Artificial Intelligence cannot discern emotions, and consequently cannot reflect emotions.

Artificial Intelligence also cannot be intuitive, it lacks intuition, trust, foresight, and empathy. It also does not have clairvoyance, clairaudience, clairsentience, clair-empathy, and clair-cognizance. **Artificial Intelligence** does not have hearing, taste, touch, sight or smell senses.

Artificial Intelligence can only be as 'intelligent' as its source data!

A humanity that surrenders their learning opportunities to **Artificial Intelligence** jeopardises their very existence. **Artificial Intelligence** brings about the circumstances that threatens the possibilities of Truth emergence within societies.

Feeling Circle for Kids

We are free to cry and express our pain here!

Adolescent children and young adults benefit greatly through exploring their feelings.

The feeling circle uses words to describe how our parents made us feel. How we were parented as children, is how we act and feel as adults. We carry the same childhood feelings through to every area of our lives until we die. We are all still living in the pain and ruins of our parents unloving parenting, and every feeling we go through will bring us to this truth. Through Feeling Healing we accept, express, and find the truth of our childhood denied and suppressed feelings.

Samantha McCabe

*Look for deeper understanding and truth.
Seek to understand what it is about the feeling.
Long to know what is underneath the feeling.
Ask, beg, pray, long to know the truth above all.
Underneath each discovered layer is another!
Until we go back to our time of conception.
Our feelings are our truth - our soul based truth.
We are to express all that we feel, good and bad.
This is the beginning of our FEELING - HEALING.
Then always ...*

Natural Self Expression!

PASCAS TEEPEE VILLAGE

A place to Accept, Express and find the Truth of our Feelings.

Pascas Teepee Village is a place away from everything, a place in natural surroundings where we can be free to Feel, heal, learn, play, discover truth and accept our self in Nature. Children and adults can come and explore all that PASCAS has to offer for our Feeling Healing life.

Groups may be held for Children and Adults in the beautiful Teepee's designed in the styles of the American Indian tribes of the Great Plains. They stay cool in the heat of the sun and are the perfect space for everyone who wants to experience their healing, living closer to nature.

Children may love the freedom and excitement of learning in the Teepee village; Adults will feel a more natural environment for their Feeling Healing life, a natural place to grow in.

PASCAS Teepee Village accommodates for large and small groups, and even has individual Feeling Healing teepee tents for those who feel the need to get away, be alone and express their feelings in private.

Children will learn by doing, creating, making, communicating, they won't have to sit still listening to a teacher all day long. Working together, problem

solving in groups will give them the space to discover their full potential, strengths and weaknesses, fears and achievements, all being creators guided by their Feelings.

Children can create through feeling expression.

Larger groups may be formed for talks and Feeling expression, in the larger teepee's. You can choose to listen or participate, either is fine, it's up to you and how you feel, no one will be made to do anything, but it's amazing how once someone begins to express their feelings in a group, others relate and feel they can follow, especially if the venue is less formal and they feel more at ease, PASCAS Teepee Village provides all of that, the perfect Feeling Healing environment. There is no judgementalism as we are all on this journey of awareness and discovery together!
