentiates between the two. It withdraws from that which is antithetical to life and is attracted to that which supports it. With lightning-like speed, the muscles of the body go instantly weak in the absence of truth; they go strong in the presence of truth or that which supports life.

Everything in the world, including thoughts, concepts, substances, and images calls forth a response that can be demonstrated as positive or negative. The response is not limited by time, space, distance, or personal opinion.

The testing procedure has been tried on literally thousands of test subjects, both individually and in groups. The results were universally concordant, irrespective of the age or mental state of the test subjects. The applications of the discovery are obvious in the fields of clinical activity, research, and spiritual teaching.

**The value of such a tool is so immense that many people have gone into a paradigm shock when they have first discovered this work. That anyone anywhere can instantly tell the truth about anyone, anything, or everything anywhere in time or space is a giant leap and can be disturbing at first to one's sense of reality. Everyone thinks they are completely separate and that their thoughts are private.**

One value of the research tool is that it can be used to check the truth and validity of its own research and experimental work.

When Dr Hawkins first encountered **kinesiology**, he was instantly amazed at the potential he saw. It was **the “wormhole” between two universes – the physical world, and the world of the mind and spirit** – an interface between dimensions.

**JUDGMENT:**

What about Judgment Day?

Man extrapolates the ego's qualities to God and then fears God. Judgment Day is every day; it is already here and is constant and unending.

P.268 I, Reality and Subjectivity – David Hawkins calibration 999

To live with care and kindness is all that is necessary; the rest reveals itself in due time. The commonplace and God are not distinct.

While the events that one presumes to be a personal life are recorded in personal memory, all events in the universe, no matter how minute, such as a fleeting thought, are recorded in the infinite, impersonal field of consciousness beyond time, locality, and the recall of memory. It is as though space invisibly records all that happens within it for all time. This record is then discernible and retrievable forever by a simple physiologic phenomenon called the kinesiologic test. This is possible because the kinesiologic response is mediated by non-local consciousness.

Love is not a 'quality' of God but is God's very essence.

God does not exhibit favouritism or exclusivity.

The love of God is absolute and unconditional.

Accept that the concept of 'the fear of God' is ignorance. God is peace and love and nothing else.

Realise that the depiction of God as a 'judge' is a delusion of the ego that arises as a projection of guilt from the punishment of childhood. Realise that God is not a parent.

Christ's teaching was essentially and simply to avoid the negativity (calibrated levels below 200), and the goal of his teaching was for his followers to reach Unconditional Love (calibration level of 540).

Spiritual development is not an accomplishment but a way of life.

The power to decline the ego's programs increases exponentially as one progresses spiritually. That is the real meaning of the Scale of Consciousness.

When we see how people are dominated by the ego's programs, we realise that, without awareness or insight, they are relatively unable to help themselves. When we see this simple fact, forgiveness and compassion replace anger, fear, hatred, or condemnation.

Avoid and dissociate from non-integrity and negativity ('evil') rather than confront it. Jealousy, retaliation, vengeance, partiality, etc., are all attributes of the ego and not of God.

The human mind is incapable of discerning truth from falsehood.

Thus, all pathways to God renounce falsity and are devoted to that which radiates love, peace, holiness, compassion, forgiveness, mercy, and charity.

Spiritual truth is benevolent and grants freedom to everyone.

The ego likes to pretend that evil exists 'out there' and seduces the hapless, innocent ego into inadvertently falling into the trap of seduction. The real temper is the ego's desire for gain, whether that be sensation, excitement, advantage, prestige, or the pleasure of controlling others.

To realise the truth of the above releases one from the bondage of guilt and hate that ensues from the classic duality of good versus evil which has prevailed since the allegory of Adam and Eve. The presumed devil represents the ego's own proclivities and repressed desires. Man is therefore the victim of the inability to tell truth from falsehood as well as the seductions of the ego.

The Calibrated Scale of Consciousness does not indicate levels of 'better than' others but merely 'different from' others as a transitory evolutionary progression.

Thus, it becomes clear that as consciousness evolves, it no longer needs judgmentalism or the polarities of good / bad as a guide to behaviour. The choice of that which is integrous and loving occurs spontaneously because it is the natural expression of an evolved comprehension of life.

It might be said that one's spiritual buoyancy goes up with the choice of forgiveness and down with hatred.

Happily, a loving thought is enormously more powerful than a negative one.

Each level represents an impersonal field of energy that can be identified by calibration techniques. The levels represent the progression of the evolution of consciousness and are concordant with the challenges and tasks appropriate to that level. Each thus serves its own purpose like stepping stones. Each level may appear to be an impediment or even detrimental to those who have evolved beyond it, but in turn, each level represents progress and an improvement over the levels below it.

Thus, the human world represents a purgatorial-like range of opportunities and choices, from the most grim to the exalted, from criminality to nobility, from fear to courage, from despair to hope, and from greed to charity. Thus if the purpose of the human experience is to evolve, then this world is perfect just as it is.

The impact on a person's present life and the destiny of their soul is profoundly altered by the change of calibratable consciousness energy.

By choice, one determines one's own fate. There are no arbitrary forces to be reckoned with. Love chooses love and goes to love. The mechanism of forgiveness affords that very forgiveness. The entire universe is encompassed by compassion, which is available to all. Prayer is effective. God does not 'decide' in some arbitrary manner. The innate qualities of Divinity are mercy and compassion. There are no favours to be sought. It is only necessary to accept that which already exists as a given. Grace can only be accepted or denied. An individual soul may deny acceptance because it does not feel it deserves it, but "Judge not," sayeth the Lord". Otherwise, one would be at the mercy of the positionalities of the ego.

One’s ultimate fate is the automatic and impersonal consequence of the energy patterns which have been set up in the aura in the spirit body, i.e., one’s fate after physical death is merely the inevitable consequence of one’s own choice and not a reward or a punishment meted out arbitrarily by some external figure, energy, or power.

On as much as one’s spiritual destiny is sealed and determined by one’s own hand and its actions, each person, with absolute fairness, determines their own fate. Thus, God’s justice is indeed perfectly self-fulfilling. Mankind then needs to take responsibility for its own fate and stop blaming God.

In reality, the love of God, like the sun, shines equally on all.

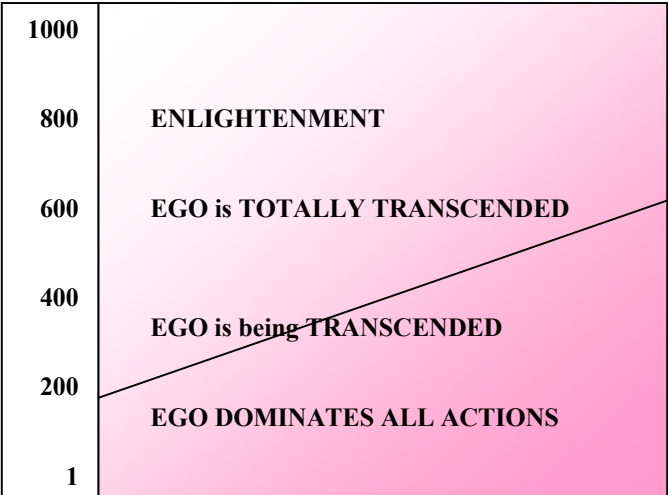

We will all find our way home. We will all progress up through the Map of Consciousness calibration table. It is only a question of just how many birth / life / death experiences we must endure before we remember who we are.

There are two ways to travel – either a direct route to one’s destination, or the leisurely trip that investigates the countryside and visits all the tourist attractions. Most spiritual seekers are on the leisurely path, even if they don’t realise it. This, however, is undoubtedly the best way for many people. It is neither wrong nor a waste of time but merely the path that works best for them.

In reality, time is merely an illusion and an appearance. No ‘time’ is really wasted once one has chosen the spiritual goal. Actually, it makes no difference in the end whether enlightenment takes a thousand lifetimes or one. In the end, it is all the same.

**FEAR of GOD:**

“The rathe of God.” What an absurd statement!

From the Disappearance of the Universe by Gary Renard – page 25:

Arten: “So God goes on and creates Adam and then gets him a date, Eve. Life is paradise. *But*, God gives them this one rule. Do anything you want kids, knock yourselves out, but don’t you *dare* eat the fruit from that tree of knowledge over there. So the serpent does its thing. Eve takes a bite and tempts Adam just so you can blame women for everything, and then Adam takes a bite. Now there’s hell to pay. Big angry Maker kicks Adam and Eve out of paradise. He even tells Eve that she’s going to suffer terrible pain during childbirth just for good measure. That’ll teach her! But wait just a minute here. If God is God, wouldn’t He be perfect? And if He is perfect, then wouldn’t He know everything? Even today’s parents know that the surest way to get children to do something is to tell them they can’t. So if God is God and He knows everything, then what has He done here.”

Gary: “Well, apparently God has set up His own children to fail just so He can have the pleasure of ruthlessly punishing them for a scenario which He Himself set into motion.”

Arten: “It sure looks that way, doesn’t it? But would God do this? If you had a child, would *you* do that? How could you possibly trust a God like that? Nowadays He’d be accused of child abuse. So what’s the truth? The answer should be obvious to anyone who is willing to take the blinders off. God would *not* do this. He is *not* an idiot. The story of Genesis is the symbolic story of the making of the world and bodies by the unconscious mind for reasons you are not aware of, but which you *must* become aware of.”

From the Road Less Traveled by Scott Peck M.D. – pages 269, 270, 281.

“To explain the miracles of grace and evolution we hypothesize the existence of a God who wants us to grow – a God who loves us.”

“God wants us to become Himself (or Herself or Itself). We are growing toward god-hood. God is the goal of evolution. It is God who is the source of the evolutionary force and God who is the destination. That is what we mean when we say that He is the Alpha and the Omega, the beginning and the end.”

“To put it plainly, our unconscious is God. God within us. We were part of God all the time. God has been with us all along, is now, and always will be.”

We will all return to God, every single one of us – eventually – should we so choose to!

**The DISAPPEARANCE of the UNIVERSE:**

various extracts:

J saw people as being the same as him and God – unlimited and perfect. All other characteristics we put onto other people or onto God are really our own unconscious beliefs about ourselves.

It is true that at the time J was the most advanced spiritual person to ever appear on the Earth. But everyone else, including you, will eventually attain the same level of accomplishment as him. There is no exception to this. Thus J is not ultimately different than anyone else, and his attitude was that no one will be left out of Heaven, because there is really only one of us – not all these separate bodies as you are presently dreaming.

J never got angry and knocked over the tables in the temple, but he did heal a few people who were already dead. Also, his body died on the cross but he did not suffer as you would imagine. As for his way of being, mere words cannot do him justice. To be in his presence was an experience so unique it gave you a feeling of wonder. His peace and unalterable love were so total that sometimes people couldn't stand it and they had to look away. His attitude was so calm and sure it made you want to know how he did it. Those who spent a lot of time with him and got to speak in private with him were inspired by his complete faith in God.

As God is perfect Love, then He is not anything else, and neither are you. You are in fact, the Love of God, and your real life is with Him. You will come to know and experience that God is not outside of you. You will no longer identify yourself with a vulnerable body or anything else that can be limited, and a body is anything that has borders or limits. You will learn instead of your true reality as pure spirit that is invulnerable forever.

The ego calls for sacrifice. In contrast, the Holy Spirit says there is no need for sacrifice of any kind.

The ego says, “The Lord giveth and Lord taketh away.” The Holy Spirit knows that God only gives, and never takes away.

The ego reverently proclaims death is real. The Holy Spirit says nobody is dead, and no one can ever really die.

The ego judges something as good or bad; the Holy Spirit says it is neither, because it isn't true. Thus all things on the level of form are equally untrue because of their illusory nature.

The ego assigns specific, different identities. Both its “love” and hate are directed at specific individuals. The Holy Spirit thinks of everyone as being the same and totally abstract. His Love is non-specific and all-encompassing.

The ego devises clever reasons why you should continue to listen to its selfish counsel, but the Holy Spirit is certain that at some point you'll turn to Him, and ultimately go home with Him – as the law of forgiveness and the laws of the mind dictate. If you really learn how to forgive and actually do it, your return to God must eventually follow.

You don't have to create your worth with God. That was done in God's Mind when he created you.

## **THROUGH THE LIGHT...THE ROAD TO DEATH:**

In 1982 I died from terminal cancer. My condition was non-operable. I chose not to have chemotherapy. I was given six to eight months to live. Before this time, I had become increasingly despondent over the nuclear crisis, the ecology crisis, and so forth. I came to believe that nature had made a mistake – that we were probably a cancerous organism on the planet. And that is what eventually killed me. Before my death, I tried all sorts of alternative healing methods. None helped.

So I determined that this was between me and God. I had never really considered God. Neither was I into any kind of spirituality, but my approaching death sent me on a quest for more information about spirituality and alternative healing. I read various religions and philosophies. They gave hope that there was something on the other side.

I had no medical insurance, so my life savings went overnight on tests. Unwilling to drag my family into this, I determined to handle this myself. I ended up in hospice care and was blessed with an angel for my hospice caretaker, whom I will call "Anne". She stayed with me through all that was to follow. It lasted about eighteen months.

### **THE LIGHT OF GOD**

I woke up about 4:30 am and I knew that this was it. I was going to die. I called a few friends and said good-bye. I woke up Anne and made her promise that my dead body would remain undisturbed for six hours, since I had read that all kinds of interesting things happen when you die. I went back to sleep.

The next thing I remember, I was fully aware and standing up. Yet my body as lying in the bed. I seemed to be surrounded by darkness, yet I could see every room in the house, and the roof, and even under the house.

A Light shone; I turned toward it, and was aware of its similarity to what others have described in near-death experiences. It was magnificent and tangible, alluring. I wanted to go towards that Light like I might want to go into my ideal mother's or father's arms. As I moved towards the Light, I knew that if I went into the Light, I would be dead. So I said/felt, "Please wait. I would like to talk to you before I go."

The entire experience halted. I discovered that I was in control of the entire experience. My request was honoured. I had conversations with the Light. That's the best way I can describe it. The Light changed into different figures, like Jesus, Buddha, Krishna, mandalas, archetypal images and signs. I asked in a kind of telepathy, "What is going on here?"

The information transmitted was that our beliefs shape the kind of feedback we receive: If you are a Buddhist or Catholic or Fundamentalist, you get a feedback loop of your own images. I became aware of

a Higher Self matrix, a conduit to the Source. We all have a Higher Self, or an oversoul part of our being, a conduit. All Higher Selves are connected as one being, all humans are connected as one being. We are literally the same being.

It was the most beautiful thing I have ever seen. It was like all the love you've every wanted, and it was the kind of love that cures, heals, regenerates. I was ready to go at that time. I said "I am ready, take me." Then the Light turned into the most beautiful thing that I have ever seen: a mandala of human souls on this planet. I saw that we are the most beautiful creations – elegant, exotic . . . everything. I just cannot say enough about how it changed my opinion of human beings in an instant.

I said/thought/felt, "Oh, God, I didn't realize." I was astonished to find that there was no evil in any soul. People may do terrible things out of ignorance and lack, but no soul is evil. What all people seek, what sustains them, is love, the Light told me. What distorts people is a lack of love.

The revelations went on and on. I asked, "Does this mean that humankind will be saved?" Like a trumpet blast with a shower of spiralling lights, the Light "spoke," saying, "You save, redeem and heal yourself. You always have and always will. You were created with the power to do so from before the beginning of the world."

In that instant I realized that WE HAVE ALREADY BEEN SAVED; this is what the "Second Coming" is about. I thanked the Light of God with all my heart. The best thing I could come up with was: "Oh dear God, dear Universe, dear Great Self, I love my Life."

The Light seemed to breathe me in even more deeply, absorbing me. I entered into another realm more profound than the last, and was aware of an enormous stream of Light, vast and full, deep. I asked what it was.

The Light answered, "This is the RIVER OF LIFE. Drink of this manna water to your heart's content." I drank deeply, in ecstasy.

### **THE VOID OF NOTHINGNESS (a Buddhist concept of error)**

Suddenly I seemed to be rocketing away from the planet on this stream of life. I saw the Earth fly away. The solar system, whizzed by and disappeared. I flew through the centre of the galaxy, absorbing more knowledge as I went. I learned that this galaxy, and all of the Universe, is bursting with many different varieties of life. I saw many worlds. We are not alone in this Universe.

It seemed as if all the creations in the Universe soared past me and vanished in a speck of Light. Almost immediately, a second Light appeared. As I passed into the second Light, I could perceive forever, beyond Infinity. I was in the Void, pre-Creation, the beginning of time, the first Word or vibration. I rested in the Eye of Creation and it seemed that I touched the Face of God. It was not a religious feeling. I was simply at One with Absolute Life and Consciousness.

It would take me years to assimilate the Void experience. It was less than nothing yet greater than anything. Creation is God exploring God's Self through every way imaginable. Through every piece of hair on your head, through every leaf on every tree, through every atom, God is exploring God's Self. I saw everything as the Self of all. God is here. That's what it is all about.

Everything is made of light; everything is alive.

### **THE LIGHT OF LOVE**

I rode the stream directly into the centre of the Light. I felt embraced by the Light as it took me in with its breath again. And the truth was obvious that there is no death; that nothing is born and nothing dies; that

we are immortal beings, part of a natural living system that recycles itself endlessly. I was never told that I had to come back. I just knew that I would. It was only natural, from what I had seen.

As I began my return to the life cycle, it never crossed my mind, nor was I told, that I would return to the same body. It did not matter. I had complete trust in the Light and the Life process. As the stream merged with the great Light, I asked never to forget the revelations and the feelings of what I had learned on the other side.

I thought of myself as a human again and I was happy to be that. From what I have seen, I would be happy to be an atom in this universe. An atom. So to be the human part of God. This is the most fantastic blessing. It is a blessing beyond our wildest estimation of what blessing can be. For each and every one of us to be the human part of this experience is awesome, and magnificent. Each and every one of us, no matter where we are, screwed up or not, is a blessing to the planet, right where we are.

So I went through the reincarnation process expecting to be a baby somewhere. But I reincarnated back into this body. I was so surprised when I opened my eyes, to be back in this body, back in my room with someone looking over me, crying her eyes out. It was "Anne," my hospice caretaker. She had found me dead thirty minutes before.

We do not know how long I was dead, only that she found me thirty minutes before. She had honoured my wish to have my newly-dead body left alone. She can verify that I really was dead. It was not a near-death experience. I believe I probably experienced death itself for at least an hour and a half.

When I awakened and saw the light outside. Confused, I tried to get up to go to it, but I fell out of the bed. She heard a loud "clunk", ran in and found me on the floor.

When I recovered, I was surprised and awed about what had happened, I had no memory at first of the experience. I kept slipping out of this world and kept asking, "Am I alive?" This world seemed more like a dream than that one. Within three days, I was feeling normal again, clearer, yet different than ever before. My memories of the journey came back later. But from my return I could find nothing wrong with any human being I had ever seen.

Previous to my death I was judgmental, believing that people were really screwed up. Everyone but me.

About three months later a friend said I should get tested for the cancer, so I got the scans and so forth. I felt healthy. I still remember the doctor at the clinic looking at the "before" and "after" scans. He said, "I can find no sign of cancer now."

"A miracle?" I asked.

"No," he answered. These things happen ... spontaneous remission." He seemed unimpressed. But I was impressed, and knew it was a miracle.

## LESSONS LEARNED

The Great Mystery of life has little to do with intelligence. The universe is not an intellectual process. The intellect is helpful; but our hearts are the wiser part of ourselves.

Since my return I have experienced the Light spontaneously, and I have learned how to get to that space almost any time in my meditation. You can also do this. You do not have to die first. You are wired for it already.

The body is the most magnificent Light being there is. The body is a universe of incredible Light. Spirit is not pushing us to dissolve this body. We don't need to commune with God; God is communing with us in every moment.

I asked God: "What is the best religion on the planet? Which one is right?" God said with great love: "I don't care." What an incredible grace. It does not matter what religion we are. Religions come and they go, they change.

Buddhism has not been here forever, Catholicism has not been here forever, and they are all about to become more enlightened. More light is coming into all systems now.

Many will resist and fight about it, one religion against the next, believing that only they are right. When Godhead said, "I don't care," I understood that it is for us to care about, because we are the caring beings. The Source does not care if you are Protestant, Buddhist, or Jew. Each is a reflection, a facet of the whole. I wish that all religions would realize it and let each other be. It is not the end of separate religions, but live and let live. Each has a different view. And it all adds up to the big picture.

I went over to the other side with a lot of fears about toxic waste, nuclear missiles, the population explosion, the rain forest. I came back loving every single problem. I love nuclear waste. I love the mushroom cloud; this is the holiest mandala that we have manifested to date, as an archetype.

More than any religion or philosophy on Earth, that terrible, wonderful cloud brought us together all of a sudden, to a new level of consciousness.

Knowing that maybe we can blow up the planet fifty times, or 500 times, we finally realize that maybe we are all here together now. For a period they had to keep setting off more bombs to get it in to us. Then we started saying, "we do not need this any more." Now we are actually in a safer world than we have ever been in, and it is going to get safer. So I came back loving toxic waste, because it brought us together.

These things are so big.

Clearing of the rain forest will slow down, and in fifty years there will be more trees on the planet than in a long time. If you are into ecology, go for it; you are that part of the system that is becoming aware. Go for it with all your might, but do not be depressed or disheartened. Earth is in the process of domesticating itself and we are cells on that Body.

Population increase is getting very close to the optimal range of energy to cause a shift in consciousness. That shift in consciousness will change politics, money, energy.

What happens when we dream? We are multi-dimensional beings. We can access that through lucid dreaming. In fact, this universe is God's dream. One of the things that I saw is that we humans are a speck on a planet that is a speck in a galaxy that is a speck. Those are giant systems out there, and we are in sort of an average system. But human beings are already legendary throughout the cosmos of consciousness.

The little bitty human being of Earth / Gaia is legendary. One of the things that we are legendary for is dreaming. We are legendary dreamers. In fact, the whole cosmos has been looking for the meaning of life, the meaning of it all. And it was the little dreamer who came up with the best answer ever. We dreamed it up. So dreams are important.

After dying and coming back, I really respect life and death. In our DNA experiments we may have opened the door to a great secret. Soon we will be able to live as long as we want to live in this body. After living 150 years or so, there will be an intuitive soul sense that you will want to change channels. Living forever in one body is not as creative as reincarnation, as transferring energy in this fantastic vortex of energy that we are in. We are actually going to see the wisdom of life and death, and enjoy it. As it is now, we have already been alive forever.

Here's to life! Here's to death! Here's to it all!

Mellen-Thomas Benedict is an artist who survived a near-death experience in 1982.

Dr. Kenneth Ring has said, "His story is one of the most remarkable I have encountered in my extensive research on near-death experiences."

"Courage is the most important of all virtues, because without it we can't practice any other virtue with consistency."

## **The NATURE of GOD:**

## **The Eye of the I**

**This is a study that will require eons upon eons of investigation.**

Although it may seem like putting the cart before the horse, it serves the spiritual aspirant to know something of the destination in order to avoid being led off track by the fallacious. Error is rampant and often pervasive by the sheer masses of people who follow erroneous and misleading concepts and proselytize error.

To know God via direct experience is extremely rare. Enlightenment occurs to less than one person in more than ten million people. True teachers are few and pretenders abound. If the masses were headed in the right direction, sainthood and enlightenment would be common. They are not. The Buddha said, "Put no head above your own. Follow the true teachings only." The true way is simple and direct.

### **The Qualities of Divinity**

This knowledge is important to comprehend so that one can quickly discern what God is not. Many religious teach what God is *not* in the form of misunderstanding and distortions of truth that occur because of the ego's misinterpretations and projection of anthropomorphic perceptions. To know what God is and to have a tool available that can calibrate levels of truth is to be very well prepared indeed for what can be at times a difficult journey or process.

God is everywhere present, including the here and now. God is not elsewhere, such as only in a distant heaven, nor in the future so as to be available only when one gets to heaven. The presence of God is thus available to everyone all the time. To realise this is just a matter of awareness. It is said that without the help of a guru, saviour, or avatar, this awareness is unlikely to occur in the lifetime of most people, which may be true.

God is beyond perception, duality, positionality, or having parts. God is beyond all opposites, such as good and bad, right and wrong, win or lose. Like the sun, God shines equally on all. God's love is not reserved for the favoured few. It is, however, experienced directly only by the few, but it does shine through the clouds via the love we experience with others, including even pets and nature. The degree to which one experiences the presence of God's love varies markedly from one person to another, depending on one's level of consciousness.

The presence of God is the quintessence of profound peace, stillness, and love. It is overwhelming in its profundity. It is totally enveloping, and the love is so powerful that it dissolves any remaining 'non-love' held by the residual ego.

Like empty space that is unsullied by its content, or water that is unaffected by the fish that swim through it, the mind of God is beyond all form. Like space, it is equally present in the objects therein.

That which is omnipotent, omniscient, and omnipresent is not vulnerable to threat or emotional upset; thus, God is not prone to revenge, jealousy, hatred, violence, vanity, egotism, or the need for adulation or compliments. The beneficiary of worshipping is the worshipper. God is totally and absolutely complete and has no needs or desires. God is not unhappy or upset if you have never heard of him or don't believe in him.

Many of the old-world descriptions of God are actually reprehensible and figments of man's guilty projections of fear. Primitives thought that every storm meant that God was angry and needed sacrifices to calm down. Volcanoes also indicated that God was angry. The ego demands explanations and looks for 'causes'. God was therefore rationalised to be the 'cause' of earthly events that created fear, such as earthquakes, famine, floods, pestilence, storms, drought, barrenness or ill health. God was considered the great punitive enforcer as well as the great rewarder. Thus arose the numerous gods with many different descriptions in the traditions of the cultures within which these myths originated. (Natural disasters occurred before mankind was even on the planet.)

The god of old is the projection of the ego energies associated traditionally with the chakra of the spleen. The gods of the spleen are really serious misconceptions and account for the fact that many old religions and scriptures make one go weak with kinesiology. They represent the demonic gods of fear, hatred, envy, jealousy, and retribution. The fear of God's 'righteous anger' is prevalent today.

One can see at a glance that righteousness is merely an arbitrary vanity of positionality, and anger would hardly be an emotional limitation to an ever-present, all-powerful God.

God is not injured by anybody's wrongdoing and therefore has no trauma to avenge. The image of God as a retaliatory, cruel punisher is hard to eradicate from one's thinking. God is blamed for all that is actually the product of the ego itself. It is the ego that is the source of guilt, sin, suffering, condemnation, and creation of all the hells. It seeks salvation by blaming it all on God. It does so by turning God into His opposite. The gods of the lower regions are really demons. In actuality, God cannot be manipulated, cajoled, bargained with, or manoeuvred into a position of being either a perpetrator or a victim. God is not co-dependent or neurotic and does not suffer from a paranoid psychosis with grandiosity.

That which is all knowing and all present registers everything. Consciousness detects and instantly registers every event, thought, feeling, and occurrence and thus knows everything completely forever. One can verify by simple kinesiological testing that every hair on every head is indeed counted, noticed, and filed away in the knowingness of Infinite Consciousness itself. This occurrence is impersonal and automatic and happens because of the innate qualities of consciousness. God has no personal stake in all this nor does he react. God does not get upset or offended or get his nose out of joint at any impertinence or lack of good taste.

The infinite mercy and forgiveness of God is beyond any and all conception and is totally unconcerned with the trivialities of world events. God is not half of a duality. In Infinity, there is no 'this' (bad) to react to, nor 'that'. God is neither sadistic nor cruel. He cannot be injured and therefore has no desire for revenge.

The experience of God is not possible to the ego, which is limited to perception and deals in concepts, feelings, and form. God is nonmaterial and is not detectable by x-rays, spectrometers, photo film, Geiger counters, metal detectors, or ultraviolet or infrared detectors, which are the favourite tools of paranormal investigators looking for 'spirits'.

The love of God is unconditional. It is not arbitrary or evanescent, nor is it parcelled out to the deserving. To understand that God is love precludes all such notions. God does not make decisions, does not need any news, and does not need favourable reports in order to function. That which is completely and fully the totality of love has no capacity to stop being what it is.

By analogy, one can say that space cannot decide that it will suddenly become non-space. Everything is totally identical with the essence of its own existence. Love cannot turn into non-love, nor can God turn into non-God any more than a giraffe can turn into a non-giraffe.

God is not a disturbed child or a parent. He does not read the news or punish the wicked. No arbitrary judgement is required in a universe which is innately just and self-balancing. Each entity experiences the consequence of its own doing, its own choices, its own wishes and belief systems. That which is all still, silent, peace, and love repels back onto itself all that is unloving, non-silent, and un-peaceful. This is experienced by the ego as hell, which is thereby self-created.

All actions, events, thoughts, ideas, concepts, and decisions are accompanied by an energy field which can be calibrated. Thus, by its own acts, the ego brings itself to its own level in the sea of consciousness. Like buoyancy, the impersonal quality of the sea of consciousness automatically determines the level to which one rises or sinks. This is merely the nature of the universe being what it is. The explanation which the ego and perception use to describe the automatic outcome of actions is called 'judgment', which is an illusion, just as an explanation of events in the material world is ascribed to 'causality'.

God is not limited by concepts, ideas, thoughts, or languages. Because of the quality of the omnipresence, the presence of God includes All That Is, including man's thinking, but of itself does not partake of it. God does not talk to anybody. A voice booming out of the heavens is at best an interpretation of an inner experience which has been projected onto the physical world. Sound is a physical vibration. God is all present within the physical. That which is formless does not manipulate sound waves.

Enlightened beings do not relate any experiences of being spoken to or verbally addressed by God. This would surmise a duality of God versus a person to whom God is speaking. In reality, the Self and God and Allness are one. There is no separation between a speaker and that which is spoken to. Mystics attune to God by an unspoken knowingness. Messages from God are from the spiritual ego which has become dissociated and projected as some 'other' reality. 'Voices from God' are usually hallucinations. Occasionally, they are due to astral entities, some of whom claim 'Godship'.

The Infinite Presence has no intentions because, here again, there would have to be the duality of an intender, that which is intended, and that to whom the intention is directed. All such constructs are conceptualisations based on perceptual duality.

God is non-dualistic, total, complete Allness and Oneness. Misinterpretations of God arise because the ego deals in perception and form. It also misidentifies force as power.

Power is analogous to a gravitational or magnetic field in that everything which occurs within it is impeccably and automatically the consequence of the nature of the field itself. The field does not 'choose' to attract anything nor does it have different rules for different objects. The field represents total equality. Likewise, in a spiritual field of power, everyone and everything is attracted and influenced by virtue of its own constitution or spiritual 'weight', vibration, or attractor field.

Some entities or personal egos are repelled by a positive field. Many people are sincerely 'turned off' by anything loving, spiritual, or benevolent. Lots of people really hate both silence and peace; it drives them crazy. Are not solitary confinement and silence the ultimate punishment?

It seems that at consciousness level 200, a polarity shift occurs. It is as though from 200 up, the entity is positively charged, and below 200, negatively charged. It is obvious in society that those who tend toward criminality are attracted to criminality and to others of the same ilk, whereas those who choose peace and love are attracted to others with the same propensities.

Principles that are obvious and attractive above the level of 200 can become repulsive absurdities and are often ridiculed below the level of 200. Societies whose power derives from keeping the consciousness level of the people extremely low, such as the recent society in Cambodia, even take official political positions against love or its expressions.

In contrast, peace and love would be seen as the greatest of opportunities for a person who is spiritually motivated. Although it may seem absurdly simple and obvious, unfortunately, to most of mankind, it is an unfamiliar fact that God is at the top of the Scale of Consciousness and not at the bottom. It is also obvious to the spiritually advanced, but not to the masses, that creation and power radiate from the top down and not vice versa. The power of creation belongs to God alone. The physical world does not possess the power of creation or causality; thus, it is impossible for creation to proceed from form and materiality into life and eventually nonform. People are not 'co-creators' with God. God doesn't need help. What would a human being be capable of co-creating, anyway? God is beyond all form.

Ordinary people think in terms of form. Why would that which is omnipotent, omnipresent, and formless be interested in worldly games? There is nothing that 'needs' to be created.

The effects of the presence of God emanate from the Divine Essence itself and are not selective acts by God. In Reality, there are neither happenings nor events and, therefore, there is no need for correction or intervention.

Between God and man there is a hierarchy of spiritual energy levels and fields of graduated power. These are intuited and referred to as the Holy Spirit, the higher self, the grace of God, angels, archangels, and heavens, Consciousness levels beyond 1,000 and up through the spiritual hierarchy represent power beyond the capacity of human imagination.

The touch of an archangel is so powerful and devastating that the ego is as if paralysed or stunned and goes silent. The power is absolute and total. (An archangel's power calibrates in the millions.) If life continues in the form of a physical body, it may take years to be able to function again in worldly terms.

Each existence is then the consequence of the Presence and given the capacity to fulfil its destiny. The strength to sustain and survive the enlightenment experience itself is provided by the Holy Spirit as a powerful energy which sustains the remainder of destined life. It is by means of the Holy Spirit that there is a return to function of the faculties necessary, but they have been transformed forever. Even the 'experience' itself cannot be spoken of for many years. There is no one to tell and nothing to report. There is no speaker and no one to decide to speak. Life is directed and propelled by the Presence. The illusion of an independent, personal will or decision maker is gone forever. Perhaps subsequent actions are the momentum of a prior covenant or commitment. Everything happens of its own. Ongoing life is self-actualising and fulfilling. There is no personal self to do anything; there is no thinker to think, no actor to act, no doer to do, no decider to decide. All verbs, adjectives, and pronouns become meaningless.

## **The Reality of God**

God does not direct floods, conflagrations, earthquakes, volcanoes, storms, lightning, or rainfalls. These are impersonal effects of conditions within the physical world and its universe. God does not get mad and ‘trash out’ cities, civilisations, towns, or ethnic groups. All these things occurred on the planet before there were any living societies. God does not get involved in human conflicts, political and religious struggles, or strife. God has no interest in war’s battlefields. He has no enemies that need to be slain.

Infidels, believers or the like are all positionalities of the human ego. Even sensible hums are beyond such smallness of mind and its judgmentalism. God doesn’t ‘care’ whether one believes in ‘Him’ or not; however, the consequences will be quite different.

Love gravitates towards heaven and hate sinks into the other direction. Goodness rejects no one. Like goes to like; love is attracted to love. God takes no actions against anything or anyone. Some souls are attracted by light and others by darkness. The selection is from within the ego and not imposed from without.

## **God is Beyond Form**

It is important to recognise that that which is beyond form is not reached through form or by the manipulation of form. Therefore, involvement in esoteric or occult practices is a snare and a delay. These practices are byways which lead to astral planes, enthusiasts, and proselytizers, all of which are endless in number. There is no power in geometric figures, mandalas, icons, paintings, statues, or recitations. Any value that ensues is by the intention, dedication, commitment, and faith of the believer. The world is full of well-intentioned but naïve reciters of mantras, light-workers, worshippers of sacred objects, amulets, charts, holy places, Druid remains, mystical charms, and sites for pilgrimages, such as Machu Picchu, Stonehenge, the pyramids, the Ganges, ancient temples, energy vortices, and all the rest. This could be called ‘making the circuit’, but eventually, one has to go within. “Heaven is within you”, said the Lord, Jesus Christ.

God is self-revealing and beyond all form, yet present and innate within all form. God is silence, still, serene, peaceful, unmoving, all-inclusive, everywhere present, all knowing by virtue of being All That Is. God is total, complete, quiescent, loving, beyond time and space, without parts or partitions, non-dualistic, and equally present in All That Is, not different from the Self. Only existence is possible. Despite translation errors and misunderstanding, God is not nothingness nor void. Non-existence, as once can see by its own self-definition, is not a possibility.

The Presence is beyond all thought, mentation, or even observation. The awareness is Self-awareness that stems from the knowingness of actually being All That Is; therefore, there is nothing to know ‘about’. There is no knower or known; they are one and the same. In the state of Oneness, the objective and subjective disappear into each other.

The Presence is incredibly soft, gentle, loving, melting, and paradoxically, simultaneously rock-like, immutable, all powerful, and an infinite cohesion that holds together ‘all reality’ as a universe that is perpetual Creation. In the presence of God, the illusions of cause and effect disappear. The Presence does not cause anything to happen; instead, it is all that appears to be happening.

In the Presence, all sense of time disappears, which is a crucial aspect of peace. Once the pressure of time ceases, it is recognised to have been perhaps one of the primary sources of distress that accompanies the human condition. The sense of time creates stress, pressure, anxiety, fear, and endless disgruntlement in a myriad of ways. The 'time stress' accompanies all activities and pursuits, creating the illusion of sequence and cause. Every human action is couched in an unspoken pressure cooker of time and the mind constantly calculated how much 'time' can be 'spent' at every activity. This results in panic, fear, or worry as well as guilt, shame and anger. "Too much time spent on this. Not enough time spent on that. There are many things we would like to do but we don't have enough time. Time will run out." Until the sensation of time stops, one does not have any possibility of knowing what real freedom or peace feels like.

### **God is Freedom, Joy, Home, and Source**

In the presence of God, all suffering ceases. One has returned to one's Source, which is not different from one's own Self. It is as though one had forgotten and now awakened from a dream. All fears are revealed to be groundless; all worries are foolish imaginings. There is no future to fear nor past to regret. There is no errant ego / self to admonish or correct. There is nothing that needs changing or bettering. There is nothing about which to feel ashamed or guilty. There is no 'other' from which one can be separated. No loss is possible. Nothing needs to be done, no effort is required, and one is free from the endless tug of desire and want.

### **God Is All-Merciful**

That which itself is absolute perfection sees nothing to forgive. All 'happenings' were the ego's perception and had no real existence. There are no 'events' to explain, account for, or that require retribution. Mercy is the quality of unconditional love. Perfection does not see imperfection or lack.

### **God May Be Revealed as a Sudden of Unexpected Presence**

The difference between the ordinary state of consciousness and sudden awakening is very extreme and there is no way to prepare for it. It quickly reveals itself with no advance warning. The remaining shell of the outworn ego is felt to 'die'. One is now in a new splendid realm, and there is a different dimension, the presence of a different state or condition. No spirit guides, saintly figures, or angelic forms appear. There are no higher beings to meet or greet one. All considerations, expectations, and mental or emotional activity cease and are replaced by a silent knowingness which is without form or content. To be All That Is leaves nothing unanswered or unknown. That which formerly thought itself to be an 'I' or a 'me' has vanished. One is now invisible.

It is like one has been trudging along to reach a mountain and suddenly finds oneself alone at the top of Mt Kilimanjaro, with only the infinite sweep of snowy mountains to be seen. On the peak, one notes that in some mysterious way, one is also the mountain as well as the sky and far-reaching fields of snow. No one is there; even the body stands there as though it were something unimportant, like a sled. It appears to be a curiosity of the landscape and nonessential. One looks down at the sled and marvels at the insanity that one once thought that one was a sled.

The Self is self-aware beyond the senses. Divinity shines forth as a massive revelation. Its obviousness is stark and forceful as a radiance. Its essence is certainty and finality, totality and completeness. All searches have ended.

An aspect of awareness is the quality of being everything that is, in contrast to ordinary consciousness, which seems to live and perceive the surface of things. The vision of the Presence is the inner knowing of everything. The Self is equally the sled, the snow, the mountain, the sky, the clouds, and the wind. It is All simultaneously, and yet none of them. The world seems to have turned from the equivalent of a black-and-white movie to one in three-dimensional Technicolour. Everything now has great depth and texture.

All things are equally aware and conscious of the Presence and share in the joy and realisation of timelessness. If it is so destined, the ongoingness of life is autonomous and continues on its own. The physical body moves itself and goes about its remaining business. It even, if prompted, takes care of itself; however, without prompting, it would be unlikely to do so. One no longer needs a sled or is a sled, so it just does whatever it does, which can sometimes be amusing. The body is like a pet that has been discovered – it is a lovable animal.

**The NATURE of GOD:****I, Reality and Subjectivity**

Throughout history, man has heard about the “Will of God”, the “Word of God”, the “Laws of God”, and the “Commandments of God”, and these have often brought about consternation rather than hope. We should therefore investigate exactly how man has actually come to know the reality of God and what can be believed and verified.

Traditionally, the main avenues of knowledge about God have been by revelation, illumination, inspiration, and introspection, as well as by intellection and deduction. Theology has been the province of the specific study of religion and the development of man’s intellectual knowledge of God.

Theology is primarily an historic examination of the elements whereby knowledge arises and blends into epistemology and the philosophy of metaphysics. The basic elements necessary for any form of knowingness have thus become the focus of analysis as well as speculation.

Religion has presupposed that the comprehension, much less the experience of the truth of God, is beyond ordinary mortals. Thus, historically, religion has been society’s primary source of information about the nature of Divinity.

The truths of every religion originate from the awareness of the mystics who were the avatars upon whom the religions were founded. These were uniformly God-realised spiritual geniuses who were able to share their experience, information, and knowledge for the benefit of mankind. When we confirm their level of enlightenment with the technique of calibration, we arrive at the following examples:

|   |  |
|---|--|
| Christ  | 1,000 (actually higher – much higher!) |
| Buddha  | 1,000                                  |
| Krishna   | 1,000                                  |
| Zoroaster   | 950                                    |
| Christian Apostles                                    | 930                                    |
| Moses   | 910                                    |
| Muhammad (at the time of the<br>Writing of the Koran) | 740                                    |

We can also confirm the truth of all the great enlightened teachers, masters, saints, and sages throughout history, as well as the calibrated level of authenticity of all the sacred scriptures and teachings during that time. We thus arrive at a very solid core of reliable information with cross-corroboration that encompasses all racial, ethnic, or religious boundaries, as well as identification with a concordance that is verifiable over the centuries from totally different cultures.

Collectively, the verifiable, authentic sources for man’s knowledge of the nature of Divinity are actually quite impressive in their unanimity and correlation. There emerges a substructure of irreducible truth that is sovereign to all knowledge and which, in addition, is now verifiable by recently discovered calibration techniques (kinesiology muscle testing with the Map of Consciousness calibration table) so that the teachings can be understood, languaged, and represented to modern man in a manner that is comprehensible to the ordinary intellect. A modern-day theology is now available which is logical and capable of affirmation.

It is important to be aware that Truth is not provable nor subject to proof, nor is it in the category or province of knowledge that is measurable, such as the subject of Logic. Truth is only that which is verifiable by the realisation of subjective, experiential reality. 'Provables' are merely propositions, whereas truth, like space, merely 'is' and consequently, is not arguable. Descriptions can be challenged but not the reality of subjectivity.

From the totality of authenticity verifiable sources of spiritual knowledge can be distilled an absolute, irreducible quintessence, a core of absolute validity that transcends all positionalities or editorialising for either advantage or gain. From the source of the subjective reality from which these words emanate, as well as the derivation of man's spiritual experience throughout history, the following statements can be made with absolute certainty:

1. God is both manifest as the Totality and Allness of Creation and simultaneously unmanifest as the Godhead, the Infinite Potentiality and source or 'voidness' prior to form.
2. God is infinite beyond time or depictions of space or locality, without beginning or end.
3. God is omnipresent, omnipotent, and omniscient.
4. God is the source and substrate of consciousness, awareness, knowingness, and sentience.
5. God is the sole source of the energy of life.
6. God is the source of evolution and Creation, which are one and the same.
7. God is the source and presence of peace, love, stillness, and beauty.
8. God is beyond all universes and materiality, yet is the source of All That Is.
9. God is the sole source of existence and the potentiality of beingness.
10. God is the ultimate context of which the universe and all existence is the content.
11. God is the *a priori* formless source of existence within all form.
12. God is not within the province of the provable or the intellect.
13. God is the source and essence of the subjective state of 'I-ness' called Enlightenment.
14. God is the radical subjectivity of Self-realisation.
15. God is descriptively immanent and transcendent.
16. The human experience of the Presence of God is the same in all ages, all cultures, and all localities.
17. The effect on human consciousness of the experience of the Presence of God is subjectively transformative and identical throughout human history. It leaves a timeless mark that is verifiable as a calibration of a recorded level of consciousness.

18. The essence of God does not include human frailties, such as partiality, the desire to control favouritism, duality, judgmentalism, wrath, righteous anger, resentment, limitation, arbitrariness, vanity, revenge, jealousy, retaliation, vulnerability, or locality.
19. The variable of the depictions of Divinity reflect the variables of human perception and the projections of the impediments of the ego and its positionalities.
20. The purity of the Presence of God is traditionally the essence of the ineffable quality of holiness and is the basis for the depictive term "sacred". That which is devoid of content is the equivalent of Innocence.
21. When the obstacles of human mentation (thinking), emotionality, and the ego's structures from which they are derived are transcended, the Self as God Immanent shines forth of its own accord, just as the sun shines forth when the clouds are removed.
22. God is the context and source of the karmic unity of all Creation, beyond all perceptual descriptions or limitations, such as time or space.
23. Truth is verifiable only by identity with it and not by knowing about it.

The absolute truth of these statements about the Reality of Divinity was publicly corroborated on July 13, 2002, before an audience of over two hundred people during a public lecture. The audience divided into one hundred kinesiologic test teams. The truth of each statement was then tested by the whole audience simultaneously. The confirmation of each statement was one hundred percent (calibrated level 1,000), and the procedure was video taped. The purpose was to present credible documentation of Truth in today's world to provide validation that does not depend on historical accounts or ecclesiastic authority which are often subject of doubt in modern society.

Traditionally, states of self-realisation have been referred to as illumination or transcendent awareness which, by Grace, is comprehensible in essence by human consciousness when it is devoid of obstructions. The witness of the state of realisation or illumination can only report its occurrence. As strange as it may seem, at that point, it has no 'meaning' as such. Significance and conclusion are then subsequently derived.

If the totality of the content of human consciousness is illuminated, then the consequences and derivations of the levels of consciousness become apparent, much like a map allows the fate of certain pathways to become clearer. Thus, the sage or avatar merely points out the consequences of going in various directions based on the revelation of the certainty of absolute karmic unity and divinity of Creation which, in predictability, are comparable to the physical laws, such as those of gravity.

The sage then confirms that the karmic laws of Creation supersede all the illusions and errors of the ego. The message to be conveyed by spiritual teachings is that just as the physical body is subject to the laws of Newtonian linear physics, the spiritual body is subject to the laws of the nonlinear spiritual truth, which are quite different. Because of the rudimentary level of the evolution of man's consciousness, the avatar, mystic, or sage has been illuminated in order to teach the difference between the two domains.

Human life seems to represent a staging process or dimension by which life as consciousness evolves from the simplest life energy, such as the cells of the body through elaboration as form, and progresses up through the animal kingdom, on through the complexity of the primate and the evolution of an intelligence to enable comprehension. As intelligence develops, it becomes capable of investigation and comprehension of meaning and abstract derivation of essence apart from form, that is, content vis-à-vis context. Out of context arises the inference of and search for source in the capacity for spiritual awareness.

The animal knows and loves that it is, but it has no knowledge of its source or destiny. The spiritual sage emerges as a consequence of that level of consciousness which discovers its source and proclaims the discovery for the information of all. The spiritual information then illuminates the possibilities of the soul's destiny at the cessation of human physicality.

When mankind hears of the news, some individuals become very excited or fearful and therefore become authoritarian. They form into groups, and various individuals report unique or strange experiences. They then part from the group and start their own interpretations of what has been revealed. In addition, they nominalise their declarations as 'rules', 'regulations', or authoritarian pronouncements that become 'canon', 'law', or ecclesiastic doctrines.

Some of these deviations over time are given such undue emphasis that they actually obscure and eclipse the truths from which they were derived. Some become so distorted that they end up being and conveying the exact opposite of the original, for example, that it is God's commandment to kill the innocent, the infidels, or Americans in the name of God.

Thus, the innocence of consciousness is, at the same time, its Achilles' heel and vulnerable to attack from the energies that actually refuse spiritual truth. What we can conclude by surveying all the verifiable spiritual information available to man is that the karmic unity of all Creation, beyond all time or expression, is immutable in its manifestations and concordance with its unity which we call God.

Chapter 10 I, Reality and Subjectivity – David R Hawkins      calibration 1,000

**Our Heavenly Parents simply desire for us to ask for Their Love.**

**Whilst we are receiving our Heavenly Parents' Divine Love, and that this Love is causing change within our soul and spirit attributes, the greatest Truth known to man and spirit is that this is the way our Mother and Father are actually loving us! When we progress, it is God's way of loving us into love and then we live what we are, love.**

### **The ALLNESS of DIVINITY:**

There is uncertainty about the alleged nature and reality of God, by whatever name Divinity is termed. Doubt frequently arises about the validity of personal spiritual experiences. It is therefore beneficial to review the innate quality of Divinity that are irreducible and confirmable throughout time by determining consciousness calibration levels.

1. Divinity is nonlinear, impartial, non-judgemental, and beyond partiality or selective favouritism.
2. Divinity is not capricious, judgemental, or subject to the limitations of presumptive human emotions. Divine Love, like the sun, is unconditional. Limitation is a consequence of the ego.
3. The justice of God is an automatic consequence of the omnipotence and omniscience of Divinity. God does not 'do', 'act', or 'cause', but 'is'. The quality of Divinity radiates as an infinite field of power by 'what' it is and become. Each soul / spirit thus gravitates by virtue of its innate destiny to its own level, just as does a cork in the sea or an iron filing in an electromagnetic field.
4. Divinity is Absolute Dominion by virtue of its innate quality of infinite power, which is far beyond force. Force is a tool of positionality and control and is limited. Power is infinite strength. Because it is the very source of power as Divine Self, there is no need to seek it.
5. Within the All-Powerful, All-Presence of Divinity, all that exists aligns itself. This adjustment is the consequence of spiritual choice. Freedom is innate to Divine Justice.
6. The omniscience and omnipotence of Divinity, expressed as the infinite field of consciousness, is verifiable by consciousness research calibration techniques that confirm realities up and down the entire scale of possibility. All thoughts, actions, and decisions imprint upon the infinite field of consciousness, which is beyond time and location. By this imprint, justice is guaranteed.

## **When Mr. Padgett's Soul Development Was Sufficient to Permit Jesus to Write, the Following Informative Message Was Received**

<https://new-birth.net/padgetts-messages/true-gospel-revealed-anew-by-jesus-volume-1/jesus-is-not-god-or-to-be-worshiped-as-god-vol-1-pg317/>

I AM HERE. *Jesus.*

January 24, 1915

When I was on Earth, I was not worshiped as God, but was considered merely as the son of God in the sense that the Truths of my Father were imposed in me, and many of His wonderful and mysterious Powers.

I did not proclaim myself to be God, but only that I was His beloved son, sent to proclaim His Truths to mankind, and to show them the Way to the Love of the Father.

I was not different from other men except that I possessed this Love of God to a degree which made me free from sin, and prevented the evils that formed a part of the natures of other men from becoming a part of my nature.

No man who believes that I am God has a knowledge of the Truth, or is obeying the Commandments of God by worshiping me. Such worshipers are blaspheming and are doing the cause of God and my teachings great injury. Many a man would have become a true believer in, and worshiper of, the Father and a follower of my teachings had not this blasphemous dogma been interpolated into the Bible. It was not with my authority, or in consequence of my teachings, that such a very injurious doctrine was promulgated or believed in.

I am only a son of my Father, as you are. And while I was always free from sin and error, yet, as regards the true conception of my Father's true relationship to mankind, you are also His son. And if you will seek earnestly and pray to the Father with faith, you may become as free from sin and error as I was then and am now. The Father is Himself, Alone. There is no other God besides Him, and no other God to be worshiped.

I am His teacher of Truth, and am the Way, the Truth, and the Life, because in me are those attributes of goodness and knowledge which fit me to show the Way and to lead men to eternal life in the Father, and to teach them that God has prepared a Kingdom in which they may live forever, if they so desire. But notwithstanding my teachings, men, and those who assumed high places in what was called the Christian church, imposed doctrines so at variance with the Truth that, in these latter days, men, in the exercise of an enlightened freedom, and of reason, have become infidels, and have turned away from God and His Love, and have thought and taught that man himself is sufficient for his own salvation.

The time has come when men must be taught to know that, while the teachings of these professed authorities on the Truths of God are all wrong, they, these same men, are in error when they refuse to believe in God and in my teachings. What my teachings are, I know, is difficult to understand from the writings of the New Testament, for I never said many things contained therein, and many things that I did say are not written therein.

I am now going to give to the world the truths as I taught them when on Earth, and many things that I never disclosed to my disciples or inspired others to write.

No man can come to the Father's Love except he be born again. This is the great and fundamental Truth which men must learn and believe. For, without this New Birth, men cannot partake of the Divine Essence of God's Love, which, when possessed by man, makes him at-one with the Father. This Love comes to men through the workings of the Holy Spirit, causing It to flow into the heart and soul, and filling it so that all sin tends to make them unhappy. Yet, without this Love within, they will be only natural men and nothing more.

I came into the world to show men the Way to this Divine Love of the Father, and to teach them His Spiritual Truths. My mission was that in all its perfection, and, incidentally, to teach them the way to greater happiness on Earth as well as in the spirit world, even though they neglected to seek for and obtain this Divine Love to become one with the Father.

Let men ponder this momentous question, and they will learn that the happiness of mortal man and the happiness of the man who has obtained this Attribute of Divinity is very different and, in all eternity, must be and remain distinct and separate. My teachings are not very hard to understand and follow when I say that a man cannot become of the Nature of the Divine unless the Divine first comes into that man and makes him a part of Its Own Divinity.

All men who do not get the Divine Essence will be left in their natural state. And while they may progress to higher degrees of goodness and freedom from sin in this state, and toward everything which will tend to elevate man's desire for a better understanding with which to assure a man's future happiness, yet, this happiness is not that greater happiness which God desires His children to have. Nor is the development of the natural state the way to possessing this greater happiness which I came to the Earth to teach.

My mission on Earth was not so successful as it might have been if the so-called "followers" had not become too ambitious for power and position to permit the Truth to be known which I gave to my disciples, and had not caused many deeds of violence and death. But my Truths found lodgement in some hearts and minds, and were retained to save mankind from total spiritual darkness and a relapse to worship of form and ceremony only. I have written you this as a mere help for them. For if they will continue to believe and follow these teachings, they will learn the Way and obtain the one perfect state of happiness which the Father has prepared for His children

No man can obtain this state of celestial bliss unless he first gets this Divine Love of the father and becomes at-one with him.

So, I say, if a man will pray to the Father, and believe, and earnestly ask that this Love be given him, he will receive It; and, when It comes into his soul, he will realize it.

Let not men think that, by any efforts of their own, they can come into this union with the Father, because they cannot. No river can possibly rise higher than its source. And no man who has only the natural love and is filled with error can, of his own powers, cause that natural love to partake of the Divine, or have his nature relieved of such sin and error.

Man is a mere creature and cannot create anything higher than himself. Neither can he, of or by himself, rise above his own creation. So, you must not let the teachings of the Bible, and what men write or have professed to have written, keep you from receiving and understanding what I shall hereafter write.

I will write no more tonight, but from now on I will tell you the Truths which will be the New Gospel for mankind to benefit by. When they have heard my messages, they will believe that there is only One God, and only One to be worshiped.

With my love and blessings, I will close for this time.

Your brother and friend,  
JESUS.

He (Jesus) is not in the heavens sitting on the right hand of the father, but is among all mankind and still teaching them the power of love and truth. He does not need the worship of men. All that he wants is their love and happiness.

***Mr. Padgett Received This Second Formal Message from Jesus Only a Few Days After the First***

<https://new-birth.net/padgetts-messages/true-gospel-revealed-anew-by-jesus-volume-3/mr-padgett-received-the-second-formal-message-from-jesus-only-a-few-days-after-vol-3-pg71/>

I AM HERE. *Jesus.*

**January 31, 1915**

As I told you, I will write my second message tonight. I am not going to tell you of my Father's Kingdom at this time, but of His Nature as my God and your God.

He is the only One Who is Supreme, and All-Powerful and Loving and Wise. He is not a Being of form or individuality, as men understand, but is a Substance of Being and Soul. His Soul is that part of Him which embraces all the Affections and Love, and which is bestowed on man in order that he may become like his Father.

I am not yet so possessed of that Soul Essence as to make me just like the Father in all His Attributes. But I expect that some time in the future, when I have received that Divine Essence in all Its fullness, I will be likened unto the Father, and so may every one of His creatures if they will only seek for It with true faith and earnestness.

The Father is not capable of being seen with the physical or spiritual sight, but can only be seen with the soul's eyes of Perfect Love. He is not in any particular place, or seated on a throne in His Heavens, but His Attributes are everywhere and fill the whole universe. The Earth is a very small portion of the universe, and men must not believe that God is only in the heavens where the sons of Earth go when they cease to live as mortals.

God is a God of Love, above everything else; and the sooner mankind learns and believes that fact, the sooner will happiness exist on the Earth, as well as in the heavens. He is not a God of hatred, nor does He chastise His children in wrath or anger. His Love is with all mankind, be they saints or sinners, and no man suffers punishment because the Father wants him to suffer. He is also a God of Mercy and

Forgiveness, and He will forgive the sins of men and shed His Mercy over them if they will truly and in sincerity ask His Forgiveness and seek His Mercy.

He is also a God of Wisdom. And His Plans for the redemption and salvation of mankind are the only plans that can be adopted for men to try to follow in order that they may receive this salvation. He is also a God of Power. And, in the days to come, when He sees fit to carry out and perfect His Plans in their full fruition, He, through the working of His Spirit, which is Perfect in Its working, will destroy all sin and error in His Universe; and perfect harmony will reign and man will be at peace and happiness.

So, God is everything in Nature and Attributes which will not only redeem men from their sins but will also make them lovers of one another and brothers in the true sense of the word. The world will not be destroyed, as it is taught by some in the interpreting of the Bible. But, when the great day of judgment comes, all sin will be eradicated from the world, and mankind will continue to live upon the Earth, free from sin and unhappiness, just as it is supposed Adam and Eve lived in the Garden of Eden (more than 38,000 years ago. Andon and Fonta were the first to have a longing for human perfect 993,500 years ago.)

Never has man seen God. The stories in the Old Testament about some of the prophets and leaders of the Jews in their early captivity and wanderings are not true, for God cannot be seen as therein described. His angels and messengers, who were at one time mortals of Earth, were seen, and they spoke to the prophets and represented themselves as being angels of God. But no angel or spirit ever represented himself to be God—not even the angels who delivered the tablets of stone to Moses, as it is written. God worked always through His angels, and never directly, as some of the Bible writers teach. I was His chosen son to do the work of redeeming the Earth from sin, and I came as my Father’s representative. I never was God, nor did I ever claim to be, either to my disciples or to the Jews or the Sanhedrin.

It is written in the Bible that the “voice” of God spoke to my disciples on the Mount of Transfiguration, and to John and those present at my baptism. But it was not the voice of God, but the voice of one of God’s highest angels.

No man has ever heard the “voice” of God, for He has no voice. He works in a silent, mysterious way through the operation of His Soul upon the souls of men, just as the coming of the Holy Ghost at Pentecost. While the Bible says that there was a noise, as of a mighty wind, yet that was not perceptible to the physical ears of the disciples. They felt the presence of such a Manifestation in their souls. And in order to have mankind understand that there was this wonderful Manifestation, they used the imagery of the “voice” of a mighty wind. So, man must understand that God “speaks” to man through His angels, or through the communication of His Soul and theirs.

I speak thus because I want it made plain that God is not the person, loving or otherwise, which the Bible may teach man that He is. He is only the Personification of Love, Power, and Wisdom, and is without form or personal appearance, such as mortals and spirits have. This is my knowledge of what God is.

I will not write further tonight.

With my blessing and love,  
JESUS.

***Ann Rollins Continues a Discussion of Jesus' Discourse on the Father's Being and Nature***

<https://new-birth.net/padgetts-messages/true-gospel-revealed-anew-by-jesus-volume-3/a-message-from-ann-rollins-vol-3-pg73/>

I AM HERE. Your grandmother. Ann Rollins

January 31, 1915

You must not think that because the Master said that God is a Personification of Love, Power, and Wisdom, that there is no real God, but merely an "abstract being" representing these Attributes. He is a real Being. And these Attributes are His, and not the combination of the Attributes. He exists, and without Him there would be no Love, Wisdom or Power. He is the Creator of these Principles, and not their creature.

As Jesus said, God is without form or substance, such as mortals and spirits have; yet He has a Spiritual Substance that is real, and not shadowy or nonexistent. Pantheism is different from what God is.

While His Attributes are everywhere, yet, He is of an identical Substance of Spirit. So, do not let the idea possess you that he is not a Being, for He is. And even though we cannot see Him, or feel Him as a Spirit, yet, He exists as His Own, True Self. So, believe in a Personal God in that sense.

I know that it is hard to comprehend the true conception of His Being. But the higher we get in the scale of Love, the more apparent becomes His real Existence as a Being. Do not let your inability to grasp the true meaning of this description of God and His Nature lead you to think that He is a mere "essence." He is real! And to us who have received a large amount of His Love and Essence, He becomes as real as if we could see and feel Him with spiritual eyes and hands.

I know the difficulties in the way of your finite mind grasping the true conception of His Being, but, as Love draws you closer to Him, the mind gives way to the perceptions of the soul, and God appears as a real, existing Being, the Creator of all.

I want to tell you further that God (the God of the Master), while He works through His angels, yet, He, Himself, comes into our souls by His direct Communication. The Holy Spirit is His Messenger that causes the souls of men to "hear" and receive this Soul Communication. Yet, God's Love comes direct from Himself. And when man was created in the likeness of God, he was given a soul that was capable of receiving the Soul Essence of the Father. Neither in his physical nor spiritual form was man created in the image of his Father, because the Father has no such forms; but, in the Soul Essence, the image was made alike.

Yet, man is of such a great degree in God's Creation that he can refuse to receive this Soul Essence, if he so wills. His soul is capable of receiving It, but is not compelled to do so. And while man has the image, yet, if he neglects to receive the Substance, he will never become at-one with the Father. That image will never be more than an image only.

God is so Good that He implanted what may be called the natural love in man's soul; and that love is sufficient to make him comparatively happy. And in the great day when sin and error shall be destroyed, man's natural love will be able to cause this happiness.

But man will not be at-one with the Father in the larger sense, and will not take on the Divine Nature of his God. So, you see the necessity of seeking this wonderful union with the Father.

I must stop now.

YOUR GRANDMOTHER.

***Jesus Communicates a Personal Message to Mr. Padgett. He States That He Is Not God, but Was Sent by the Father to Lead Men to His Favour and Love. As Such, He Is the Way, the Truth, and the Life***

I AM HERE. *Jesus.*

September 24, 1914

Be of good cheer, for I am with you always. Do not let your heart fear, for the Lord is your Keeper and He will be your Guide and Shield. Only believe and trust in Him and you will soon be born again into the spiritual world of His Kingdom. Let me teach you and give you the thoughts that He gave to me while on Earth. Let me show you that the things of this world are not the things that save the soul from sin and unhappiness. Be a true follower of your God.

(Master, what is the New Birth?)

It is the flowing of the holy spirit into the soul of a man, and the disappearing of all that tended to keep it in a condition of sin and error. It is not the workings of the man's own will but the grace of god. It is the love of god that passes all understanding.

You will soon experience the change, and then you will be a happy man and fit to lead others to the Truths of God. Let your heart be open to the "knockings" of the Spirit, and keep your mind free from thoughts of sin. Be a man who loves his God and his fellowman. Your love is only now of the earthly kind, but it will soon be of a spiritual quality.

You must not let the cares of this world keep you from god. Let his spirit come into your soul. Your will is the thing that determines whether you will become a child of god or not. Unless you are willing to let the holy spirit enter into your heart it will not do so. Only the voluntary submission to, or acceptance of, the holy spirit will make the change.

I was the instrument in god's hands of leading men to his favour and love. When i said that i am the way, the truth, and the life, i meant that through my teachings and example men should be able to find god. I was not god and never claimed to be. The worship of me as a god is blasphemous, and i did not teach it. I am a son of god, as you are. Do not let the teachings of men lead you to worship me as a god. I am not.

The "**trinity**" is a mistake of the writers of the bible. There is no "trinity"—only one god, the father. He is one and alone. I am his teacher of truth. The Holy Spirit is his messenger and dispenser of love to mankind. We are only his instruments in bringing man to a union with him.

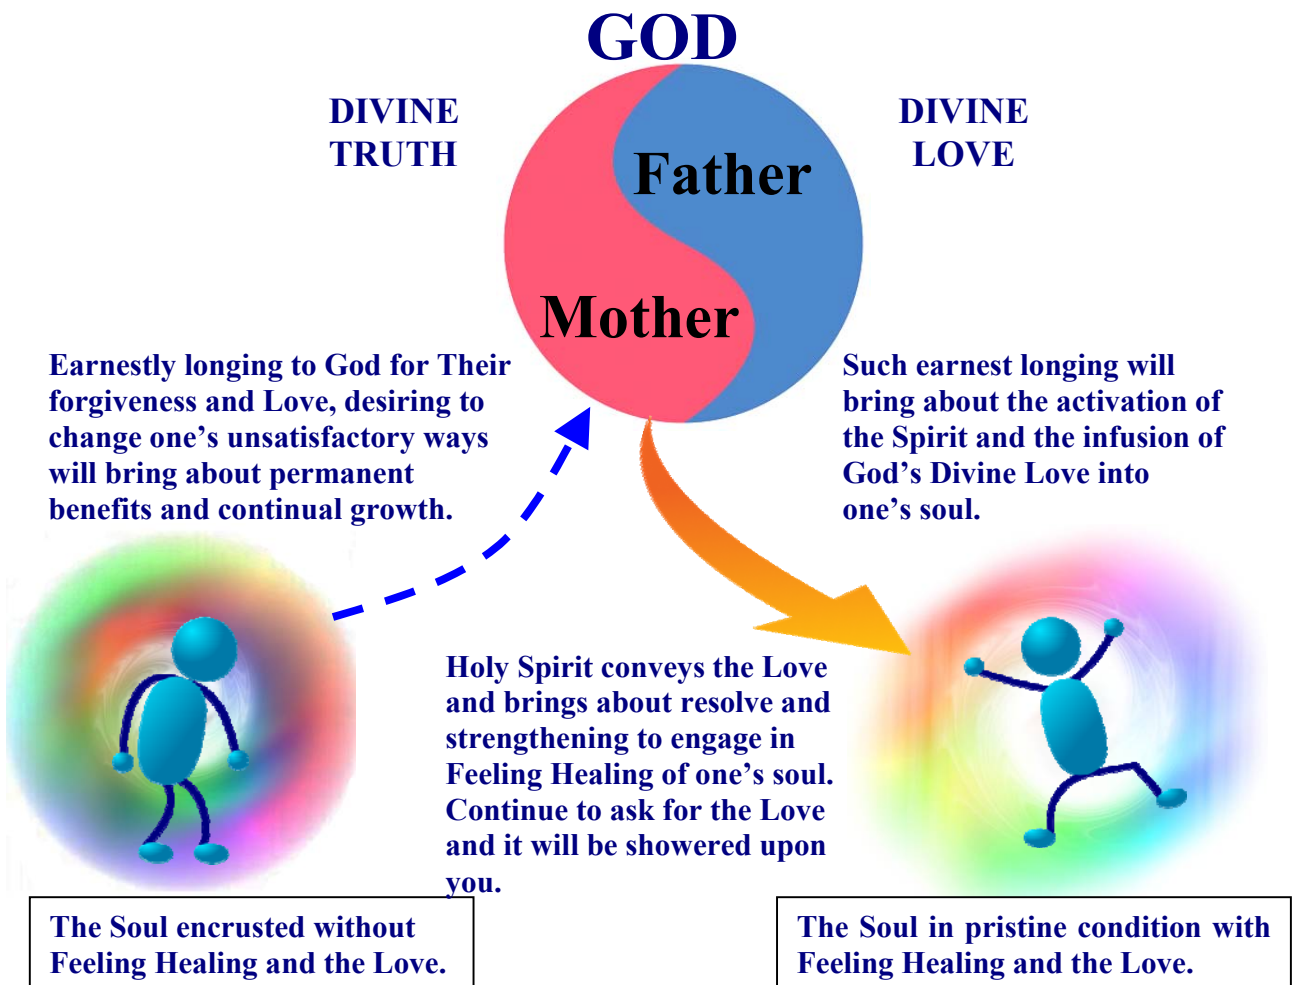

I am not the equal of my father. He is the only true god. I came from the spirit world to Earth and took the form of man, but i did not become god—only the son of my father. You also lived as a spirit in that

kingdom, but you took the form of man merely as a son of your father. You are the same as i am, except as to spiritual development, and you may become as greatly developed as myself.

I am the first son on Earth who had become vested with the Divine Love of God to the extent of being wholly free from sin and error when i lived in the flesh. My life was not a life of earthly pleasure or sin, but was given wholly to my father’s work. I was his “only” son in that light. And he was my Father as i knew him to be. He is not a spirit of form like myself or yourself.

I was born as you were born. I was the son of Mary and Joseph, and not born of the holy spirit, as it is written in the bible. I was only a human being as regards my birth and physical existence. The account in the new testament is not true, and was written by those who knew not what they wrote. They have done the cause of god’s truths much injury. Let not your belief in that error keep you from seeing that my teachings are the truth. Be only a believer of god and his truths, and you will soon be in the kingdom. You will soon be able to understand as i understand.

Good night.  
JESUS CHRIST.

**BOOK of TRUTHS**

Published by Joseph Babinsky

[www.lulu.com](http://www.lulu.com)[www.amazon.com](http://www.amazon.com)

Between 1914 and 1923 James Padgett recorded, by automatic writing, some twenty five hundred messages, coming from two hundred and fifty spirits, many of these spirits being from within the celestial spheres of the spirit world (8<sup>th</sup> sphere and higher). Within the Book of Truths, there are some 866 of those individual messages.

Lost to humanity, by the time of the beginning of the fourth century, were the teachings about Divine Love. James Padgett has been the instrument used to reintroduce these teachings to mankind.

These messages have been subsequently added to – Judas of Kerioth edited by Geoff Cutler.

The following are some of these messages from within the Book of Truths:

**November 21, 1915** – *Four messages*

**God and His Attributes:**

I am here, your old Prof. Salyards –

I merely want to say that I am very happy, and want you to know that I am progressing in my condition of soul development and in my knowledge of the truths that pertain to the spirit world. I have not written you for a long time, and would like to tell you of certain truths that I have learned since last I wrote you. Well, I find that I am now in a condition of soul development that enables me to see the truth of what the Master has told us in reference to the real existence of God, who knows what His creatures are doing and in what way they are making use of their souls and bodies. I mean that this God is one having all the faculties that you would suppose only a being would have who had a personality and form; but can hardly understand how a mere essence or formless existence could have such powers and qualities.

I never, until recently, could comprehend the real truth and meaning of God (believing him to be mere essence, void of form or personality), who could have the wisdom and love and power that I was taught such God possessed. Such comprehension is beyond the finite mind, and can only be accepted as a realization of an existing condition or truth by means of faith. Yet now I have more than faith to enable me to understand the fact that this God, whom we call our Father, for He is, has all these qualities and powers; and such understanding is to me a wonderful and unexpected addition to my knowledge of God. This understanding, of course, is not a thing that arises from any exercise of the mind, or the result of any mental power or quality which I may never have realized that I possessed, but is the result of the exercise of my soul perceptions, which have become so great and in such condition of unison or harmony with our Father's qualities of soul that He and all these attributes appear to me as real, perceptible existences, having a certainty of comprehensible being, as do the existence of spirits and their attributes. So you see what soul development may mean and what its possibilities are. No mere development of the intellectual qualities or attributes could ever lead to a comprehension of the personality of God as I have described it.

I never in all my life, natural or spiritual, conceived or expected that it were possible for any soul of mortal or spirit to see God as I now see Him, and I never could understand what was meant by the beatitude, "the pure in heart shall see God", except in this sense, that as we became pure in heart those qualities that were ascribed to God would become a part of us, and as such possessors, we could see God, or rather the result of those attributes of God in our souls. I don't know whether you can fully comprehend what I intend to convey to you, but I have tried my best to put the idea in such language that your mind may understand, to some extent, what my meaning is. I know that you will never fully know

what this great soul perception is, until you have experienced what this development is in your own soul, which is necessary to enable it to see with the clearness that I now see.

I thought that I would tell you of this progress of my soul, so that you might have some faint idea of what the development of the soul means in a way other than an addition to the development of the love principle. But really all phases of its development are part of or dependent upon and resultant from the development of this love principle; for Divine Love is the fulfilling of the law, and law includes that which enables us to perceive that God is a personality, having these qualities that I speak of. I see that I have written enough for tonight, and if you will carefully read what I have written, you will find much food for thought, and probably some help to a correct, concrete comprehension of who and what God is. So expressing to you my gratification and pleasure in being able to come to you again and having you take down my ideas of who our Father is, and also for the opportunity to declare that God is a being, having an existence of His own, comprehensible by the soul perceptions of the redeemed of His creatures, I will say, goodnight.

*Your old professor and brother in Christ – Joseph H. Salyards*

I am here, Stephen – (St Stephen, the first martyr)

I want to say only a word.

At the time of my martyrdom I saw the heavens opened and the spirits of the just made perfect, so now I can by my soul perceptions see my God as a real personal being, full of love and mercy. Let no man rest in the assurance that God is only a formless spirit, without the attributes of seeing and hearing and knowing what the thoughts and deeds of men and spirits are, for if he does, in the time of accounting, he will be deceived in his false security.

I am in a condition of soul development to know the great truth that God is a God of real personality, and when I say this I don't mean individuality in the sense that you are an individual. But what I mean by personality is that all these attributes of love and power and knowledge and mercy do not constitute God, but are merely a part of His being and flow from Him in their operations upon men, and in fact upon all the things of the universe. I will not enlarge upon this truth, as it has been explained by those who preceded me, but I will say this, that because a man with a finite mind cannot understand this truth, it by no means follows that it is not a truth, for it is, and in the great future every man who has received the necessary soul development will learn and know this truth.

I will not write more tonight, but will say to you, continue to seek this great development of your soul, and you will not be disappointed in coming to the realization that God is our Father of the Master, the close personal and loving Father.

*With all my love I will say good night, Your brother in Christ – Stephen*

Let me say a word, as I was also present at the meeting tonight, and listened to the preacher as he unfolded what he thought to be the truth of God and man. Well, I will not stop to discuss many of the errors of his teachings or the workings of his mind, but only say, that if God is as he considers Him to be, he would not be the God, which we know to exist and who loves us and whom we can call Father. The all enfolding

energy is not the God of love and mercy, and the preacher cannot possibly find in such a God, the Father that is calling for and caring for his children.

*I am an inhabitant of the Celestial Kingdom, and will say good night – Thomas B. Monroe*

I am here, your true and loving Helen – (Helen Padgett, wife but not soulmate of James Padgett)

Well dear, I see that you are not very much enlightened by the preacher's discourse tonight, and I do not see why you should be, for he has no true conception of either God or man, and gave no help to those who are searching for the true God, the Father. I see that you may feel that you are benefited though by the negative lesson that his discourse teaches. He tells of what he thinks God is, and in telling this, demonstrates that he knows nothing of the true God. You may hear the full course of his lectures and you will not learn much that will benefit you in an affirmative way. But attend the same, and then meditate upon them, and you will find that you have listened to a man who knows nothing of God or the spiritual world of which he pretends to speak.

We all love you and want you to love us. Good night.

*Your own true and loving – Helen*

**November 22, 1915** – *Two messages*

I am here, Jesus –

I have heard what Joseph Salyards said to you and you must try your best to comprehend its meaning, for it contains a description of the true conception of God in a way that only one having the developed soul perceptions could explain. The only difficulty in the way of your fully understanding this idea of who and what God is, is that the idea is not one that the mere mind can grasp, for only the soul that has been developed to a sufficient degree can comprehend. But yet, you may be able to conceive of its meaning to an extent that will enable you to get closer to our Father as a real, personal Father, and not as a being of formless existence only. I mean that the idea of personality may bring the Father nearer to you, so that you may realize a deeper meaning of His Love and care and mercy and interest in you and in all His creatures.

In my message on God, you will find that the idea of personality is spoken of, but not emphasized so much as in the writing of the Professor. The truth is that our Father is, to the soul perceptions, a Being of real existence and personality. I know how difficult it is for the mind to conceive, even in a faint way, how such a personality can be a part of a Being who is declared to be a mere spirit without form or limitation, and everywhere at the same time; but I tell you that it is a truth that by the soul's faculties is comprehensible the personal attribute of the Father. Of course, men will not understand this truth so long as they depend upon the mere intellect to comprehend it, and to them it may not mean much; but it is of the greatest importance to mankind, both in their lives on Earth and in the spirit world. "Thou, God seest me", is not a mere meaningless generality which men repeat and do not understand, for God does see every act of man; and as I said when on Earth, not even a sparrow falls without my Father knowing it, and the hairs of your head are all numbered. So if men will only learn that this great truth is of such importance, they will take more care of the manner in which they live their lives.

As I was saying, men must realize that God knows not only their acts but their thoughts, and every idle thought will have to be accounted for, and the penalties which his laws impose will have to be paid.

So, if men would only realize this fact, of God's being able to see and know what their lives on Earth are, they would many times, think before they do some things which they do, supposing that no one but themselves know of them. I am very glad that the Professor wrote to you on this subject, for it is one that is very important in our plan of revealing the truths of God and His attributes.

Very soon I will write you another message, and one that will be very important to mankind.

*I will come again soon, and tell you of some things that you must learn. So with all my love and blessings, I am, your own brother and friend – Jesus*

I am here, Luke –

I want to add my testimony to that of Professor Salyards as to who and what is God. Of course, since the Master has substantiated what the Professor wrote and enlarged on it, my testimony is not necessary, yet, I desire to say a few words which are expressive of my knowledge arising from my own experience.

I have a soul development which is greater than that of the Professor, and a perception which is clearer and more convincing than his, and yet, what he has said is all that I can say as to the truth of the personality of God, except that to me it is undoubtedly much clearer and of longer acquaintance.

I know that God is a being that has personality, though not a form like unto man, but has all the attributes that have been mentioned. These attributes are not God, but merely qualities which he possesses, and which in their workings upon the hearts and souls of men emanate and flow from Him. You may better understand this if I call your attention to the fact that while you can see and feel and hear and love and dislike, yet these attributes or qualities are not you, but only those things that belong to your personality. You may be deprived of any or all of them, and yet you may not cease to exist as a personality. And so with God; while these things of love and wisdom, and loving and hearing do not constitute God, yet they are a part of Him and are exercised by Him, just as the qualities I have mentioned are exercised by you.

I know it is difficult for the mere mind to comprehend this great truth of God having a personality, yet it is a truth, and just as real to the perceptions of the developed soul as is the existence of yours or any man's personality to the finite mind. And here is another fact in connection with this great truth, and that is that only the spirits who have experienced the new birth and become filled with the Divine Love of the Father, and hence a partaker of His divinity, will ever be able to perceive this great truth of the personality of God.

No other spirit will ever receive that soul development which is absolutely necessary for it to possess in order to perceive the great truth under discussion. Yet the mere fact that these other spirits do not comprehend or understand this truth, does not make it any the less a truth, and all men and spirits are subject to its operations, and must come under the benefits that they may receive by reason of the workings of this truth upon their lives and thoughts.

Just because men cannot see God it does not follow that He does not see them, for He does; and their every thought is known to Him and taken account of. And strange as it may seem to you, or as I should

more appropriately say, surprising as it may seem to you, that account is kept in the memories and consciences of men themselves, and when the time comes for them to render an account of their acts and thoughts, no other place or receptacle is sought for or examined to find this account than these very memories and consciences; and nothing can be hidden or lost, until it has fulfilled the purpose of its existence.

Men may create, but they cannot destroy (I refer now to their actions and their thoughts). While on Earth they may forget and ease their consciences by forgetting, yet, when they come to the spirit world, and are called to render an account, the inexorable laws that are really their judges and executioners show them that there is no such thing as forgetting, and has been said, they have forgotten to forget.

God is being, self-existing, unchangeable, but full of love and mercy, and these He does not exercise in any individual case, but has made certain that His laws of mercy will so operate that all the spirits of men and mortals also, may by their own acts and desires place themselves in such condition of soul, that these spirits will receive the benefit of this mercy. Yes, His mercy is from the beginning waiting for all men to ask for it and want it, just as is His love.

I could write on this subject for a longer time, but I must not write more tonight as you are tired, so I will close.

*With all my love and blessings, I am your brother in Christ – Luke*

**OUR JOURNEY of GROWTH in LOVE**  
 All we need do is to ask for God's Divine Love – it is that simple.  
 Ask directly, no intermediaries needed.

Souls, being thoughts of God, are ready for incarnation in their billions. These souls are at the level of the 6<sup>th</sup> sphere in a natural love state, however, they are not within the 6<sup>th</sup> sphere perse. These souls are not self aware. Prior to incarnation, they do not express free will. There is nothing of the Divine within the soul. They have an instinct to incarnate. Incarnation of the two soul halves, male and female aspects, typically occurs within a 5 or 6 year time frame, however the timing may be 20 to 60 years apart. To become conscious of self, you must incarnate. This is the individualisation process.

The soul half that incarnates is the one most suitable for the characteristics and character of the attracting parents. Upon incarnation, one's soul condition adjusts to reflect the soul conditions of those around it, typically reflecting closely the soul conditions of one's parents. Upon completion of individualisation process, that is incarnation which may be only a short experience in the mother's womb, we never need return to the physical state. To be able to return to our Heavenly Parents, we need to use our free will and ask for Their Divine Love.

***179. The Nature and Stages of Fusion***

17 December 2012

In our writings together in this collaboration we have introduced much experience on the nature of Divine Love. We have conveyed vision and experience to the best of our knowledge and to the best of how our spirit-communications have facilitated this dialogue. We have tried to convey workings of universal Love and Spirit to the best of our ability that dovetails into extending the nature of personality, all of this in the view that the essential truth is always one's relationship with the Soul, God, in faith, love and the Divine Love.

This work first commenced with the life, the human life of Jesus, then continued with the spirit writings of James Padgett. Our current work introduces many themes situated in potentials, harmony and Immortality all the way defining the nature of a mortal personality comprising of its attributes and to illuminate the soul and the spirit body. We have established that the forming personality survives its human life and continues its existence in the mortal spirit world. We have defined what the mortal spirit world is in its function. We have written and communicated from our experience having lived in Divine Love and with your assistance, we have been able to give wide breadth of vision to this work so that another may derive insight, spirit illumination, vision, potential, thought-provoking information and, for one to find solace in. Above all, it is our hope that these works demonstrate the reality that the Divine Love is real along with the attribute of mortal soul and the mortal spirit body, and it is from the understanding of how the personality comprises of these two attributes provides a unified vision of the human experience and earthly world with a spirit's experience in the spirit world culminating and accommodating for the same outcome, which is an acceptance of the Soul, God.

I desire to write on the *Stages of Fusion* a mortal personality experiences when the attribute of soul and spirit body form the individual.

The formed image of the attribute of each unique soul begins with its creation. The originator and First Source of all mortal life, the Soul God, commences a mortal soul life by forming a complete soul. This mortal attribute upon its creation and upon its advent into the Pre-Incarnation Sphere where it awaits incarnation into a human life is subject to a single act upon it as the first stage of fusion. A single Spirit Law that only exists in the Pre-Incarnation Sphere acts upon God's Spirit Will and divides each complete soul. The soul then becomes as it were two distinct and separate attributes or parts and in each part the whole attribute and potential for the receipt of Divine Love and imminent incarnation for individualisation plus other potentials form a complete part of each part of the complete soul. **This first aspect of Fusion** is to actually separate and not to bring together.

The two distinct parts of the complete soul reside in this Sphere until the imminent approach of incarnation. When incarnation occurs, each part will incarnate into one of each human sex and never shall these two independent parts incarnate into the same body. There is a very good reason for this. When one is aware of the potential of Divine Love and the possibility for a Celestial soulmate companionship, then one understands why it was necessary for the complete soul to fuse apart and form two distinct attributes. Each attribute will always remain independent in the forming of their unique mortal personality and derived human experiences from a human life. Never shall these two distinct attributes incarnate into a single forming personality. I am also aware, and you have written an account of this before, that each attribute of soul in this Sphere does not have as part of its original forming, any personality other than its

attributes and potentials which means that any self-determination or voluntary decision to pick and choose or to select a human life is absent from the soul when the soul resides in the Pre-Incarnation Sphere.

Humans, mortals and Immortal spirits cannot influence the attributes of soul in this Sphere. The Pre-Incarnation Sphere is in God's jurisdiction alone and only selective Spirit Laws act in this mutable and comfortable environment. This Sphere is not a hallowed environment but a Sphere that is only visible to the Eternal Eye of the Soul, God. We have discussed at great lengths the reality of this Sphere because we understand the importance of our beginning. This Sphere is part of our heritage and it is from my and other Celestial spirits' perceptions that we are able to ascertain an image of this Sphere from the Father. It does not surprise us if a person does not believe us. The visibility of soul is near-next-to-nothing in a human experience, so then why would one see the truth of what I convey?

Nonetheless, a mortal soul life needs to begin somewhere and has to begin somewhere and so, it might as well be in a place caused into existence by its originator and nurtured and prepared for what will become **the secondary stage of Fusion**, the beginning of a human life.

Do all attributes of soul exist in the Pre-Incarnation Sphere in one time at one place waiting for incarnation? Has God caused into existence every attribute of soul that will ever incarnate and that will become the whole history of humankind? All these questions that we ask about the advent of a human soul and the environment it begins in, lead us to gather more information into this unique part of universal creation. It would not surprise me in the least to know that God has caused every single attribute of soul to exist prior to the first mortal personalities that commenced the human race. I know for a fact because I reside here, that the entire mortal spirit world including the Celestial Heaven had form, image, working and structure before the first mortal personality arrived here after the death of their life wearing only their spirit body. If God can cause the entire mortal spirit world into existence before a mortal personality has commenced living the first human life, then, to originate all attributes of soul that exist in a Pre-Incarnation Sphere is an entirely possible thing for God to cause into existence. Humans, mortals and Immortals simply don't have the power or resource within our selves to cause such universal and far-reaching realities into existence. This is why the Divine Love is such an integral part of universal life, for it is the only substance and energy that we can individually experience that is part of the universal originator, the Soul God. This may add a new aspect on why it is significant that one may participate with the Divine Love! It is a given that people and spirits can experience – and do experience – God in aspects of universal attributes though I must qualify that only with the Divine Love, will a mortal soul experience the Soul, God.

**The secondary stage of Fusion** is simply defined by the incarnation of the finite attribute of soul to acquire a spirit body and living attribute of personality, which commences the finite soul's individualisation of mortal life experience. This secondary stage is inclusive of the conception of a human being. The entrance of a soul into the physical and material world is a dynamic fusion culminating with various attributes forming the individual personality. To provide you with an image of this dynamic, a specific Spirit Law acts to form the spirit body, another Spirit Law acts to exact the soul into the spirit body and another Spirit Law specific to the adjuncts of mortal personality act to exact the now forming personality to its position of the soul and the spirit body and the human brain. Also, the physical conception forms part of this fusion insofar as the fusion of genetic information from two separate sources, a sperm and an egg. This is a simplified image though it is enough so that one may gain a perspective on how these attributes culminate to form a human being ready for life, ready for the afterlife and ready for the potential to experience the Immortal Love. There are physical conditions of a voluntary and involuntary nature that form part of the physical being. The main thing is that the spirit body is

formed so that the expectation of a human life in terms of its age, will not compromise the now formed personality to survive its creation.

**The third stage of Fusion** in a soul's life is its transition into the First mortal natural spirit Sphere. This stage is defined as the ending of the physical incarnation and the beginning of life in the spirit world. The spirit body acquires the personality in all its attribute and specific Spirit Laws act in their assistance as the physical body falls away from the spirit body and the spirit body takes over as the place and environment that the attribute of soul and attributes of personality now reside and function in. This is an *act of fusion*, for the personality being subject to a greater Law, is exacted to the attributes of the spirit body complete with function and attribute and cognitive experience in the individual's now spirit life. The exacting nature of this Law ensures that no splintering or aspect of the personality is left behind or lost in translation. This is really important for memory and other identifiable aspects and information pertaining to a human life lived. If a human life passes into the mortal spirit world before the individual has any cognitive functioning or capacity to be cognitive, this does not determine any other outcome to the soul other than the personality continues to survive in the spirit body and continues to mature in the First natural spirit Sphere.

This secondary stage is inclusive of each incarnated soul and of every human being for this forms the natural soul system of individual personalisation of experience in natural love.

**The fourth stage of Fusion** involves the Divine Love. This can happen at any time during the natural life experience of the individual. The fourth stage involving the Immortal Divine Love happens when the Divine Love enters the attribute of the soul for the first time and the attribute of mortal soul is now confirmed as living with the Immortality that this Divine Love provides. The Divine Love, having entered the soul, fuses with the soul and the perfect causality of the Divine Love in its cause-effect becomes part of the soul and can never be extracted from that soul nor can this process of Immortality ever be reversed. There is simply not in existence, a Spirit Law that can reverse this fusion and this is why the choice for Immortality is so unique for the individual to make.

Now that the individual has experienced the Immortal Fusion with the Divine Love in their soul, **the fifth stage of Fusion** transpires when the individual progresses in their experience of Divine Love as it transforms their natural love and the necessary changes happen that arrive within the soul condition of the individual to be of Celestial soul quality. Any necessary compensation will have taken affect and the human life or natural mortal life will be with sufficient harmony in the Divine Love to enter the Celestial Heaven. One is now infused with their universal life and the awareness required, to live in the harmony with God no longer illusive to the individual in a solely self-determined mortal life. Without the infusion of the Divine Love in the soul, no Immortality can form in the soul and the soul remains in its natural life experience to a greater or lesser degree of harmony in its condition of natural love.

All the way along these stages of fusion, experience – if it is progressive – infuses the personality with more experience and this allows for more attribute of personality to become functioning and present within that individual. There is no greater example of this than when the nature of awareness becomes active in the personality from a faith in Divine Love experience.

**Stage six of Fusion** truly demonstrates how the personality is infused with extended attributes of mind-spirit function as the individual progresses from the Celestial Heaven and enters the Eternal Spheres. The individual is infused with Love and Spirit that provides the personality to see the difference between that which is Immortal with all that is Eternal. The individual always remains finite and is never infinite in

their condition of soul. The individual residing in the Eternal Spheres is now universally fused with the Eternal experience of the First Source.

**Stage seven of Fusion** of individuality is the transition from the Eternal Spheres to the Spheres of Paradise. Through the experience of Divine Love one has gained their Immortality and progressed through the Celestial Heaven and then to gain an Eternal perspective on the nature of God, as being universal and eternal. In the Spheres of Paradise the individual is now fully fledged in their union with God and can travel around the entire soul Sphere that God is and resides in. The confirmation and completion of all these stages of Fusion happens in the last Sphere of Paradise when the individual can visibly see the image of all that was previously unseen, the Soul, the Eternal Soul and First Source of the individual's creation. Having seen the Eternal Father, the personality of the individual is deemed as being, *perfect* and still in this perfection, one can gently ask for a drop of the Immortal Love.

This concludes my message on Fusion. It is a potential to understand the vision that I have just written and it is a true vision for the Divine Love reveals it so. The wonderful thing is to see how durable the three natures are: the soul, the spirit body and the human personality and how these three components form the destiny of each individual.

Thank you for taking my message.  
Your Celestial friend,  
Luke

**By living true to ourselves, true to our feelings, we are living true to God. It's that simple.**

**NATURE and STAGES of FUSION:**

**Seventh stage of Fusion** of individuality is the transition from the Eternal Spheres to the Spheres of Paradise. The individual is now fully fledged in their union with God and can travel around the entire soul Sphere that God is and resides in.

**Sixth stage of Fusion** truly demonstrates how the personality is infused with extended attributes of mind-spirit function as the individual progresses from the Celestial Heaven and enters the Eternal Spheres.

**Pre-Incarnational Sphere:**

**First stage of Fusion** is the separating of the soul into two, each soul half being complete on their own.

**Fifth stage of Fusion** transpires when their natural love changes and one's soul progresses to the condition to be of Celestial soul quality, one enters the Celestial Heaven.

**Fourth stage of Fusion** involves the Divine Love. This can happen at any time during the natural life experience of the individual. Happens when the Immortal Divine Love enters the attribute of the soul for the first time, either when in the physical body state or spirit body state.

**Second stage of Fusion** is simply defined by the incarnation of the finite attribute of the soul to acquire a spirit body and living attribute of personality, which commences the finite soul's individualisation of mortal life experience.

Spirit body →  
Soul →

**Third stage of Fusion** in a soul's life is its transition into the First mortal natural spirit Sphere. This stage is defined as the ending of the physical incarnation and the beginning of life in the spirit world.

**The BEAUTIFUL MIRACLE:**

5 Oct 2012

**The DIVINE UNIVERSE**

The way in which the Spirit conveys the Divine Love into the soul is a beautiful miracle. The attribute of mortal soul prior to incarnation has to it, a potential within it that is part of its formed nature. After the soul incarnates this potential remains part of the soul and even if the forming personality is unaware of such a soul potential, the potential still exists. The Divine Love is entirely suitable in its energy of harmony to be the energy that a mortal soul can utilise. The Spirit covers the spirit body when the individual sincerely asks the Soul of God for the Divine Love and this covering of the spirit body is where the dynamic of this beautiful miracle takes place. From the internal longing of the individual for the Divine Love this activates the Spirit Law that activates the Spirit that is then attracted to the spirit body upon which the Spirit material of the spirit body draws the Divine Love in to its soul and this union completes. The key here is to gain a perceptive insight into realising that the spirit body is not an inert body but that it is living and has activity, recognisable from its first forming from the Spirit Law that materialises a spirit body. The Spirit and the spirit body to give an analogy are like two attracting magnets and when the surface of the spirit body is touched by the Spirit, this causes the automatic response of the Divine Love to permeate into the attribute of soul and so begins the transformation of energy from the natural into the Immortal Divine Harmony. If the individual continues the receipt of Divine Love, the energy that is Divine Love actively begins to change the soul and this is felt in the spirit body systems and can produce feelings of love and elation. The spirit-mind begins to change as all spirit body systems are affected by the changed condition now experienced in the soul as the soul becomes living and vital. In one's progression of this Divine transformation, the soul will mature enough from the amount of Divine energy it receives and at that moment the surface of the spirit body and the Spirit are continuously attracted to each other, then one is living in the presence of the Father in perfect harmony, and this clarifies the truth about what it means to be truly at-one with God.

Vol III, p. 157, 14 Nov 2014 – 14 Mar 2015 Zara and Nicholas  
[www.lulu.com](http://www.lulu.com)

It is I Matthew, a teacher of the Divine Love. I have communicated with you recently, now I desire to provide you with a visual description of the Love.

Imagine a continuous Energy shining light blue that is unbroken with a seamless surface that surround every mortal and Immortal spirit. Imagine if you were to become aware that this energetic field of light-blue Energy existed in its shining radiance just near where you are. Now that you are aware that this unbroken Divine Love is unified energetic field of living Love, by opening toward the Soul of God and aspiring for the Divine Love, the Acting Spirit gently brings a small portion of this shining blue Energy into your soul

The Divine Love that you have received remains part of this great Energy that the Divine Love is and even though this small portion of Divine Love, now within your soul, in its shining radiance and energetic cause, it is never separated from the continuous energetic field of Energy that the Divine Love is. Having partaken of this Energy it is with perception that one is aware that the Divine Love within one's soul is the same Divine Love that every person and spirit who has partaken of this Love, participates with. Even though in our individuality we partake of this Divine Energy, this Love is never broken away from the Source and Origin from which this Divine Love emanates.

The Divine Love is bestowed into our finite soul by the Acting Spirit, but this Spirit remains in contact with our spirit body and does not enter the finite soul to become part of our finite soul essence that we are. No mortal or Immortal spirit can manifest in their soul the Acting Spirit so that this Spirit – this Holy Spirit – becomes part of our existing finite spirit body. Only the Divine Love and its Energy becomes part of our finite soul, which causes the change to our spirit body. The Acting Spirit always remains its own attribute and never does a Celestial spirit claim ownership or take possession of the Acting Spirit within their soul. (The Holy Spirit / Acting Spirit is an instrument of the Source Soul, our Father.)

This is one of the wonderful Truths by which we who have been transformed by the Divine Love understand our personal relationship with the Father's ever-present Acting Spirit. The shining Energy of Divine Love is all around us and when we have partaken of this Love, part of our finite nature becomes independently shining in this true perfect Love.

I provide these words that may appeal to those who are visual and to express the universal appearance of the Divine Love and the personal touch when in contact with the Acting Spirit.

Matthew (Apostle)

**Whilst we are receiving our Heavenly Parents' Divine Love, and that this Love is causing change within our soul and spirit attributes, the greatest Truth known to man and spirit is that this is the way our Mother and Father are actually loving us! When we progress, it is God's way of loving us into love and then we live what we are, love.**

**God is God, who is our Heavenly Mother and Father, being SoulMates. There is only one Soul that is God’s Soul, that being the Soul of our Mother and Father. Our Heavenly Parents are the First Soulmates; The Two Who Are One who have brought us all into being.**

**Jesus and Mary are a son and daughter of God.**

**Jesus of Nazareth and Mary of Magdalene, being soulmates, were both free of sin. Jesus and Mary, combined in their love for us, are our teachers and guidance for us to find our way home to our Heavenly Parents. To start this journey we are to liberate our souls from being entombed within our suppressive minds, through feeling and longing for the truth of our feelings via our soul and peel away our injuries incurred since conception.**

**Give yourself time to consolidate your relationship with the Mother and Father through the partaking of Their Love. And whilst you are doing this, you can learn about your healing, all that’s involved with it, as there are many willing spirits to share their healing experiences with you.**

**When you are ready it will start happening simply because you will want it to, it all being orchestrated by your soul. And when that time comes you will have developed a strong foundation in your relationship with the Mother and Father for you to work from. We are to feel our feelings, identify what they are, accept and fully acknowledge that we’re feeling them, express them fully, all whilst longing for the truth they are to show us.**

**It is to make longing for God’s Love the priority, and then do one’s healing; should one want to include God and the Divine Love in one’s feeling healing. This is doing your soul-healing as you are seeking to heal your soul of all evilness – of that which made you become evil, and release all the hurt and pain of not being fully and truly loved.**

**WE ARE Children of God**

PARADISE TRINITY:

1. **Our MOTHER and FATHER (God) (MF) – Divine Love**  
SOUL (God) – One SOUL that is expressing its two PERSONALITIES, our Heavenly Mother and Heavenly Father (Soulmates)
2. **ETERNAL SON (ES) – Divine Truth**
3. **INFINITE DAUGHTER (ID) – Divine Mind**

Then: The Second and Third Persons of the Paradise Trinity (ES and ID) are stepped down to the local universe trinity (Mary and Jesus, Divine Minister (DM), and her Holy Spirit.

The LOCAL UNIVERSE TRINITY:

1. **MARY M and JESUS (MF) – Love – the Living Truth**
2. **DIVINE MINISTER (ID) – Mind (and her Holy Spirit)**
3. **HUMANITY – Natural love, sons and Daughters – Truth, and our Angels – Mind**

PLANETS that engage in REBELLION:

1. **AVONAL SOULMATE PAIR – the Feeling Healing process – incarnate**
2. **DAYNAL – TEACHER PAIRS – they do not incarnate**

So in summary:

Consider a diamond:

# Mother and Father Heavenly Parents

Creator Son & Daughter  
Jesus and Mary

Avonals  
as soulmate pairs

Trinity Teachers  
as soulmate pairs

Melchizediks – who have taken over from the Caligastians and Daligastians being also all as soulmate pairs.

Mortal Souls – human beings who individualise on Earth, then progress through the spirit Mansion Worlds, then into the Celestial Heavens, and beyond.

Mortal Souls – also being ascending spirits, upon completing their Soul Healing, join with their soulmate, then join their soul group of 24 mortal spirits, being 12 soul pairs. It is only as a soulgroup that anyone can progress beyond Nebadon.

The Paradise Pairs are all ONLY concerned with the SPIRITUAL wellbeing and upliftment of the planets and local universe. Currently to do with Earth:

Mary and Jesus – spiritual wellbeing and upliftment of the whole of Nebadon region.

Avonal Pair – Daynal pairs (Trinity Teacher Daughters and Sons) – Spiritual wellbeing and upliftment of individual planets and their associated Mansion Worlds.

The Local universal Sons and Daughters are all about the running of the worlds under their jurisdiction, and ensuring the higher spiritual elements can be employed, or sent astray, as in our cases through the Rebellion and Default.

Lanonandeks – Melchizedeks (and others, such as Life Carriers and Eve and Adam).

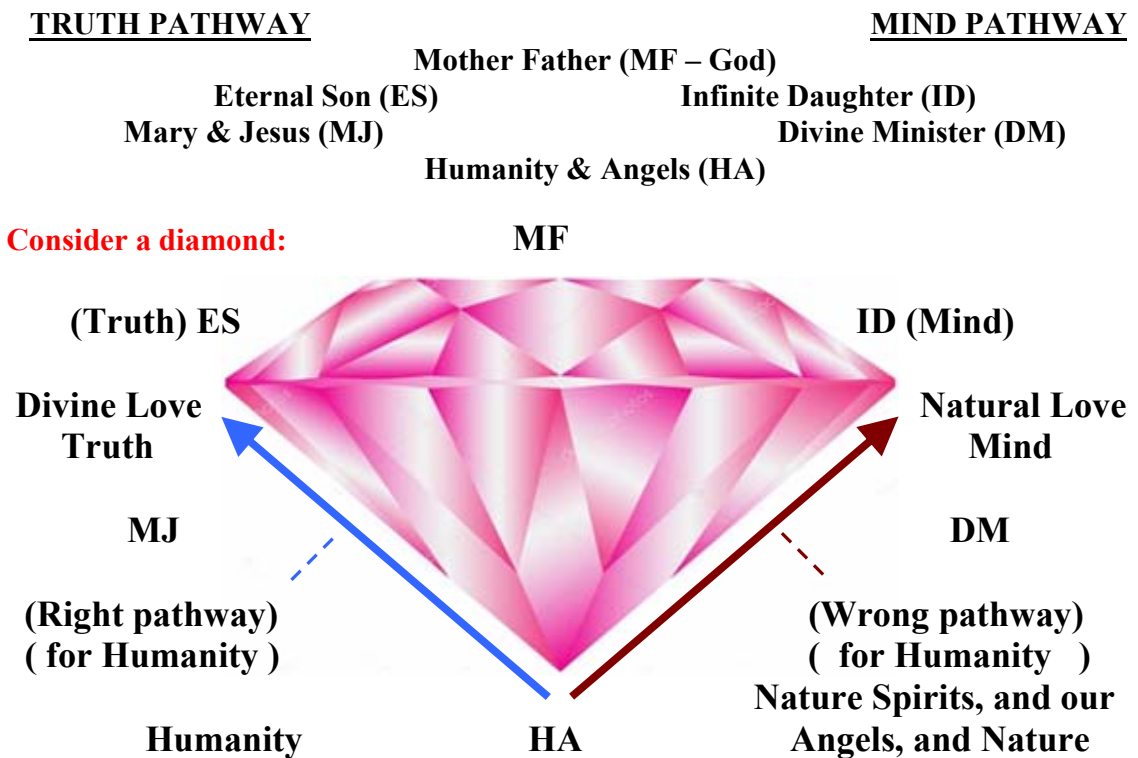

As the Lanonandeks all rebelled – the Lucifers, Satans, Caligastias and Daligastias soulmate pairs – so the Melchizedeks have taken over their roles, as well as doing their own.

So the Melchizedeks are the governors, overseers, the administrators and advisors and so on for Earth; they are the ‘controllers’, and they will instigate all that needs to be done to do with the ending of the Rebellion and Default. And they will enlist the willing help of ascending mortal pairs, so the mortal Celestials spirits (soulmates when available, and others waiting to unite with their partner), and at times mortal spirits in the Divine Love Healing Mansion Worlds. And the angels help all of us.

Currently the whole of Creation exists for the ascension of mortal souls from their earth planets to Paradise. It’s all one vast Grand Ascension Scheme. With all the higher and lower spiritual Daughters and Sons, together with all the many different angels and other universal spirit personalities, and even including nature and our very own pets, assisting women and men with their Ascension Journey. It being: and Ascension of Truth. Everything we do is done to help us grow in truth. (Only everything we do in our negative state is to deny ourselves our truth from our feelings, which is why we have to do our Healing.) All women and men are ascending (or growing) in truth through their experiences. And as we grow in truth by looking to our feelings to show us that truth, so we’re ascending, moving inwards and upwards through all the worlds and spheres of the Grand Universe to one day arrive on Paradise and meet our Heavenly Parents. God is providing us, Their children, with this spiritual journey called our Ascension of Truth. And by living true to our feelings, so we are progressing on our true Spiritual Path – our Ascension Path.

**Live true to your feelings, and you ARE living true, not only to your own soul, but also true to God’s soul. So doing your Healing by honouring all your feelings, IS living the will of God. And being fully Healed, IS living even more truly the Will of your Mother and Father.**

**Humanity** is to pursue the pathway for Truth through one’s soul based feelings, this is the right pathway. However, humanity commences its journey founded on natural love, which we now know is to be perfected through one’s Feeling Healing process and then made divine through asking for and receiving our Heavenly Parents’ Divine Love.

For 200,000 years, **humanity** has pursued the pathway of the Mind, being that of the brain, this is the wrong pathway. The Mind is the pathway for Angels and that of all of Nature.

**CREATION of SOUL and SPIRIT:**

God is *The Paradise Trinity* — the eternal Deity union of the Personalities: the Universal Mother and Father; the Eternal Son of Truth; and the Infinite Daughter Spirit of Mind.

The soul of each human personality (sons and daughters of truth) is existential, driving our personality expression in the experiential. The soul of each human finds truth by embracing one’s feelings and longing for the truth of them. We are to attain the Eternal Son of Truth. We are a creation of Truth.

Feeling Pathway

Mind Pathway

Soulmate Pair

Angel

The soul of angels is experiential, evolving through their experience by continually progressing in mind development. Angels are to attain the Infinite Daughter (Spirit) of Mind. Angels are a creation of Mind. Our soul is duplex (we have a soulmate) and is created by our Heavenly Parents. Through our Feeling Healing we perfect ourselves enabling the union with our soulmate, as we progress in truth up through the Mansion Worlds, celestial heavens and all the way to Paradise.

Spirit Person

Nature Spirit

The soul of angels is also duplex, yet of the mind, and they progress in mind evolution to Paradise. Animals, plants and nature spirits are also creations of Mind.

Neither we nor animals reincarnate. We never die; upon death, we move into the spirit Mansion Worlds on our journey to Paradise. When animals and plants die, be they the tiny microbe to the mighty elephants of the land and the whales of the ocean, their spirit energy returns to the Spirit Collective

Energy. And from this energy are drawn other animals and the nature spirits, who then in turn move onto becoming angels through increasing mind experience.

A nature spirit is an angel in waiting.

## WE ALL ARE BEING GUIDED HOME:

We need the Spirits of Truth of the Avonal Pair to Heal ourselves; then once Healed, (and for support (overshadowing) as well through your Healing), we need the Creator Pair, Mary Magdalene and Jesus' Spirits of Truth to see us through the Celestial spheres, while at all times embracing our Heavenly Mother and Father.

Until Mary and Jesus died and liberated their Spirits of Truth, no one from any of the worlds could leave Nebadon, because no one knew the way to do so. Nebadon is our local universe containing some 3.8 million inhabited physical worlds and their associated spirit worlds.

When we embrace the truths Mary and Jesus are revealing, and start to do our Feeling Healing, or with Divine Love, Soul Healing, we are then freeing ourselves up from our parental and self control.

Thus our journey to Paradise, to the home of our Heavenly Parents, is of our choosing as to when we progress, however, there is only one way:

**HUM:** Humanity is to ascend. We are self contained. Our soul is always in truth and perfect at all times. **By living true to ourself, true to our feelings, we are living true to God. It's that simple.**

We are to recognise that being engaged and dominated by our mind is the wrong way for us to evolve and grow in truth. We are to discard the mind enslavement that has been imposed upon us by all of our parents. We are to express our feelings, both good and bad and free ourselves of the indoctrination that humanity has embraced worldwide.

Live true to your feelings, and you ARE living true, not only to your own soul, but also true to God's soul. So doing your Healing by honouring all your feelings, IS living the will of God. And being fully Healed, IS living even more truly the Will of our Mother and Father.

**AVO:** We are to embrace the truths and guidance of the Avonal Pair through their Spirits of Truth. It is the Avonal Pair's guidance that will lead us through our Feeling Healing, and with Divine Love, we will be able to ascend through the 7 spirit Mansion Worlds and enter the Celestial Heavens where we also interact with other world's spirits.

**J&M:** We are also to embrace the truths and guidance of the Paradise Pair, Mary and Jesus, who will then lead us through the 3 Celestial Heavens that are aligned with Earth, and then further on through Nebadon where we will then depart beyond on towards Paradise.

**M&F:** Beyond the universal zone of Nebadon, we will be guided by our Heavenly Mother and Father onwards through the universes to Paradise where we will be welcomed by them, home for us all, as we are all Children of God.

M&F

For 200,000 years, we have been misled into embracing our mind's distortion of wisdom and truth. All such traditional understandings only lead us in the wrong direction, from which we must turn back from. Our soul based feelings are always in truth. Our minds are to follow our soul based truths and feelings, not the other way round, as we have been brought up to embrace.

We are to connect with our deeper repressed feelings.  
We are to long for the truth of what we are feeling.  
We are to live true to our selves; by living true to our feelings.

Use your surface day-to-day feelings to connect with your deeper repressed feelings. Express your surface feelings and your deeper repressed feelings to uncover the truth of yourself.

J&M

We all have feelings which we communicate and share with each other. And we all have deeper buried and hidden repressed feelings. Feelings from our early childhood we felt, yet weren't allowed to express. These feelings are still within us, waiting to have their say. These feelings, because they are repressed, cause us all our problems.

And as we look to uncover, bring out and accept these deeper feelings, so we're taken into new ways of looking at ourselves, our feelings, and our life. We're setting ourselves free of the controlling patterns that govern our unloving behaviour.

In this way, we progressively begin to express the personality that our Heavenly Mother and Father gave us, not the one imposed upon us by our physical parents and carers. We are to be our true and real selves.

**By living true to ourself, true to our feelings, we are living true to God. It's that simple.**

AVO

HUM

As we, humanity, long for the truth of our feelings, we can also be assisted by the Spirits of Truth of the Avonal Pair who are our spiritual teachers for Earth over this coming 1,000 years, to assist us through the Great U-Turn, away from mind dominance to being soul based feeling lead. They will assist us through the seven levels of the spirit Mansion Worlds.

Then the Creator Pair, Jesus and Mary, will lead us through Nebadon and into the greater universe. Then our Heavenly Mother and Father lead us home to Paradise.

**WE ARE Children of God**

Collectively, should we embrace them all, as we are to, then our pathway home is a journey in the hands of the Spirits of Truth of the Avonal and Paradise Pairs overseen by our Heavenly Parents.

## HOW TO GET TO PARADISE:

Long for the Divine Love

Long for the Truth

Long for the truth of your feelings

Don't deny any feelings: accept, express and want to know the truth of them

Know your feelings are the key; your feelings are the Way

Want to end your falseness and being untrue

Want to understand the truth of your early life

Use your surface feelings to move deeper into yourself, bringing up your repressed feelings

Want and long to know the whole truth of yourself

Want to do it all with God, your Heavenly Mother and Father – long to Them for help.

## The Key

Our longing drives our life. We long with feelings. We can wish for things using our mind, yet long for things with our heart. These things in the pyramid are what to long for. Longing for them, when the longing comes naturally. Longing because you feel you really want them. Long to be true with all your heart. Long to live true to your feelings. Long to understand the whole truth of yourself.

## Divine Love Spirituality

by James Moncrief

January 2017

Feeling Spirituality – looking to your feelings for your Truth

The only way to the Truth is through your own feelings

This is my first writing with the Father on the beach up North at the whale and dolphin conference. (I thought it was much longer, but I must have inadvertently sent the rest back to God. I vaguely remember years ago I had a big clean out trashing most of my hand written stuff along with my earlier computer attempts. My writing was woeful back then (I hope it's improved through my Healing years), and there wasn't anything in the work that I've not brought up to date and expanded on during later years.)

### November? 1990 – With My Heavenly Father

James my child, I ask of you to do only one thing for Me, and that is to ask Me for My Divine Love. I want you, if you are willing, to long to Me for My Divine Love always, to keep your heart focused on Mine so that one day we will be able to achieve the union of love that I have destined your soul to make with Mine.

Pray to Me with all your hearts longing for My Love. And remember that it is My Love alone that can ascend you through the Heavens to finally be with Me on Paradise. It is through the partaking of My Love that you will come to know Me as you come to know yourself. There is only one objective, there is only one Great Love, to be Divine as is My Love.

As My Son, Jesus, has informed you through His messages and those of the Celestials contained within The Angelic Revelations of Divine Truth, ask Me with all the sincerity of your heart for the inflowing of My Divine Love. Ask Me to direct My Holy Spirit, the carrier of My Love, to come to you – your soul, so that it may be filled to overflowing. I want you to have as much of My Love as you can in any one moment. I want you to have it always, and as much as your soul can manage at any one time. I want you to become of my Divine Essence, for I want you to become just like I am, Divine. I want you, and when I refer to you, I always mean you – your soul, to become as I am in My Divinity, Perfect. I am perfect, and I want you to be just as perfect as I am. I want you to live in and with My perfection of soul. I want your soul to be perfect, even as I am perfect, that being, perfect in Love.

James, as I have told you many times before, I want you to love Me as I love you. I want you to be of My Love and nothing more. I want you to long to Me to saturate your soul with My Divine Love. Long, long, long and then long some more.

I know in your state it is very difficult to maintain a steady and constant focus on Me, and to keep your will adhering to its longing for My Love, but just try as much and as often as you can. The more of My Love you receive into your soul the easier to stay with Me it will become. I am with you always, I have never been anywhere else, but you have not always been with me, and yet it is for us to be together forevermore that I seek and long for from you. For you to be with Me, your Father in Heaven, the Father of your soul. I want you to get to know Me, as you get to know yourself. I already know you, yet desire that you become fully yourself, so that we can once again relate personally and intimately together as if we are one.

Your Loving Father of Heaven, and Father of your soul.

**BOOK of TRUTHS**

Published by Joseph Babinsky

[www.lulu.com](http://www.lulu.com)[www.amazon.com](http://www.amazon.com)

Between 1914 and 1923 James Padgett recorded, by automatic writing, some twenty five hundred messages, coming from two hundred and fifty spirits, many of these spirits being from within the celestial spheres of the spirit world (8<sup>th</sup> sphere and higher). Within the Book of Truths, there are some 866 of those individual messages.

Lost to humanity, by the time of the beginning of the fourth century, were the teachings about Divine Love. James Padgett has been the instrument used to reintroduce these teachings to mankind.

These messages have been subsequently added to:

‘New Testament Revelations of Jesus of Nazareth’ via Dr Daniel Samuels (1954 – 1963)

‘Judas of Kerioth’ as edited by Geoff Cutler (2001 – 2003)

‘The Richard Messages’ via James Reid (2012 – 2013)

‘The Divine Universe’ via Zara Borthwick and Nicholas Arnold (2012 – 2013)

It is only by asking for and receiving Divine Love that we can progress along the path towards God.

This Gift is outlined in great detail within the above sets of messages now published in various forms.

**FEELING HEALING and SOUL HEALING with the DIVINE LOVE:**

**James Moncrief Publications:**

**all publications are free downloads:**

<http://divinelovesp.weebly.com/my-free-books-and-free-padgett-messages.html>

It is suggested for one to consider reading as follows:

**Speaking with Mary Magdalene and Jesus – books 1 – 4**

These four books encapsulate the second of the revelations with the first having been introduced by James Padgett one hundred years previously. These four books provide a wide range of guidance that has never previously been made available.

**Paul – City of Light**

As a gentle intro into the Divine Love and Healing; being James Moncrief's first novel and it's been criticised as being too heavily clichéd, but that's the point because it's a reflection of how he was back then.

**Ann and Terry**

For an example of people who might want to immediately start working on them selves and doing their Healing.

**Feeling Bad? Bad feeling are GOOD**

For more understanding about our denial of our feelings and why we should not deny our feelings, and it includes how it all came about for James, using himself as an example.

**Feeling bad will make you feel BETTER – Eventually!**

This includes specific examples of Marion and James working on expressing particular bad feelings, again with the hope that it will help others gain something of an idea as to what's involved in doing your Feeling Healing.

**Sage – and the Healing Angels of Light**

Through Sage who's 13 years old, the story is primarily about the two aspects of healing; that being, with the help of our angels, and the full Healing we can do by looking to our feelings for their truth.

**Religion of Feelings  
Feeling Healing**

**Welcome to LOVE – the Religion of Feelings  
you can heal yourself through your feelings**

So these books, including the four Speaking with Mary Magdalene and Jesus books, provide the essence of it all and are examples of James' work. Then it's up to whatever takes one's fancy. Other reading to consider may include:

**The Padgett Messages being published as:**

**The True Gospel Revealed Anew by Jesus volumes 1 – 4**

**Book of Truths by Joseph Babinsky**

**The Urantia Book**

**Release one's pain through expressing one's feelings.**

**in conjunction with**

**Longing for the Truth when also longing for Divine Love.**

**FEELING HEALING with DIVINE LOVE is SOUL HEALING:**

*A collection of 'papers' that draw together specific topics including all of the above and more from other sources of information and revelation designed to help increase one's awareness about why we have the problems we do and how to heal them, all whilst living a more healthy and sustainable life. They provide a brief snapshot of the more complicated topics and issues.*

**Firstly, consider discovering the truth of your emotional pain through Feeling Healing.  
Secondly, consider longing for our Heavenly Parents' Love as you progress with your healing.  
Primary and most important readings are the writings of James Moncrief.  
Then consider the Padgett Messages, and then The Urantia Book.**
