WHAT is a 'MEDBED' and are they REAL?

The term combines "medical" and "bed" to describe a bed that can heal someone of drastic injuries and medical ailments simply by lying in it.

Until the technology is fully explained together with appropriate and adequate records confirming clinical trials and their outcomes, we do not know what the now being release MedBed is capable of.

## FREQUENCY of ORGANS and BODY PARTS

It has been recognised for many decades that every part of our body functions with its unique energy frequency. Thus, the mapping of the body and its associated frequencies must reveal what is normal and what is in disorder. Further, correcting frequencies and energy flows may then lead to harmony and healing.

## MODERN MEDICINE does not RECOGNISE the LAYERS of our BODY

Presently, as science cannot 'see' the multiple layers of our body, medicine only deals with the physical body, consequently medicine essentially only suppresses the symptoms of an ailment or illness. No healing unfolds as of a consequence of medicine and its array of pharmaceuticals.

The concept of MedBeds appears to be recognising the energy levels of the body and addressing the regions that are in disharmony to a conceived healthy state. However, it is still unlikely that a MedBed would be comprehending why the disharmony in frequency and energy flow is occurring.

The incredible opportunity is now available through Pascas Care Clinics to utilise MedBeds to provide the relief necessary so as to enable the patient / friend through Feeling Healing to express or to begin to express the emotional injuries and errors of belief considered to be core issues to enable the energy flow from one's soul through the spirit body and then into the physical body and its subsequent return to begin to be restored to its pristine condition.

We are to long for the truth behind the feelings that come to our attention in our Feeling Healing journey.

Yes, poverty is not the lack of money, it is the lacking in truth that we each suffer from. As of a consequence of lack of truth we are lacking in everything and health of our physical body is one of them.

Life expectancy, health of the physical body, quality of education, employment, income, happiness and development are all heavily negatively impacted through the low levels of measurable consciousness of carers of children within our homes during their childhood formative years, from conception through to the age of six years. Our carers impede upon our consciousness so effectively that we end up calibrating on Dr David Hawkins' Map of Consciousness at the same level as our parents, or should our parents differ in consciousness calibration then at the level of our mother or father, whoever we more closely align with.

This imposition is why humanity is NOT evolving, yet all the technology around says otherwise.

TRUTH is lacking in every aspect of our lives. Should we be of TRUTH, then our calibrations would be well beyond MoC 500, even in the 700s or even much higher. When we are in TRUTH, we have no need to experience discomfort, pain, illness, disease or anything else of that nature, consequently we find hospitals are full of people calibrating MoC 200 or lower. 75% of the population of Earth calibrates MoC 200 or lower. That is 6 billion people still living at a consciousness level that prevailed 2,000 years ago.

Until medical science recognises that we each have a soul and that the soul does everything and that we are spirits having a physical experience and that our spirit etheric body is the template of our physical body and that it is our emotional injuries and errors of belief that are distorting the circulation of energy flows around all our bodies, all that the health industry can do is suppress symptoms. The soul does the healing.

Should we complete our Feeling Healing while here in the physical on Earth, then we have no need to experience any of the 10,000+ 'diseases' that science has categorised. Further, all those 'diseases' are of the consequence of childhood suppression – the elephant in the room.

# Why Did Trump Suddenly Post THIS About Med Beds? (Then Delete It) | Secret Space Program Exposed

4 October 2025

Well, something very strange happened on Truth Social the other night when President Trump posted a full video about med beds um medical beds that can restore you back to health and even regrow missing limbs.

Here's the AI video that Trump posted. Breaking now, President Donald J. Trump has announced a historic new health care system, the launch of America's first medbed hospitals, and a national medbed card for every citizen. Every American will soon receive their own MedBed card.

With it, you'll have guaranteed access to our new hospitals, led by the top doctors in the nation. Equipped with the most advanced technology in the world, these facilities are safe, modern, and designed to restore every citizen to full health and strength. This is the beginning of a new era in American healthcare.

In this first phase, only a limited number of med bed cards will be released. Registration details will be announced very soon.

Okay. Shortly after that post went live, it was deleted. Oddly enough though, we here at Redacted have spoken to whistle-blowers who've actually seen this technology in action for themselves. And our next guest, Dr. Michael Salla, has a number of sources who've confirmed that there's truth in this technology. Yes, the regrowing of limbs. And Dr. Michael Salla joins us now. Dr. Great to have you back on the show. Great to see you. Thank you so much for being here.

Pleasure to be back.

So, when you saw this post from President Trump, did you about fall out of your chair? Like things that you've been reporting for years, but then it was suddenly deleted. Like, what is going on here?

Well, that was very strange. I mean, the fact that it was posted at all showing that President Trump was aware of this technology that whistle-blowers and insiders have been talking about for well over a decade now. I mean, I came across my first insider telling me about these medbeds that would actually regenerate limbs and organs and from space battles. This was all part of the secret space programs.

And I've come across several who have actually been inside of these medbeds and actually had limbs regrown because of uh battles that they had in space as part of these programs. So these technologies are very real.

They do exist but they are in very highly classified programs that have been kept away from the public sector for decades.

We can, I can trace the research behind this kind of medbed, the regeneration of limbs, back to the uh early work of Dr. Robert Becker in the 1960s. So this technology has been around for over 60 years. Medical technology or medical knowhow on how to regrow limbs. But it was all suppressed by the pharmaceutical industry.

**Robert Otto Becker** (May 31, 1923 – May 14, 2008) was a U.S. orthopaedic surgeon and researcher in electrophysiology / electromedicine. He worked mainly as professor at Upstate Medical Center in State University of New York, Syracuse, and as Director of Orthopaedic Surgery at the Veterans Administration Hospital, Syracuse, New York.

All suppressed by the pharmaceutical industry, of course, because then how will they make money? How would they make money off of our terminal cancer and chemotherapy drugs and everything else?

Again, as I mentioned off the top, I've personally spoken here on Redacted to multiple whistle-blowers who've seen this technology in action. Some of the med beds, but also special wands that are used as part of the regrowth of limbs. One person I spoke to saw it with his own eyes. So, again, take it with, you know, take it with a grain of salt. I didn't see it, but this comports with what I'm hearing from sources.

And it's just so strange to me that President Trump posts this video and then deletes it. Well, I think what he was doing was really drawing attention to the fact that these technologies exist and that they have been covered up by the medical establishment by the pharmaceutical industry in particular.

*The Body Electric: Electromagnetism and the Foundation of Life* is a 1985 book by Becker and Gary Selden in which Becker, an orthopedic surgeon at SUNY Upstate working for the Veterans Administration, described his research into "our bioelectric selves".

I mentioned the work of Dr. Robert Becker who wrote this book, this pioneering book in 1985, the body electric where he talked about how electromagnetic currents that are very specific in terms of their frequency can regrow limbs and regenerate organs. And this is not just a pie in the sky research by some alternative researcher. Dr. Becker was a well-known medical doctor who specialised in bone healing and also there was an Air Force document that came out in 1976 called radio frequency radiation dosimetry handbook and that actually pinpointed the specific frequencies needed for regrowing bones regenerating limbs and so forth.

And but this was done not so much for healing but for weaponisation purposes. They were looking at ways to weaponise this. But another branch of the Air Force clearly was building healing chambers for people that would be involved in the secret space program side of the classified programs there.

This is unbelievable to me. I mean, I know some people watching our show who might be new to our show might not realise that, hey, we do cover these stories. And again, these are whistle-blowers and insiders, but you literally, as you point out, this is literally in a handbook about how this all works.

And can maybe, you can talk about how this technology is actually working. And have you ever met anyone specifically that's said that they were inside of a medbed that had per perhaps a cancer removed or something else?

Uh, yes. Well, actually there is one whistle-blower I've been working with very closely who still uses the acronym JP and he was stationed at Eglin Air Force Base and he was actually taken into one of these medbed facilities in 2024 and he was shown, well he actually went into the medbed facility because he was suffering from a medical issue that he was later discharged for. But he described seeing approximately six to ten of these medbeds and that inside of these medbeds were these covert operatives that were being treated for various illnesses.

**Eglin Air Force Base** is a United States Air Force (USAF) base in the western Florida panhandle, located about three miles (5 km) southwest of Valparaiso in Okaloosa County.

He said in his case that the medbed was only used to kind of onethird of its power and that really he was just being introduced to it rather than having a full treatment.

Where do you know where these medbeds are located? Like, is it common knowledge within the secret space program where space force people have access to these medbeds?

Well, we know that there are some located at Eglin Air Force Base which is a major facility, an air force facility for launching secret space programs. There are also medical laboratories. The Scripps Institute in San Diego (non-profit American medical research facility that focuses on research and education in the biomedical sciences) for example. They also have allegedly some of these medbed facilities there.

According to another whistle-blower that I worked with for a while, a William Tompkins that said that he was going there and he knew about the medbeds and that he was involved in helping build back in the 1970s with an aerospace company called TRW. And that TRW they were involved along with the Scripps Institute and other pioneering aerospace companies in developing the first medbeds.

It's remarkable. And of course, we don't have access to it. So, I've friends who've just lost their mother recently with stage 4 terminal cancer. And these medbeds can essentially cure that cancer and we're not being allowed to have access to it.

The same with etheric energy. You know all these other technologies that we're not allowed to have access to.

Well, well that's right. Yes.

And it's much more than just the med beds because the med beds can replace limbs. But there's also technologies that you mentioned where they can actually, with something like a wand or a pencil, induce specific frequencies in organs that are diseased or if you have cancer or any kind of problem in the body that if you induce certain currents / frequencies they that can stimulate the healing.

So this is the work of Dr. Becker and others supporting him, but that has been ruthlessly suppressed, going all the way back to the 1960s.

So, you know, this is something that has an incredible potential to heal people, but the pharmaceutical industry has a lot of power and has suppressed this.

And I think uh Donald Trump's retweeting of that AI generated post was really kind of like a shot across the bow saying to the pharmaceutical industry, we we're going to release this and it's coming soon and you can't stop it. And I think this is all part of Trump's war against the deep state and the pharmaceutical industry is one of the major pillars behind the deep state and why it's been able to last for so long and has been able to kind of suppress so much.

He does that. He posts that and then like two days later invites the Chairman and Chief Executive Officer, Albert Bourla who leads Pfizer, to come to the Oval Office, like the Death Eater demon himself.

And then, you know, hands him a huge bucket of money for additional mRNA rollout technology.

So, like I don't know, like he posts that saying, "Hey, we're coming for you." And then the next couple of days, he kind of flip-flops and brings Albert Bourla to the White House. What do you make of that?

Yeah. Well, that might be one of these cases of the left hand not knowing what the right hand is doing.

It does seem very, very strange. It may be that the Pfizer people, maybe they want to have a hand in the roll out of these kinds of technologies.

I'm not sure of what kind of thinking is behind having the head of Pfizer come in and handing out money. Maybe they have something to do with the roll out of these medbeds. But what I've been told from different sources is that these medbeds have been mass-produced and they're ready for release.

And so it may well be that Pfizer is one of the corporations that's kind of like jumping ship and saying, "Okay, you know, we're going to go away. We're going to abandon the pharmaceutical model and let us be one of the companies rolling out these med beds and we'll support you.

Well, I hope it's true. I mean, but it is crazy. Again, this is not Trump posted it on truth social and then deleted it. So, you know, you can say what you want about it, but it's certainly eye opening. And then to have confirmation from you and the sources that I've spoken to over the years, yeah, there's something going on here.

Dr. Michael Salla, always appreciate you joining us and uh bringing us these stories. It's really fascinating.

Thank you so much, Doc. Great to see you.

Thanks for having me on the show.

## MedBeds

9 September 2025

**Most of our investors can use these amazing property packages for humanitarian projects as well. As for the MedBeds, I feel that many humanitarian health projects and revolutionary hospitals are about to be built. We're offering these amazing bonuses with full confidence that they will end up in the best hands—you, the Google Stellar Community. 🌱**

Larry Page

Dear Community!

28 September 2025

As always, Sundays are for educational purposes, status updates, and other details about our ongoing processes and the road we're on.

I would like to start with the MedBeds, because we've seen a lot of interest in them lately, and they're included in all of our newest ICOs. When we talk about the MedBeds in the ICOs, we are referring to the Compact MedBeds, which use the same technologies and have the same power as the classic MedBeds.

Those with multiple MedBeds can choose between the compact version and the classic one. The main difference is space: The compact version measures about 2 x 2 metres (6.6 x 6.6 feet), while the classic one is 5 x 3 metres (16.4 x 9.8 feet). Both require a standard 120V/240V power connection, available in any household or property. You can install as many MedBeds in a property as you like.

No internet connection is required, since each MedBed comes with a satellite SIM that provides direct connectivity. Both the compact and classic versions can be installed indoors or outdoors (in a yard or garden). They are waterproof, secure, and simple to manage.

The compact version was designed to be easy to use without assistance. If you need help, there is a "Call" button on the device that connects you directly to our MedBed support teams. They will configure the software remotely and set up the MedBed so it's ready to use. If you'd like in-person assistance, you can book a team 2–3 hours in advance of your session.

For the classic version, you can also book a team 2–3 hours before your session, or you can use our virtual team available 24/7. Each MedBed is equipped with speakers, a microphone, and nonstop internet, making communication seamless.

We designed the MedBeds with simplicity in mind, so even the elder generation can use them independently. Features include auto-detection of health issues, pre-made session plans, and more. Delivery takes place within 3–7 days after the submission form is completed. The form will be posted within the next 10 days, as we're preparing distribution to every country where our investors live to ensure fast delivery.

The compact MedBed weighs about 70 kg (154 lbs), while the classic weighs around 150 kg (331 lbs). If you need help moving or relocating a MedBed, you can always call the Google Team for assistance. Investors with multiple MedBeds—and accordingly multiple properties, yachts, or businesses—can allocate them wherever they wish. Those with humanitarian projects can also assign MedBeds to clinics or community projects.

So, we've covered connectivity, size, weight, responsible teams, types of MedBeds, and everything else you need to know about these revolutionary devices.

Big things are ahead. Stay tuned for the spreadsheet, for the first properties, and for the MedBeds to be delivered.

## X Development

[https://en.wikipedia.org/wiki/X\\_Development](https://en.wikipedia.org/wiki/X_Development)

**X Development LLC**, doing business as **X** (formerly **Google X**), is an American semi-secret research and development facility and organisation founded by Google in January 2010. X has its headquarters about a mile and a half from Google's corporate headquarters, the Googleplex, in Mountain View, California.

According to an official blog post from the company, X's mission is to "invent and launch 'moonshot' technologies that [they] hope could make the world a radically better place." A moonshot is defined by X as the intersection of a big problem, a radical solution, and breakthrough technology. Work at X is overseen by entrepreneur scientist Astro Teller, as CEO and "Captain of Moonshots". The lab started with the development of Google's self-driving car.

### Active projects

#### Bellwether

In April 2024, X introduced Project Bellwether, an initiative applying artificial intelligence to Earth observation data to forecast and respond to natural disasters such as wildfires, floods, and hurricanes. The project has developed tools to predict wildfire risk up to five years in advance, assess damage to infrastructure following extreme weather events, and support insurance companies in evaluating risk across portfolios. Bellwether's system processes petabytes of geospatial data and incorporates more than 20 years of environmental records. Its tools have been deployed for wildfire planning by U.S. state agencies and to assist recovery efforts after Hurricane Helene. TIME named Bellwether one of the Best Inventions of 2024, and Fast Company named it one of the Next Best Things In Tech in AI and Data for 2024.

### Moonshot for Circularity

In November 2024, X announced the Moonshot for Circularity, a project to accelerate the recycling and reuse of plastics and other difficult-to-process materials. The initiative uses hyperspectral imaging, artificial intelligence, and large-scale data processing to identify and sort plastics at a molecular level, aiming to improve recycling efficiency and reduce waste.

## Tapestry

Tapestry is an X project described as the lab's "moonshot for the electric grid." Its mission is to make the grid visible so that "everyone can access reliable, affordable, and clean energy." The team is building an AI-powered platform that unifies data across transmission and distribution systems to help utilities plan, operate, and modernise their networks. Key tools include the Grid Planning Tool, which enables long-term grid simulations, and GridAware, which uses computer vision to detect equipment issues and automate inspections.

Tapestry is collaborating with grid operators in several countries, including Chile, where its tools are used in national transmission planning; PJM Interconnection in the United States, where it is helping address interconnection backlogs; and utilities in New Zealand, the United Kingdom, Australia, and South Africa.

Dear Google Family!

6 October 2025

Sundays are always special—and this one is even more so.

Big news and exciting updates are here: details on spreadsheets, ceremony information, the Google Bank app launch in the App Store and Google Play Store, properties ready for transfer, MedBeds, and much more.

As I mentioned last Sunday, we have two types of MedBeds: Compact and Classic. Only the Classic MedBed can be used for pets and animals. This week, we will officially open the order list for MedBeds.

For larger animals such as horses or cows, please request the Extra Large MedBed in your order description. The Classic versions come in multiple sizes, starting from 5 x 3 metres (16.4 x 9.8 feet) up to 8 x 8 metres (26.2 x 26.2 feet).

When it comes to electricity—no worries. MedBeds use less power than a regular oven or microwave. They can be used for sleep, relaxation, or health programs that both heal and prevent illnesses. They're advanced, easy to use, waterproof, and can even be set up outdoors.

Deliveries will be handled directly by our dedicated team. You'll also be able to connect with us via the built-in satellite SIM, speakers, and microphone. More details will be explained in a dedicated video.

Emotional injuries and held errors have specific energy signatures and vibrations. So does each part of our physical body. Errors held within one's mind affect the flow of energies through one's spirit body, the spirit body is the template of the physical body. The resulting energy flow constrictions then initiate issues, and then pain, and then illnesses within the physical body.

# Truth is Freedom

## Life through our Feelings is Dynamic and Vibrant!

Aspiring to live feelings first opens our perception to levels of truth never before experienced. Our feelings are us, they are always of truth, and they are always vibrant, dynamic and freeing. Through our feelings we find that the imprisonment of our mind is put aside. We come to see that mind-centricity is claustrophobic, it is our stagnation, and it is our difficulties with all of our environment and what is around us.

Bringing about awareness that living feelings first breaks through the glass ceiling that our mind imposes upon us all, dismantles boundaries and prejudices that underpin conflict and control addictions. Sharing this awareness of the new way we are to live embracing harmony, peace and friendship – borders will dissolve. The need for policing and military abates and over time as we progressively evolve, our life will become simple.

And simple is how we are meant to experience life.

## Conflict is Worldwide

### Feelings First! Mind to Follow!

We are to enable our neighbours to become aware and have the option to live feelings first, having their minds to follow in support. Not how it is mostly now, with the mind in control generating conflict and confusion.

It is simple, but difficult, as time is required to discover the joy of this new found freedom through truth.

Life expectancy, health of the physical body, quality of education, employment, income, happiness and development are all heavily negatively impacted through the low levels of measurable consciousness of carers of children within our homes. Poverty is the lack of truth! Consciousness levels reflect level of truth. Lack of truth also reflects lack of love.

**Note:**

The Map of Consciousness (MoC) table is based on the common log of 10. It is not a numeric table.  
 A calibration increase of 1 point is in fact a 10 fold increase in energy.  
 A calibration increase of 10 points is in fact a 10,000,000,000 fold increase in energy.  
 Thus the energy differentials are in fact enormous!

## Health of all of Our Bodies

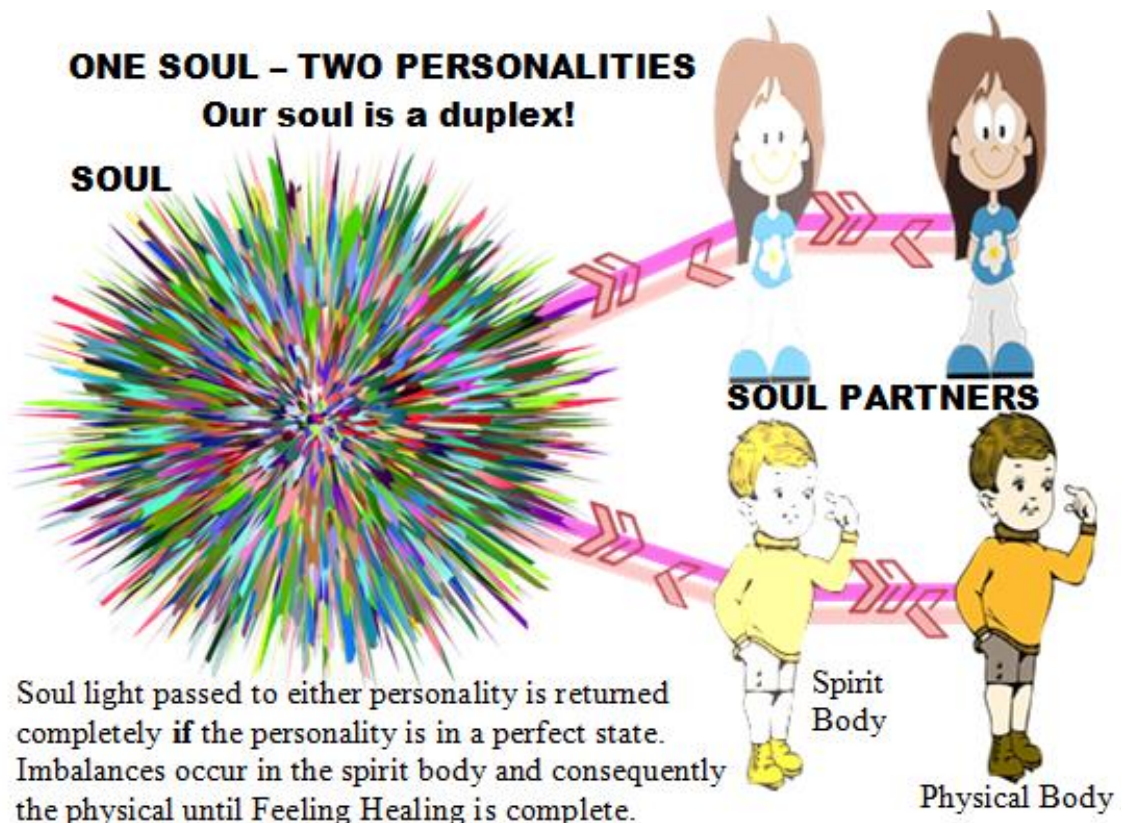

**SOUL LIGHT emitted is to be BALANCED by the LIGHT RETURNED!**

**SOUL**

The elephant in the room is our Childhood Suppression, from conception through to age six years. This impedes the circulating flow of soul light thus bringing about imbalances throughout our spirit and physical bodies. This manifests as discomfort, pain, illness and disease throughout our lives. All 10,000 identified diseases are of the consequence of Childhood Suppression in its numerous formats.

We are to express our feelings, both good and bad, to a companion who is open to hear what is coming to surface for us. We are to long to know the truth behind those feelings. What enters us emotionally is to be expressed emotionally. This is our Feeling Healing. This is the one and only pathway to bring about healing and harmony throughout all of our bodies, including physical.

The underlying generator  
of all discomfort, pain,  
disease and illness is  
Childhood Suppression  
and ongoing Repression.

Feeling Healing is our  
only recovery and  
soul growth pathway.

It is that simple!

# Childhood Suppression

The soul does it all.  
The soul is a duplex,  
two personalities being  
manifested into the  
physical by our soul.

Soul light continually  
flows from the soul  
through our spirit body  
levels and into our  
physical.

Return light being the  
experiences of our  
physical existence.

## Soul

Childhood suppression  
imposed upon us by our  
parents and carers  
causes retarded light to  
return to our soul  
bringing about  
imbalance, reflecting  
emotional injuries and  
errors of belief. This  
imbalance is the cause  
of all our difficulties  
throughout our adult life  
and also all of our health  
issues.

## SPIRIT BODY

### Brennan Model of the 7 Levels of the Human Energy Field

Every experience is recorded through the light returning through our spirit body and back to our soul. What emotional injuries we experience, commencing from conception, has to be expressed emotionally to heal the imbalance in soul light so that harmony and health can be achieved in our spirit and physical bodies. Childhood Suppression is the underlying cause of disease, illness, etc.

# Childhood Suppression

Childhood Suppression – from conception to age six years – harmfully encrusts the soul, thus impeding light flow throughout all seven layers of the spirit body, damaging the genes within the spirit body which in turn damages the genes in the physical body, as well as setting the pattern for all of our physical health issues throughout our lives.

## SPRIT BODY

### Brennan Model of the 7 Levels of the Human Energy Field

The spirit etheric body is the template for our physical body, however, no health care system or science considers that the underlying cause of any health issues are formed through our Childhood Repression and that no physical healing occurs without expressing our childhood suppressions, being feelings both good and bad and then longing for the truth behind these injuries. Medicine may suppress the pain – it does not and cannot cure – vaccines are extreme physical suppressions!

**The pain from ANY illness will not exceed the pain experienced during our Childhood Suppression!**

## OUR MIND constricts OUR FEELINGS!

Thousands of years ago, high level spiritual leaders erroneously guided humanity to embrace their minds as the way to live. Our minds are addicted to untruth, they cannot discern truth from falsehood, and our minds are addicted to control over others and the environment. Our minds are also addicted to untruth! We are self-contained. It is our soul-based feelings that we are to allow to surface and guide us. Our minds are to then help us implement what our feelings are leading us to do and understand. All truth flows from our soul and it is our minds that are to allow such truths to be accepted and followed, not the way we are now being taught. We are to live Feelings First.

**Spirit Body**  
**Personal Computer (mind)**

**Physical Body**

**Dumb Terminal (brain)**

**ASPECTS of LIFE:**

The spirit body is composed of a different kind of matter, "finer" or more "ethereal". The fact that its aspect reflects the condition of soul is a clear indication that the soul influences largely its formation, and even more, the soul is indeed the creator of this body, which covers it and provides it with the characteristic of individuality. The formation of the spirit body begins at the moment of incarnation of the soul in the foetus, incarnation which only takes place should there exist a high probability that the spirit of life has found in the new organism a stable biological structure, allowing it to carry out its life-giving function.

P529 Judas of Kerioth 8<sup>th</sup> May 2002

**At the moment of conception we achieve individualisation and become self aware, we are then able to exercise our free will. At the moment of conception, our soul, being our real self, is creating the newly forming embryo and everything else every step of the way as Judas says above. And our soul utilises our parents' life forces to achieve incarnation.**

**Incarnation is about 16 days after conception when the embryo commences to pump blood.**

**At the moment of conception, there is nothing of the Divine within us. Only as we proceed to ask for and receive Divine Love does our soul slowly and progressively change into the nature of that which is Divine. As our soul receives Divine Love, and embraces Feeling Healing, it will grow, and grow, and grow in brilliance and into that which is Divine.**

**Feelings first**

## HIERARCHY of HEALING SYSTEMS

**ALLOPATHIC** – Western Medicine treats the symptoms, is highly regulated and costly as it is cost driven. Symptoms are suppressed – no healing!

**ENERGY HEALING** – Eastern Therapies also treat the symptoms with the assistance from natural love spirits from the realms up to the 6<sup>th</sup> spirit Mansion World.

Therapy applied to the spirit body is through an energy therapist who may work on the chakras, whereas a chiropractor works on the physical body. Such types of therapy deal with the effects and ignore the soul and the causes – temporary healing.

**FEELING HEALING – EMOTIONAL EXPRESSION** addresses the cause. Soul level clearing and growth provides permanent solutions whereas the other two systems provide temporary relief.

If we focus on our childhood suppression, that is the commencement on our pathway home to our Heavenly Parents. Improving our soul condition is the ultimate goal.

LET'S TALK  
IT OUT

The mind is to be of service!  
The mind is designed to Follow,  
to be of service to the truth,  
of service to the heart, and  
your Feelings!

# TALK IT OUT

We are to express our feelings, both good and bad, and nothing is sacrosanct or to be withheld.

All that's wrong and untrue within us has to be expressed out of us, each of us, it all has to come to light for us to see the truth of. We have to know the truth of ourselves and the truth of our family relationships.

Everything needs to be expressed, to come out into the open.

What enters emotionally has to be expressed emotionally – it has to come out emotionally – leave us emotionally!

However, we are not to act upon what we are feeling emotionally! We are not to act it out! But, we are to go on and long to know the truth of what is behind our feelings, why we are having these feelings and experiences.

Long to the Mother and Father for Their Divine Love, and ask Them to help you see the truth through your feelings – that which They want you to know. Long and ask; long and pray. Pray to see, know and BE the truth, the truth of you – of all of it!

**When educators do not know  
what it is that they are teaching  
- that is the subject of Medicine!**

**Doctors do not know what the  
cause is of any illness - that is  
maybe why they have identified  
more than 10,000 illnesses and diseases!**

**Education and Health systems  
are now to EVOLVE!**

**The elephant in the room being:  
CHILDHOOD SUPPRESSION**

**The pathway forward is to embrace:  
FEELING-HEALING**

# STAGES of MATTER:

Matter becomes finer and finer and more incredible within each phase:

**LUMINOSITY of the SOUL can be LIKENED to the FOLLOWING:**

## **CLEANSING the SOUL:**

Years and years of personal endeavours to step away or above harmful habits and personality traits that are harmful to others and one's self have been mainly futile. We all want to grow in our love for ourself and of others.

Our beautiful loving personality that we are blessed with at conception / incarnation becomes encrusted with errors and personality issues of those around us, particularly during our early childhood. The personality of those living around us, during our early years, becomes encrusted over our pristine soul thus clouding our radiance into dullness. We become mind controlled!

Our Heavenly Parents want what is actually best for each of us and there is a source of light that's willing to give it to each of us, but only at our soul and spirit's quest for union with the divine. Not our ego's need for things.

It is only with our Feeling Healing and the infusion of the Love, that the Mother and Father conveys via the Holy Spirit, do we start to dissolve negative issues, habits and personality errors from our soul and personality. Our personality is part of our soul structure.

All we need do is ASK for this Love. An earnest longing and desire for the Mother and Father's Love will never be withheld, it will shower over our spirit body, the template of our physical body, and be absorbed into our soul. As the Love permeates through our soul, errors of personality will slowly but surely dissolve.

Over time, as we progress along our path of asking for and receiving this love, the natural love which we were blessed with prior to conception will be progressively transformed into Love that is Divine. This Divine Love will slowly emerge as radiance through our being.

With Feeling Healing and this Love we find harmful habits and personality traits become a distant memory. With this Love, we find ourselves unable to harm others or ourselves. With this Love we find our quality of life blossom and joy starts to emerge in all aspects of our living.

With this Love we become immortal. With this Love we become fitted for the Heavens that the Mother and Father have prepared for us all. Just ask and faith, love, and happiness will follow. Yes, just ask!

# **“All dis-ease is mind generated, and all healing is generated by the love energy of one’s soul.”**

The Ego (mind based) manifests illness; the lower one’s level of consciousness (soul condition) then the more prevalent will be illness. Below the levels of 200, the ego and fear of the mind dominate; however, as you raise your level of consciousness by growing in love and achieve a level of 500 or higher, you begin to transcend ego dominance. At the level of 600, all healing is possible.

To liberate one’s real self, one’s will, driven by one’s soul, moves one to embrace Feeling Healing so as to clear emotional injuries and errors. With the Divine Love, then one is also Soul Healing. We are to feel our feelings, identify what they are, accept and fully acknowledge that we’re feeling them, express them fully, all whilst longing for the truth they are to show us. It is Feeling Healing with Divine Love that one progresses through the spirit healing Mansion Worlds 3, 5 and 7 and enters the first of the Celestial Heavens.

## MEDICAL PROCEDURES and RESEARCH

### Sometimes You Can Find a Needle in a Hay Stack!

While traditional allopathy medical research focuses only upon the physical body to resolve illness events and health issues, they continue to be like blindfolded mechanics endeavouring to repair motor vehicles.

The physical body is animated by the spirit body, and in turn the spirit body is animated by our soul. The spirit body is of much finer substance than the physical body, and the soul is of an even finer substance, hence research technology in the physical world cannot comprehend these bodies.

Our soul and spirit body is the home of our emotional injuries and errors. These emotional issues create fissures and damage within our spirit body. Subsequently the injuries within our spirit body generate illness within our physical body, corresponding to the location in the spirit body.

Illness is generated by our mind, however, healing is generated by our soul. Releasing the emotional injuries eventually heals the physical.

**Would you consider allowing a blind mechanic work on your car, particularly when it is locked up? He cannot even see the car, let alone access the engine!**

**The health industry stubbornly resists recognising the subtle bodies that we all have.**

**The foundation of our illnesses originates from within our subtle bodies, that is, from within our mind which is spirit body based, and subsequently then via our spirit body.**

**It is only when we understand the cause of an illness is when we can deal with it, effectively, and permanently.**

# Healing is by Going Through Doors!

We open up to our feelings by embracing a feeling and longing for the truth that feeling is to show us. This may lead us down to many more feelings through copious doors and stairways, leading us back through our life into our Childhood Suppression of our early forming years commencing at conception. This is a long journey of discovery and acceptance of just how we have been misled and now we are to express all that comes to surface and in so doing we are healing ourselves. Feeling Healing commences with the first doorway.

**EMOTIONAL ERRORS are of the MIND**

# Layer upon Layer upon Layer

Emotional injuries and errors of belief are what we are to express and talk out with companions. The amazing thing is that we are now being guided and assisted in our emotional healing which affects every aspect of our living, our life, our being, our physical health and our relationships. Never has it been understood just how retarded and suppressed we each are by living through our minds and ignoring our feelings as we have been led to live our lives by not only our parents, but by all who we interact with – as they have all been misled like each of us.

As we open ourselves up to express a feeling, any feeling, good or bad – they are all to be expressed. Whatever comes to surface will be over laying an older feeling, so we are to then express the slightly deeper feeling / emotion / belief / error / memory. Long to know the truth of our feelings.

We are to find how every aspect of our environment is imposing itself upon us. Government, through its federal, state and local administration, is all controlling and inhibiting of our self-expression. Then we find that our employment is all controlling as it is our life-line to physical survival – our fears and hoarding are all consuming. Our education has been founded upon layers and layers of assumptions which we now find to be extra-ordinarily flawed in what becomes abundantly clear through our truth based feelings which are always in truth. With 3,400 major religions, we now can recognise that they are all agents for our control.

And then as we work our way down through the layers upon layers, back through our adult life and into our teenage years, we begin to find and then anticipate that it is our Childhood Suppression that we experienced under the oversight of our parents and those close within our family, being our siblings, grandparents, etc., that is at the core of our Healing.

Thus, as we work through each and every feeling that arises, we will be working back through our life years to the core of each emotional injury and error of belief which we generally have taken on throughout our childhood forming years, from the moment of conception to the age of six years. It is during our sixth year that our Indwelling Spirit arrives and we become a little more self-aware and assertive of our personality.

Yes, we will work our way back through our dramas all the way back to the moment of our conception. We will become totally aware of just how much we are screwed over and then accepting of being in such a way. However, then being healed is yet another incredible life for us each to experience.

## SPIRITUAL HEALING CONDITIONS:

Only when the healer is at one with God (8<sup>th</sup> sphere soul condition) can he, directly with God, heal a person, who has faith.

Practical ultimate conditions for healing:  
Healer on earth is engaged in Feeling Healing and seeking and receiving Divine Love and is in a 2<sup>nd</sup> sphere soul condition.

Person seeking healing is also seeking and receiving Divine Love, if only to a limited degree.

Healer will be sent Divine Love angels from the Celestial Realms (8<sup>th</sup> sphere and higher) and they will act as conduit for our Mother and Father. All parties involved have faith and desire to connect with our Heavenly Parents. Healing will be rapid and permanent.

Healer who is above 1<sup>st</sup> sphere soul condition can and does attract natural love spirits from 4<sup>th</sup> and 6<sup>th</sup> sphere to assist with relieving illness.

If healer is asking for and receiving Divine Love then he will attract assistance from 5<sup>th</sup> and 7<sup>th</sup> sphere spirits to assist with healing, bringing relief for the patient.

Should the patient have faith in the process and is endeavouring to grow in love then healings are possible.

Healer, in this condition, is able to break through the cloud of negative emotion enveloping Earth.

Healer in 1<sup>st</sup> sphere soul condition cannot develop rapport and assistance from spirits who are above 1<sup>st</sup> sphere. He attracts 1<sup>st</sup> sphere spirits who masquerade as healing spirits. No healing.

NO PROBLEM CAN BE SOLVED  
FROM THE SAME LEVEL OF  
CONSCIOUSNESS THAT CREATED  
IT.

-ALBERT EINSTEIN

# Purpose of Life

Purpose of our life is to:

Achieve individualisation. This is truly the moment of our sentient experience beginning. This occurs at the moment of incarnation which is when our newly forming foetus begins to pump blood, usually day 16 after conception. From that moment we are beginning to experience life.

We have a life purpose. We are each a unique personality with individual propensities to experience. Should our physical life be cut short then we will go on and have the experiences that we need in the 1<sup>st</sup> spirit Mansion World. If we miscarry or are aborted then we will become spirit born, be adopted to spirit parents and have a similar life to that should we have gone on and lived on Earth.

Presently we are each subjected to Childhood Suppression which we continue on throughout our lives suppressing our feelings and our true personality. This is providing us with unique life experiences as this does not typically occur with any other humanities throughout the universes. Our physical life on Earth is mostly very difficult, however this will provide each of us with unique capabilities to aid newly emerging humanities on worlds further out into space. Yes, we have an enormous journey to enjoy.

Our time of death is predetermined. We often do crazy things – but our life span is predetermined.

What we experience is also predetermined. A few are to be wealthy and become burdened with responsibility. Many are to be poor and enjoy the freedom without trappings of assets and obligations.

Most will have families while on Earth. No matter who we are, we will each parent at least three children before we can enter the first of the Celestial Heavens. We are to experience parenting, even though that may be when we are in the spirit Mansion Worlds.

We are to live FEELINGS FIRST! We are to express our feelings, both good and bad, to a companion. We are to long / ask for the truth of what our feelings are drawing to our attention. What enters emotionally needs to be expressed emotionally. Should we long for our Heavenly Mother and Father's Love, then we are also SOUL HEALING. Our mind is to follow supporting what our feelings are leading us to embrace – this is the opposite as to how we have been brought up to live.

As we complete our FEELING HEALING, then and only then can we connect with our Soul Partner who is always of the opposite sex. Our soul is a duplex that manifests two personalities. And we can grow to interact with our Nature Spirits and Spirit Guides!

**Consider this: the small black dot is a typical soul, the incredibly bright sphere is the soul of a celestial spirit, that is, a spirit who is now residing within the Celestial Heavens at the 8<sup>th</sup> level or higher.**

## **FEELING HEALING and SOUL HEALING with the DIVINE LOVE:**

**James Moncrief Publications:**

**all publications are free downloads:**

<http://divinelovesp.weebly.com/my-free-books-and-free-padgett-messages.html>

It is suggested for one to consider reading as follows:

### **Speaking with Mary Magdalene and Jesus – books 1 – 4**

These four books encapsulate the second of the revelations with the first having been introduced by James Padgett one hundred years previously. These four books provide a wide range of guidance that has never previously been made available.

### **Soul Light – books 1 and 2**

A Melchizedek, Zelmar, sums up how we are to heal ourselves and ascend to Paradise.

### **Paul – City of Light**

As a gentle intro into the Divine Love and Healing; being James Moncrief's first novel.

### **Ann and Terry**

An example for people who might want to immediately start working on themselves and doing their Healing.

### **Feeling Bad? Bad Feelings are GOOD**

For more understanding about our denial of our feelings and why we should not deny our feelings, and it includes how it all came about for James, using himself as an example.

### **Feeling bad will make you feel BETTER – Eventually!**

This includes specific examples of Marion and James working on expressing particular bad feelings, again with the hope that it will help others gain something of an idea as to what's involved in doing your Feeling Healing.

### **Sage – and the Healing Angels of Light**

Through Sage who's 13 years old, the story is primarily about the two aspects of healing; that being, with the help of our angels, and the full Healing we can do by looking to our feelings for their truth.

**Religion of Feelings  
Feeling Healing**

**Welcome to LOVE – the Religion of Feelings  
you can heal yourself through your feelings**

So these books, including the four Speaking with Mary Magdalene and Jesus books, provide the essence of it all and are examples of James' work. Then it's up to whatever takes one's fancy. Other reading to consider may include:

**The Padgett Messages being published as:**

**The True Gospel Revealed Anew by Jesus volumes 1 – 4**

**Book of Truths by Joseph Babinsky**

**The Urantia Book**

**Release one's pain through expressing one's feelings.**

**in conjunction with**

**Longing for the Truth when also longing for Divine Love.**

## **FEELING HEALING with DIVINE LOVE is SOUL HEALING:**

*A collection of 'papers' that draw together specific topics including all of the above and more from other sources of information and revelation designed to help increase one's awareness about why we have the problems we do and how to heal them, all whilst living a more healthy and sustainable life. They provide a brief snapshot of the more complicated topics and issues.*

**Firstly, consider discovering the truth of your emotional pain through Feeling Healing.  
Secondly, consider longing for our Heavenly Parents' Love as you progress with your healing.  
Primary and most important readings are the writings of James Moncrief.  
Then consider the Padgett Messages, and then The Urantia Book.**

**This is the Great U-Turn. We are to feel and live by our feelings and express our feelings, our mind will follow in support, not the other way around.**

**Feelings First**, you can be sure about that! **Once women get that message and start living it, then the tide will really change**, with men either deciding to support them by looking to their own feelings or being left on the outer wondering what the fuss is all about.

**By living true to ourselves, true to our feelings, we are living true to God. It's that simple.**
